Judge Kanzler spoke at the annual convention of the Grande Ronde Christian Endeavor union Sunday evening at the Christian Endeavor club in Wallawa. The program was carried out in the convention corresponded admirably, he said, with the program used by Dr. Francis E. Clark, founder of the Christian Endeavor.

T. B. SEAL SALE IS DISCUSSED

Preparation for the launching of Christmas health seal sales in Umatilla and Union counties was made at the institute conducted in the neighborhood club rooms in the library building Saturday by workers under the direction of Dwight Anderson of the National Tuberculosis association; Mrs. Sadie Orr Dunbar and Rowen Wheaton, of the state association.

"Growing Healthier" was the topic of the morning session, with Mr. Anderson speaking on "National Health Dividends from Your Pennies and Minc," and Mrs. Dunbar following him with a talk on results in Oregon.

After a round-table discussion of progress and budget, the delegation had luncheon at the Tiffin. Mrs. Dunbar, who is executive secretary of the state association, explained the technique of selling seals when the institute reconvened in the afternoon. Rowen Wheaton, field secretary, talked on the technique of publicity. The national body offers 1,250,000,000 seals for sale throughout the United States this year, the delegates were informed.

Parents To Blame For Delinquency, Says Judge

"Ninety-five per cent of all juvenile delinquency in United States may be traced to parental fault," declared Judge Jacob Kanzler, of the court of domestic relations in Portland, when he addressed a large union meeting of church-goers last evening in the First M. E. auditorium.

PARADE WILL BE HERALD SHOW

Final preparations for the annual B. P. O. E. fun show, The Days of '49, are being made today and members of the committee in charge promise that all will be in readiness for the opening evening by Wednesday.

The evening's entertainment will be ushered in by a parade, featuring the La Grande municipal band, the American Legion drum and bugle corps and a band of "thirty-fourty-sixers" who will be armed with six-guns that will bark intermittently—as rapidly as the cylinders can be reloaded. The line of march will be from the Elks temple, down Adams avenue, thence to Zuber hall where the show is to be held.

"We expect the most successful and the most entertaining show in the 12 years of the Days of '49 have been held," a member of the committee stated today. "Every detail has been taken care of—from music to floor managers and from prize wheels to 21 dealers—and there exists every indication that crowds who attend during the four nights of the show will be better pleased than ever."

Presbyterian Board Of Deacons Complete

Three deacons, Mrs. W. P. Mohr, Dr. Margaret Ingie and Mrs. Geo. Baker, were ordained by the Rev. W. C. Itosa, pastor, at the morning service in the Presbyterian church Sunday. The three new members complete the board of deacons of the La Grande parish.

BIGGER POTATO YIELD FORECAST

Hay, Barley and Oats Bring More Returns to State Farmers Than in Past Season.

PORTLAND, Ore.—A very good fall for harvesting, but not much opportunity for fall seeding is late, says F. L. Kent, statistician of U. S. department of agriculture. Records of the Portland weather bureau show that the September rainfall at that point was only three-fourths of normal, and the absence of October rainfall, makes the total precipitation from September 1 to date, but little more than half of normal. The September rainfall was very "spotted" and in some parts of Western Oregon the soil was in poor condition for plowing at the end of September. Some little seeding has been done in the western part of the state but mostly "dashed" in on the stubble fields, and confined for the most part to alfalfa and clover.

TRIO LANDS IN COUNTY JAIL

Alleged theft of three motorcycles, three overcoats, several hats and a flashlight from cars parked by attendants at the Apple Jack Gulch celebration at Imbler, Saturday night, resistance of the Imbler marshal who attempted to arrest them and violence committed on a party of motorists whom they held up on the way to La Grande later in the evening are among the charges against Martin Beckwith, Richard Wallace and T. W. Robinson, who are waiting in the county jail for a hearing to be arranged. The trio began its wild career in a somewhat intoxicated condition, it is reported by officers who arrested them. After escaping from the marshal at Imbler, they started for La Grande and on the road signalled a party of passing motorists to halt. They did, and were immediately assaulted with stones and rocks. Hastening into town, the victims reported to the police, who found and tackled up the peacebreakers.

PARENTS AND TEACHERS FORM CENTRAL COUNCIL

Committees from the four Parent-Teachers' associations of La Grande met Friday evening in the Neighborhood club rooms to organize a central council of the organizations. The purpose of the council will be to act as an executive board and outline the work to be carried on by the associations so that they might work more harmoniously. The council consists of the presidents of each association, the principal of each school and one other member of each organization; also the city and county school superintendents and a member of the juvenile court. Mrs. Carl Helm, district vice-president of the State Parent-Teachers' association, presided over the meeting. Mrs. G. E. Lyman was elected president and Mrs. C. B. Johnson, secretary. Talks were given by several expressing the need of an organization of this nature here. J. T. Longfellow, city school superintendent, and E. A. Sayre, county school superintendent, were present.

Teachers Invite Dads And Mothers to Affair

Teachers of the La Grande high school will keep open house at the high school building Friday evening, beginning at 7:30 o'clock, and are inviting the parents of all the students to call and become acquainted. There will be a short program in the auditorium, after which the parents are privileged to meet the teachers in their classrooms. The visitors are urged by the hosts and hostesses to extend the visits beyond the rooms in which their own children receive instruction. Miss Eleanor Vernon is in general charge of arrangements.

Local Man's Pointer Is Victorious

Commanee Proctor Doone, Owned by J. J. Carr, First in All Age Class in Dog Trials.

Enthusiasm developed by La Grande's initial dog field trials, conducted yesterday from the Gekeler lane, will probably culminate in the organization of a first-rate field trial club, according to local dog fanciers who claim the experiment was a revelation in the line of sports. The four silver loving cups offered by sportsmen for the winners of the four events were awarded as follows: Pup race Hanson; shooting dog event, John Alfred Jerry; Jim Morelock's all-age class, J. J. Carr. Carr's Commanee Proctor Doone, 26-month-old bird dog, brought over from Boise where he has been in training for a year and a half, gave a real exhibition at the hands of Marc Ware of Twin Falls, Ida. Charles Runyan acted as judge for this event. Ware deciding in the three preceding it, M. W. Kiddie's pointer, named Mink, and A. V. Andrew's Rex, a setter, ran competition to the Carr pointer. The Carr dog was returned this morning to Boise where he will be entered in the national championship contest in China pheasant hunting October 25.

The prettiest run of the day was made by Hanson's pointer, Pat O'Hagan, against Ed Ford's Joe, also a pointer, in the pup class. The Hanson dog took first; Ford's dog, handled by Charles Runyan, took second while third prize went to Ray Buell's pointer, Dinty Moore.

In the shooting dog class, the three prizes went to four setters, but being divided between Oscar Porch's Selmon and Jackie Jacobson's King Tut. A. V. Andrews ran his Rex for second prize.

Jim Morelock's Tramp, winner of the derby, ran against King's setter, owned by Mink of Baker, and Jay belonging to O. Smith. All three dogs were setters.

The trials began at 7:30 a. m. and lasted until 6 o'clock in the evening. The crowd was small but responsive to the efforts of the runners. Birds were found very scarce and wild. Hunters who invade the fields with guns before the season opens make poor sport for those who wait for legitimate enjoyment, some of the sportsmen commented.

TIGERS SCORE 35-0 VICTORY

A fighting La Grande eleven, unskilled technically, but making up this lack by pure undaunted combativeness, downed Wallawa at Wallawa Saturday afternoon, 35 to 0. Thus was revenge taken for Wallawa's win over the Tigers last year, upon which the branch line team laid claim to the Eastern Oregon championship. McKennon, backfield man, was probably the star of the day. Certainly he was the ground gainer, reeling off two 45-yard runs for touchdowns, although one was not allowed because Cullen was off-side. Johnson, weighty Wallawa fullback, was easily the home team's best man. In the line it is hard to pick out a star. As a whole, the forwards worked well although not changing as aggressively as later season games may expect. The contest revealed many faults.

AUTOS COLLIDE NEAR IMBLER; NO ONE INJURED

UNION, Ore. (Special).—Mark Crossland, while driving along the highway near Imbler Saturday evening, met with an accident that demolished the top of his coupe and otherwise jammed and battered up the car. Another car, driven by a man whom Crossland believes lives at Elgin, was on the wrong side of the highway and crashed into him, sending both cars into the ditch and badly wrecking them, it is said. Fortunately, neither man was injured.

The coupe had the top entirely torn off, the windshield broken into small pieces, the running board and fender mashed, and the doors battered until they will not shut, while the other car was so badly wrecked that it was still lying in the ditch the following day.

Judge C. H. McCulloch, of Baker, will preside over circuit court this week until Judge J. W. Knowles returns from Portland. Judge George Tarwell, of Portland, was called home on business the latter end of last week. Judge Knowles is trying the case involving a contest of the will of the late Judge Bell of Portland. Testimony is dragging over a longer period of time than was anticipated, and the judge does not expect to get away before Wednesday or Thursday. The case of the United States National bank against E. E. Miller is set for Tuesday.

War Brides Fail?

OAKLAND, Cal. (NEA Special).—What is happening to the French war brides in America? Stories tell of the retreat of the war brides, back to France, but—

Let Mrs. Marguerite Godard tell you. Mrs. Godard, herself married in Paris to an American doughboy, resents the tales of unhappy Franco-American marriages. "When the two are really fitted for one another, I believe the French and American combination makes for the happiest of all marriages," declares the pretty girl. "Where the marriages have proved poor ventures, it was nearly always a case of the couple being on different planes in their private life. If the American boy was wealthy and intellectual and the French girl was poor and uneducated or visa versa, their married life naturally has not been successful. But that is not because of the difference in nationalities."

GERMANS GIVE IN TO ALLIES

LOCARNE, Switzerland (By the Associated Press).—An agreement was practically reached today on the condition of Germany's entrance into the league of nations and delegates to the security conference now hopefully predict the success of the conference.

The allies have perfected the solution of the German league membership situation which Chancellor Luther and Foreign Minister Stresemann hope will satisfy the German public opinion and at the same time safeguard friendly relations of the reich with Russia.

Luther and Stresemann insisted on more than the allies were willing to accord on the league issue but were told flatly by all that it was a case of accepting what was offered or adjournment of the conference.

German leaders held a whispered consultation and then announced their admission to the allies' ideas.

Madden Scores Army, Navy as Squanderers

WASHINGTON (By the Associated Press).—The army and navy were charged today by Chairman Madden of the house appropriations committee with squandering millions of dollars in a "purposeless, meaningless and endless experimental orgy" in technical aircraft development.

Before the president's air board, Madden submitted a plan for developing army and navy aviation at a cost of \$7,500,000 which would provide that the plane construction be turned over to private interests.

G.O.P. Faces Battle Of Size to Control Senate

(By Charles P. Stewart) WASHINGTON (NEA Special).—Young Bob La Follette's big majority in Wisconsin—it was a foregone conclusion he would win but not necessarily by such a wide margin—is taken by many astute politicians as an indication that the G. O. P. will have a real fight on its hands to obtain effective control of the next senate. The La Follette victory doesn't change the situation at the moment, but those political sharks whose main occupation is "keeping their ears to the ground" believe it suggests some other things to come. When the senate adjourns earlier this year the line-up was: Republicans whom their party recognized as such though several of them were too independent to be relied upon much; 51 Republicans by election but read out of the party for insubordination; 4 Democrats, 40. Farmer-Labor, already the independents in the Republican ranks enable the Democrats and insurgents to override G. O. P. control on important measures, but the fight is show that if the Republicans should lose only four seats, their total strength would be cut down to 47—not a majority. To begin with, the La Follette progressives having proved their ability to roll up 35,000 majority for young Bob, it's hard to follow they won't beat Senator La Follette in 1926 and put an insurgent—presumably the present Wisconsin governor, John J. Blaine—on the job. It will also surprise the politicians—administration politicians won't admit it but they'll be surprised nevertheless—that at the same election, Arizona, Maryland, Kentucky and Oklahoma don't choose Democrats in place of the four Republicans who wear their togas now. That foats up five prospective lost administration seats, which would cut its showing down to 46 instead of 47 if it weren't for the bare possibility that the regulars may manage to substitute one of their own kind for the late incumbent Senator Ladd of North Dakota. This isn't likely, but it's possible.
