Shower Compliments Bride-Elect

Miss Dorothy Caldwell, bride-elect, was the inspiration for a lovely shower Monday evening at the home of Mrs. Jack Hiatt. The rooms were cleverly decorated suggestive of Halloween. Many amusing games were played for which prizes were awarded and presented to Miss Caldwell. Those winning first prizes were: Miss Lucile Black, Miss Erna Lyman and Miss Winona Lyman. The consolation prize was awarded to Mrs. Lester Bramwell.

At the close of the games the honor guest was presented with a large basket of gifts. After the presentation the guests enjoyed finding their fortunes in a witch's pot.

Halloween colors were also used in the dainty tea course luncheon served at the close of the evening. The hostesses were Mrs. J. J. Pearson, Mrs. H. M. Larsen and Mrs. Jack Hiatt.

Mrs. Barrie Entertains Society

The Westminster society met last evening at the home of Mrs. R. C. Barrie. After a short business session Mrs. George Richardson led in the devotional. Mrs. L. I. Bussey and Mrs. A. S. Duryea had charge of the lesson for the evening. The society is now studying "Comparison of Various Religions." Radio music was a feature of the evening. Refreshments were served at the close of the evening. About thirty were present.

The next meeting will be held Friday, October 26, at the home of Mrs. Lowell Williamson.

Juliet Club Enjoys Evening

Miss Florence Nelson entertained the members of the Juliet club last evening with a Halloween party at her home on N avenue. The rooms were attractively decorated in orange and black and the idea of Halloween was also carried out in the games played. About twenty girls were present. Before adjournment refreshments were served.

Miss Bertha Nelson, who is training to be a nurse at the St. Eliza hospital at Baker, was present for the party.

Sister Mary Says:

(By Sister Mary)
Breakfast—Oranges, cereal, thin cream, creamed potatoes, braided ham, crisp graham toast, milk, coffee.

Luncheon—Cream of potato soup, cronions, open egg and lettuce sandwiches, grape sponge, milk, tea.
Dinner—Broiled salmon steaks, parsley butter, scalloped potatoes, lima beans in cream, celery-jellied apples with whipped cream, rice bread, milk, coffee.

One or two tablespoons grated cheese added to potato soup after serving increases its food value and improves the flavor. The hot soup melts the cheese just enough to make it easily digested and blend perfectly with the liquid.

Grape sponge is a dessert worth keeping in mind for winter use when bottled grape juice must take the place of fresh.

Grape sponge.
One tablespoon granulated gelatin, 4 tablespoons cold water, 5 cup sugar, 1 lemon, 1 cup grape juice, white 2 eggs, few grains salt.

Cover gelatin with cold water and let stand 10 minutes. Place over hot water and dissolve. Bring grape juice to the boiling point with sugar, stirring to dissolve

sugar. Add lemon juice and dissolved gelatin. Stir well and let stand until the mixture begins to thicken. Beat whites of eggs until stiff and fold into jelly mixture. Then beat until stiff enough to hold its shape. Chill and serve with boiled custard made with the yolks of 2 eggs.

COOS EDITOR INDICTED
MARRIAGE, Ore.—Out of the grip of 26 indictments returned by the Coos county grand jury, that of Frank B. Cameron, editor of the Sunday Morning Bee, was the outstanding feature. Cameron was charged with criminal libel by C. C. Williams of Coquille, state traffic officer. Cameron was taken into custody by Sheriff Crago and placed in jail until he could arrange a bond of \$1000.

Frank Wilson and Ira Moten, married, were sentenced to a year in the penitentiary for conducting a still, as were Harry Linden and Emil Klingberg. Several others were to be sentenced for manufacturing liquor.

Other indictments were for selling liquor, check passing and various other offenses.

FAIR BODY REORGANIZED

GRESHAM, Ore.—T. J. Krueger of Portland was elected president of the Multnomah County Fair association at the regular meeting of the directors. Mr. Krueger succeeds A. W. Metzger of Gresham, who had held the office for two terms and declined to become a candidate for another year.

Mr. Metzger was appointed secretary to succeed H. J. Pulfer. H. A. Lewis was re-elected vice-president and Theo Brueger treasurer. The former is a resident of Portland and the latter lives in Gresham.

T. R. Howitt, Charles Cleveland, Mr. Metzger, Mr. Lewis, M. M. Squire and J. V. Cogswell were appointed on the executive board. Officers of the association will meet with a committee representing

granges of the county to discuss plans for the 1926 fair.

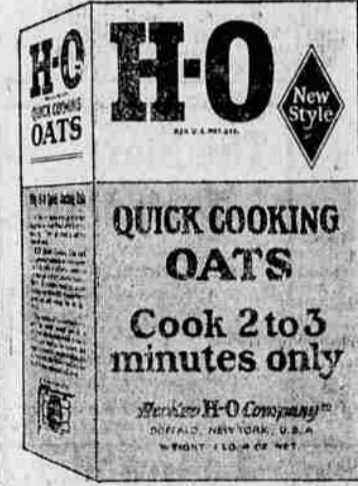

Death Rate Among Infants Aims Japanese Government

TOKYO (AP).—The death rate of infants in Japan is on the increase, principally because of the deficiency of relief and sanitary measures. Official statistics disclose that more than 1,500,000 babies die in the empire every year. In the light of these facts the home ministry has decided on the establishment of sanitary stations in every city throughout the country in which the population is more than 50,000. It is expected that more than 2,000,000 yen will be expended in this work. Physicians and nurses will be on duty at each of these stations.

A Beauty of the Press

The press, which has made many a beauty famous, now has a beauty all its own. Miss Fawcett Singleton, employed on the Provo Evening Herald, is one of the most beautiful girls in Utah, recently having been selected queen of the Utah county fair.

Concentration

For sixteen years Easy Washer engineers have concentrated on the correct application of electrical energy to the operation of the vacuum cup principle of clothes washing. The "EASY" Vacuum Electric Washer was a success from the start. It has never been found necessary to adopt a new washing principle.

Today the "EASY", with its many points of mechanical superiority and numerous conveniences, has well nigh approached a point of perfection. Witness the straight line lever action—minimizing friction. Inspect the machine cut helical gears or the ground bearings if you are interested in such matters, or assure yourself that these important points have been well taken care of by talking with your neighbor who owns an "EASY."

The undivided attention of our experts has been constantly centered upon the perfection of this mechanism and this washing principle—always fundamentally correct. The splendid facilities of our completely equipped experimental laboratory have been used for this one objective—the perfection of details—the refinement of the "EASY" Vacuum Electric Washer. Those who buy an "EASY" profit by this concentration. They own a time-tried, a simplified, a permanent possession, a washer of stability, of quiet, co-ordinated performance.

There is no disputing the fact that an electric washing machine is the only right way—the best way—to wash clothes. Now there can be no question but that the "EASY's" advanced and outstanding mechanical simplicity, developed correctness of design and long-lived wearing parts justify its position of first place in what has earned with the housewives of America.
