**Building Goodwill In Merchandising**

"Do unto others as you would be done by"—the Golden Rule in our ethical life—must needs be carried into merchandising to make it successful.

The merchant, for his own use, wouldn't consider a poorly made garment. He wouldn't continue to patronize a store unless he had confidence in its integrity—bonafide values—merchandise above reproach.

"Doing as you would be done by" is the most solid foundation of goodwill.

Judgment was duly entered in favor of said plaintiff and against said defendant in the sum of \$78.27, with interest thereon at the rate of 6 per cent per annum from the 30th day of July, 1925, and the further sum of \$11.65 costs and disbursements, in which said execution and order of sale I am authorized to make a sale of the following described real property, the same being the real property attached in said action, to-wit:

Lots 5 and 6, Block 89, Chapter's addition to La Grande, Union County, Oregon;

Now therefore, by virtue and authority of said writ, and in obedience to its commands, I will, on Tuesday, the 24th day of November, 1925, at the hour of ten o'clock A. M., of said day, at the front door of the county court house in La Grande, Union County, Oregon, sell at public auction the above described real property, and all the right, title, interest and equity of the said defendant William Winn in and to the same or any part thereof on the 30th day of July, 1925, or that he has since acquired in and to the said property, the same being the real property attached in said action, to-wit:
