LOUISVILLE IS BEATEN TWICE

HOW THEY STAND.
Club W. L. Pct.
San Francisco 4 1 .289
Louisville 4 4 .200

SAN FRANCISCO (AP)—The San Francisco team, champions of the Pacific coast league, won their third and fourth consecutive baseball games from the Louisville club, 11thholders of the American association, by winning a double header Sunday. The Seals scored a narrow victory in the first game, 9 to 6, and took the second by a score of 9 to 7.

McWeeny, who was knocked out of the box in the first game of the series in which the Seals were shut out, returned himself in the first game Sunday by leading the Cougars' offense and allowing them to hit three hits.

Big Chief Thompson, who blanked the Cougars in the previous game, pitched on the mound in the first game of the visitors Sunday and was knocked out in the sixth inning after the Seals had gotten an seven runs. The chief failed to find the stride that had him to victory last Thursday and was found for 10 hits during his stay on the mound.

In the afternoon contest, Louisville pitched a ball game out of it and it was anybody's game until a double in the ninth with one out settled the issue. The Seals took an early lead and were never bothered until the eighth, when the Cougars put on a battling rally which lasted them five runs.

Another win by the Seals will clinch the series for San Francisco.

Score: H. H. E. Louisville 9 5 0
San Francisco 9 15 2
Pitching: Thompson, Estell and Meyer; McWeeny and Yule.
Second game: R. H. E. Louisville 7 15 2
San Francisco 9 12 2
Pitching: Holly, Dawson, Kell, Kell and Mares; Gary, Grinn and Agnew, Ritchie.

Phasants by Thousand Are Found Near Vale

VALE, Ore. (Special)—Since the opening of the China phasants season, October 15, every local sports man has tried his luck, not once but many times. In fact it is a more simple matter to drive a half mile out of Vale and shoot a pheasant or two, than it is to chase a chicken down in one's own backyard. There are thousands of pheasants and the fields around Vale seem to be their favorite haunts.

H. G. Kennard went out this week for the first time this season. He tramped down a small draw, when the thicket of a thicket and wings caused him to stop in amazement. The a above him was simply dark with a flock of frightened pheasants. It was almost too easy to be good sport to want the bag limit, he declared.

Eastern Oregon Grid Race Narrows--Three in Running

Baker, Milton-Freewater, and La Grande Left to Fight It Out; Pendleton, Twice Defeated, Hasn't a Chance; Tigers Face Hard Schedule.

(By Scoop)
For the first time in half a dozen years Baker high school has come back into its own as far as football is concerned. The Bulldogs, under G. Lindeman, turned back the Bluejays Saturday at Pendleton and gave a new twist to the championship "hope."

The Bulldogs, on the strength of their 16 to 0 victory, actually become the favorite, joining with La Grande and the McLoughlin high school at Milton-Freewater.

Baker's record to date is impressive. After showing under Pendleton City early in the season the Bulldogs drove Union's heavy squad down the field for two touchdowns and then doubled the Pendleton team, which had the enviable reputation of being Eastern Oregon's best team for half a season.

Milton-Freewater has the edge, however. A 13-13 victory points to the more strength than a margin of two touchdowns.

La Grande's chances are being made more so because four tough games wind up the season.

October 21 the Tigers journey to Baker to play the Braves who Saturday had the steam West High of La Grande city as four touchdowns. Available in an open field was the following: Washington vs. Astoria 14-0; Pendleton vs. Walla Walla 13-0; Tigres vs. Union 13-0. The Tigres must defeat the Blues to remain in the running.

Second day turn the trick, however, was Baker's victory over Union, 13-0. Union then bucked its way practically across the field and Cox went over the line for the second touchdown. When the half was just about up, Tigres took the field and scored the second time. The half ended with the score 13-0. Union received and was obliged to punt on the third down the ball being in too dangerous a place. Union lost the ball on a fumble and Walla Walla made several downs but was again forced to kick the ball to a safer locality.

The last half saw more passes, each team using their wits, rather than the hard hitting. Just at the close of the third quarter, Tigres trying for a second attempt at a pass race over for her third and 13-0 score of the game. The kick fell short. In the last lap of the game the ball acquired speed and crossed across the field by the blocking and passed by the hands of Walla Walla and a successful game for Walla Walla seemed certain, but a few hard hits at the line and a pass gave the visitors their opportunity. The kick went to one side and the game ended before any more scoring could be done.

Union's touchdowns were made by Brown, Cox and Kierstead. That of La Grande, received the second quarter, however, and the game was a penalty being called and those for being off side.

The game between the people teams was so much one-sided that had it not been for the giddy play of the Walla Walla boys, it would not have been interesting. Very uninteresting in fact, the lights had been put up a long time ago and a successful game for Walla Walla seemed certain, but a few hard hits at the line and a pass gave the visitors their opportunity. The kick went to one side and the game ended before any more scoring could be done.

Union's touchdowns were made by Brown, Cox and Kierstead. That of La Grande, received the second quarter, however, and the game was a penalty being called and those for being off side.

UNION TRIMS WALLOWA TEAM

UNION, Ore. (Special)—Union high won her second victory of the season Saturday afternoon when the Wallowa eleven was defeated on the local gridiron, the final score being 20 to 6.

Union began the game with three touchdowns in the first quarter. Wallowa received the ball on five downs Brown raised over the line for Union's first touchdown before the first quarter was much more than started. On the following plays were not heavy enough to in the second quarter the possession in Hutchison, Cox and Richardson. Union then bucked its way practically across the field and Cox went over the line for the second touchdown. When the half was just about up, Tigres took the field and scored the second time. The half ended with the score 13-0. Union received and was obliged to punt on the third down the ball being in too dangerous a place. Union lost the ball on a fumble and Walla Walla made several downs but was again forced to kick the ball to a safer locality.

The last half saw more passes, each team using their wits, rather than the hard hitting. Fast Action in Fifth World Series Conflict

BAKER WINS.
PENDLETON (Special)—Baker defeated Pendleton 15 to 9 here Saturday.

There was fast action at the end of the seventh inning in the fifth world series game when Muddy Ruel's peg to Tom Baseman Dunge caught Cuyler, Pirate rightfielder, at the third sack. Dunge was back in the game after two days of disability with a bump on his skull and a severe headache.

Mars Record

Here's the fellow who built the team that beat the team that beat every team for five seasons. In other words, here's George "Big" Hollingberry, coach of the Olympic Club football eleven of San Francisco. His aggregation surprised the gridiron fraternity by landing the University of California its initial reverse over a five campaign span the other week end.

- Varieties of London Weather.**
LONDON (AP)—Within ten minutes in one day recently the London hotel and shopping district experienced four types of weather: bright and blunder—but no fog.
- Many American visitors here have been disappointed when informed that the real fog occurred only in winter.
- Trouble with being a jet man is when the phone rings you think your son has been jailed for speeding.
- Saturday afternoon in a fast, well played game, scoring two touchdowns and a safety.
- Pendleton got a lead in the first period by scoring a touchdown and adding the goal. Baker tied it in the second quarter when Hines put the ball over by a line back. Baker took the lead in the third quarter with a safety, adding 2 points. In the final period Hines scored another touchdown for Baker while Pendleton got a safety.

926 Football Series To Determine Champs

PHILADELPHIA (AP)—A series of games to determine the college football championship of the United States in 1928 is planned for one of the sports features of the Centennial celebration of the signing of the Declaration of Independence.

Dr. George W. Orton, director of sports and William M. Hollenback, chairman of the football committee, said the best teams of the East, Middle West, Pacific coast and the South would be chosen by a committee of officials and well-known newspaper writers from each section.

The four teams would be paired, the winners of which would meet for the Sequi-Centennial gold cup.

In order that the championship series may not conflict with the football schedules of the various colleges the plans call for the playing of two elimination games on Monday and Tuesday, November 29 and 30, and the final contest on Saturday, December 4. With 20,000 temporary seats to be erected at the end of the horseshoe of the municipal stadium, 120,000 spectators could be accommodated.

Leading football officials and coaches have approved the plans. Dr. Orton said, and many of them have offered their cooperation. Among those already heard from are John J. Griffiths and A. A. Stone, Knute Rockne and Andy Smith. Most of the coaches of the big eastern college teams are members of Hollenback's committee.

With the aid of the Dog Star Sirius and its celestial but invisible "pilot," Dr. Walter R. Adams, director of the Mount Wilson Observatory, said that one of the purposes of Einstein's proposition, which says that light has mass and is subject to gravitational attraction, has been further substantiated.

Sirius' companion is said to have a density so great that a pint bucketful of its substance would weigh 25 tons on this earth. With such density goes exceptional gravitational pull, say the scientists, and Dr. Adams' experiments established the fact that the sun's rays in traveling past the star were bent by this heavy star.

The conclusion reached was that light is not illuminated nothingness but that it has mass and that being the case, it is prone to be attracted or repelled by certain objects, namely the host of stars.

TEST EINSTEIN THEORY ON "PUL" AND IT PROVED GOOD.
PASADENA (AP)—The Einstein theory has been tried on the "puls" and it has made good.

"UP TOP"

Upon the hill-top your vision grows. For miles and miles you see the work of man and nature. Down in the valley your view is limited by the hills, by your neighbor's home—by the store across the way.

This newspaper—properly used—will guide you to the hill-top. Read it and your vision is enlarged. You get a bird's-eye view of world events. You glimpse all the doings of the day.

Fail to use it, and your view is limited to the things around home. You remain in ignorance, not only of events here and abroad, but of much that concerns you even more vitally—news of the very things that have to do with your personal, everyday life.

Someone might be selling a new, better and more economical food; or a utensil that would add immeasurably to your comfort and well-being; or some better material for shoes or clothing—but you would never know, because of your restricted view.

You may read every line of the news, but if you overlook the advertising, you are still living in the valley. You remain uninformed about many things you ought to know in order to live a happy, useful, profitable life in this age of progress.

Read the advertisements—and know everything that goes on in the market-place.

Advertisements bring the wares of the world to your doorstep for your inspection.
