SAFETY FROM ALL EVIL:—The Lord shall preserve thee from all evil; he shall preserve thy soul.—Psalm 121:7.

The American flyers will quit the service against the Moroccan rebels. Probably the marksmanship of anti-aircraft gunners has reached too high a degree of perfection.

Special postoffice clerks are being rushed to Florida to assist in handling the accumulated mails. Which proves that the country still has a fair proportion of success and they are all directing their attention to Florida land.

It is said that the cost of a Hindu wedding, including the dowry of the bride, frequently ruins the family, the bride's parents often mortgaging all their possessions for the ceremony. In this country it need cost but little to get married. Staying married or paying for a divorce are the expensive items.

If all the automobile headlights in this neck of the woods have been given the adjustment required by Oregon's new law, we would estimate that about 50 per cent of the cars must have since suffered from contact with various obstacles to throw the lights out of line. The law requires that lights be kept in proper adjustment. Getting them all correct just once would be a big help.

The campaign for funds to preserve "Old Ironsides," in which the children of the schools are ardently cooperating, is most worthy. Young as this nation is there are few enough relics of a glorious past that can be preserved as an inspiration to future citizenship. And "Old Ironsides" needs the repairs. The officer now in charge says that the work will have to be done while the old boat is afloat because it cannot stand the pressure of resting on its keel in drydock.

One of the excellent recommendations of the irrigation committee headed by A. R. Hunter, as voiced at the Chamber of Commerce meeting this week, was for the demonstration of irrigation advantages to this valley with an 80-acre tract of land suitably situated for that purpose. Nothing would prove the possibilities of water quite so conclusively. After a soil and water survey has been made, such a demonstration will give the valley valuable information of a practical nature. And it's practical facts that we need.

THE CANADIAN ELECTION.

The people of Canada are about to decide at the polls whether the present government under Premier King and the Liberal party or a new one under Arthur Meighen and the conservative party shall direct the future of the Dominion. It is an election that is arousing much interest in the United States because of the tariff controversy involved and because of the tremendous post-war problem of population and development that Canada has been trying to solve.

Mr. King, in defending the present administration, favors a low tariff because the Dominion sells more to the United States than she buys, while his opponent favors a high tariff to match the schedule in this country and to develop "Canada for Canadians." Transportation, reform in the senate, and other matters are also being given consideration in the campaign, but, after all, the real trouble with Canada, as Canadians see it, is the flood of their citizens that is surging across the border into the states and the lack of proper immigration to develop the Dominion's agricultural interests.

Canadians are coming into this country because taxes are lower here, and they see some future to award their efforts. Immigrants of the most desirable type are not going into Canada to take up farm lands because the taxes are so high and great transportation distances make returns low. It seems, in the last analysis, that only one thing can be logically blamed for their difficulty—the war. And of course each party in the coming election thinks their efforts will remove existing obstacles of progress. Some of the old-timers are probably shaking their heads doubtfully; they know from experience that there is no cure-all for present conditions, that only time, loyalty, and hard work can really result in progress for the tax-laden Dominion.

OFFICE CAT

TRADE MARK REG.
By Junius

Our good sign is that mothers have quit naming their daughters after Pullman cars and gone back to Mary and Jane.

She—"But it's against my principle to neck!"
He—"Forget your principle, and show a little interest."

The girl on West Broadway is of the opinion that the man who lives in a home by the side of the road has a house full of dust.

"Say, you can't smoke in this building!"
"Who's smoking?"
"Well, you've got a cigar in your hand!"
"Yes, well, you've got your pants on, too, but you ain't panting."

Clocks are responsible for a great deal of matrimonial infidelity. What this country needs is a clock that will go.

We can remember when we used to say to the young men: "Don't go anywhere you wouldn't take your sister, except to the barber shop."

The human race would be a lot better off if folks with colds lost their sense of hearing instead of their sense of taste and smell.

There is no excuse for snoring when twelve clothes-pins can be bought for one cent.

HANDICAPPED

"Poor old Bill! He's so short, sighted, 'n' working 'round to death."

"Wot's 'is short-sight got to do with it?"

"Well, 'e can't see when the boss ain't looking, so 'e 'as to keep on shovelling all the time."

If your conduct's mean and grouchy.

If at times you kick and growl.

Ten to one you're over-eating.

Swap your beef for fish or fowl.

Now that we have Prohibition we won't ever be able to get out the full vote again.

Sign in restaurant: "Don't Expect the Waiters by Tipping Them."

The nations may discard their arms, but the diving beauties will never give up their legs.

In modern apartments the kitchen is now called the cannery.

OREGON THREE TIMES VICTOR

UNIVERSITY OF OREGON, Eugene, Ore. (Special)—In the most important football game of the northwest, University of Oregon will meet the University of California at Portland Saturday on Multnomah field. It will be the ninth meeting of the teams. Oregon has won three games, California four, one being a scoreless tie.

Dick Smith, head coach at Oregon, captained the 1899 Oregon team, the first one to play California. The Golden Bears scored 12 points while Oregon failed to cross the goal line.

The following year Oregon retaliated by holding the Bears to a 2 to 0 score. Lawrence Kaaraburg of California was coach and Dr. Fred J. Ziegler of Portland was captain of the Webfooters.

Dick Smith returned to Oregon from Columbia in 1904 as head coach. California won that year, 4 to 0. J. H. Tompston of Port-

Patterson

The Patterson, dirt farmer, who today announced his candidacy for the nomination for governor on the republican ticket at the primary election next spring.

He was the team captain.

C. Bruce Shortz of Michigan was coach at Oregon in 1905 which held California to a scoreless tie.

Jack Lintonette, Portland attorney, was captain and quarterback of the Lemon-Yellow team.

From 1905 until 1916 the teams did not play as California was playing Rugby then instead of the American game. In 1916 Oregon defeated California 29 to 14, and the following year Oregon won again, 21 to 6. Bezdock coached both teams.

Johnny Beckett, one of the greatest players ever developed here, captained the 1916 eleven and Ray Coach the 1917 team.

In 1918, the war year, Oregon was defeated, 9 to 6. Shy Huntington coached the team then as he did in 1921, when the Webfooters received their worst drubbing in years, 0 to 39.

Dave Wilson captained to 1918 team and Matt Howard the 1921 eleven. Scores of Oregon-California games:
1899—Oregon 0; California 12.
1900—Oregon 2; California 0.
1904—Oregon 0; California 4.
1905—Oregon 0; California 0.
1916—Oregon 29; California 14.
1917—Oregon 21; California 0.
1918—Oregon 9; California 6.
1921—Oregon 0; California 29.

RANCHER GETS BIG BEAR

HOOD RIVER, Ore.—Jack Boll, rancher on upper Mosier creek, brought to a local market the carcass of a 200-pound bear killed near his home. While sportmen pronounced the animal of the black species, its fur was considerably browner than is found ordinarily.

The bear was rolling fat and scores of families plan bear roasts for Sunday dinner.

The Start Isn't Hard

BUT KEEPING AT YOUR SAVINGS ACCOUNT IS WHAT COUNTS. . . . IS YOURS GROWING REGULARLY EVERY WEEK?

La Grande National Bank

Sound - Reliable - Progressive

What in the world are we going to do, anyway. We advertised that we would clean out our paint stock for the fall and the people of this valley have lifted up like an old slop bucket would clean up a pan of milk, and now they're after us all the time for more paint. We have had to place an order for 50 gallons more of white and our 1,000 gallons of bankrupt stock will be here in a few days. We will still sell the white paint in our regular stock for \$2.15 a gallon so that you can finish up your job that you started.

The roofing is going like the whirlwind.

That will be all today.
