**BALTIMORE EVENS SERIES**

BALTIMORE (AP)—The Baltimore Orioles came back Thursday behind the stellar pitching of big George Earnshaw and drew up on even terms with the Louisville Colonels by winning, 5 to 3, the sixth game of the annual series for the championship of the Class AA circuit.

The teams are now deadlocked with three victories apiece.

While Earnshaw held the American association champs to five scattered hits the international fielded brilliantly behind him and hit Holly, Louisville box star, hard and often.

No game is scheduled Friday. The series will be renewed here Saturday and will continue until one team has gained five contests.

BLOOMSBURG, Pa. (AP)—The Detroit Tigers took the second straight game from the New York Yankees by a score of 7 to 4, on the fair grounds here Thursday. The final contest of the series will be played Friday.

**Rockne at Half, Says It With Sugar, Not Lecture**

SOUTH BEND (AP)—At least one of the myriad of legends, some true, some ridiculous, to which the football coaching tactics of Knute Rockne, Notre Dame athletic director, have given rise finds sound basis in modern dietetics.

One of football's ever-recurrent mysteries to spectators of what really transpires in dressing rooms between halves of any game, but especially at the inter-actonal combats which for several years have been the weekly task of Notre Dame gridiron squads.

The canny individuals who, after a first half not so brilliant as is the team's wont, accompany with a knowing wink their convincing conjectures of "the bet Rockne is laying the lark on these guys" would be somewhat surprised. They would see the Notre Dame mentor (flung in and out among the benches of the dressing room, bestowing a paternal pat on the back here and a friendly suggestion there, but invariably handling his porcupine attitudes, whether they be illustrious "Horsemen" or the wisest tyros, a couple of lumps of sugar.

The method of company commanders in reviving tired troops after long marches by judicious use of sugar, milk chocolate, and concentrated carbohydrates have been transplanted by the intrepid Rockne to the football dressing room. The results are equally effective. Strict, sensible conditioning of

good material, expert field generalship, instantly formed interference behind perfectly timed plays, constant maintenance of a real triple threat, and, not the least important, two lumps of sugar between halves—seem to be the components of the Rockne mystic potion for gridiron pre-eminence.

**LONDON ACTORS HAVE A NEW SCHOOL**

LONDON (AP)—The University of London will have a new sort of drama and theater school in the theatrical productions of which such actors and producers as Granville Barker, Nigel Playfair, Keith Cope and Basil Dean will play a prominent part.

An old gymnasium at East London College has been converted into a theater seating 400 persons and will be utilized for producing 18th century dramas which are little known. No appeal will be made to undergraduate students. All lectures and plays will be prepared with the thought of interesting actors and dramatists.
