WASHINGTON U NORTH THREAT

SAN FRANCISCO (AP)—The approach of another week's football engagements, today saw three teams occupying the first three places in the dash for Pacific Coast conference honors. They are Washington, California and Stanford.

Despite the fact that Idaho retains a perfect conference standing, with two wins and no defeats, its chances for a title are not regarded seriously. The Vandals were trounced last Saturday, 12 to 3, by Gonzaga university.

Washington, looming in the north as a powerful threat, has not been conquered. It has five victories besides a 6 to 6 tie with Nebraska, to its credit. The Huskies have rolled up 222 points this year against their opponents, and defeated Montana, 29 to 19, in their only conference game.

Both California and Stanford have a clean conference slate with one victory each to its credit but both have tasted the bitter pill of defeat in pre-season games. In each instance the San Francisco Olympic club was the victorious team. The Bears have won four games for a total of 116 points while 15 points have been gained against them. Four wins and 87 points are credited to the Cardinals, and they have allowed 21 points.

Next Saturday the Huskies will match with and strength with Washington State college at Pullman for home honors. California journeys to Los Angeles for a look with the weaker Pomona college team. The Cardinals are preparing to surround an obstacle as presented by the University of Oregon eleven when they tangle at Palo Alto Saturday. In this not much difficulty is expected as the northern team has been on the short end of three different scores which include a 25 to 0 defeat by California last Saturday.

ETON BOYS HAVE AS MANY LAWS AS LESSONS

ETON, England (AP)—New boys entering Eton college are confronted with as many rules and regulations as lessons. They find they may only walk in certain places; they are forbidden to go to any race course in the neighborhood or walk on the river bank during Windsor races, and they are forbidden to go into any wine merchants, tobacconists or pawnshops.

No hotel, public-house, private house, house-boat or launch may be entered by boys without the express leave of their house tutor. All shops are "out of bounds" on Sundays.

London Ends Other Than Beauty in U. S. Film Star

The Piercing Pains of NEURITIS

Torturing pains—the kind that pierce and burn and never seem to let up—that rob a man of his sleep—that make him just a bag of nerves and all worn out. These are the pains that dope and coal tar products can only relieve. You've got to get something more lasting.

The quickest, safest and surest way to get rid of the persistent, nerve-racking pains of Neuritis is to get a bottle of Albers' Special Formula No. 2. Be sure you get No. 2, which comes in capsule form. Take these little dark green capsules as directed and notice how in about 24 hours they have considerably reduced if not entirely terminated those nerve-racking pains that have caused you so many sleepless nights. Continuing for two or three days more or until the pains have entirely disappeared.

It doesn't matter how long you may have suffered, or whether your Neuritis is in the shoulder, arm, neck or legs. Albers' Special Formula No. 2 will stop the torture and give you speedy relief. Had Cross Drug Store or any good druggist will be glad to supply you.—Adv.
