PROMISE HAS NEW ARRIVAL

PROMISE (Special)—A baby daughter was born to Mr. and Mrs. Elmer Bennett, Thursday, October 22. Both mother and daughter are doing nicely. Mrs. Bennett is staying at the home of her mother, Mrs. I. S. McDonald.

Mrs. Lala Trump's little daughter was quite ill several days last week but is improving at the present time.

Miss Alta Downs is quite sick at Wallowa with appendicitis. She will probably have an operation. Miss Theresa Smith came in from Wallowa last Wednesday and visited with her sister, Mrs. Ula Poulson, until Sunday. Her mother, Mrs. Alice Smith, returned to Wallowa with her, where she expects to visit for several days.

Mrs. Bertha Carper and son, Robert, and Miss Ruth Hayes and Eunice Courtney went to La Grande Wednesday evening and returned Sunday evening. Miss Hayes and Miss Courtney attended the teachers' institute here. Mrs. Carper and son visited relatives.

Ula Poulson and Jarrett Kennworthy went to West Grossman, Monday, after an engine which they had to take over.

Bertha Reed has been quite ill with a cold and sore throat. She has been unable to attend school.

Clyde Bennett has been sawing wood and digging potatoes for

Sciatic Neuritis

The sciatic nerve, situated at the back of the hip joint is frequently the subject of Neuritis, giving rise to the painful disease Sciatica. The symptoms are intense pain which shoots down the thigh to the foot, often aggravated by walking, and with painful points along the course of the nerve, very tender to the touch.

The disease is a very obstinate one and does not readily respond to ordinary treatment. It takes more than the usual pain medicine even to alleviate the pain.

The quickest, safest and surest way to get rid of the persistent nerve racking pains of Neuritis is to get a bottle of Allenburh Special Formula No. 2, which comes in capsule form. Take them as directed and notice how in about 24 hours they have considerably reduced, if not entirely banished, all pain and soreness. Continue until the Neuritis has entirely disappeared and you are able to work and rest in comfort once again. Red Cross Drug Store keeps Allenburh Special Formula No. 2 in stock all the time and sells lots of it.—Adv.

TESTS CLOVER CREEK CATTLE

CLOVER CREEK (Special)—Dr. W. E. Thistlewaite made the final 72-hour test on the DeVore dairy herd Saturday. The cattle were found to be all right.

Paul Dahlstrom of Baker recently visited at the home of his mother, Mrs. B. C. Dahlstrom. A large bunch of sheep passed through here this week en route to Baker valley where they will be kept this winter.

Lowell Williamson and his brother were in this vicinity Sunday measuring some hay and looking after other interests here.

George Augley is now hauling his grain. He has been unable to get his grain to market until now because of so much other work.

Mr. and Mrs. J. E. DeVore and son Max visited Mrs. DeVore's mother and sister in La Grande recently. Mrs. DeVore's sister is a teacher in the Wallowa schools and was attending the teachers' institute in La Grande.

Little Miss Leona Carnes, who is attending school at Union, spent the week end with her parents here.

Axel Dahlstrom has the contract for supplying the wood at the schoolhouse. He is now busy delivering it.

Mr. and Mrs. Sasa Cross spent a few days in Union last week visiting relatives and friends.

Sasa Cross is moving to Union from the Scott farm, which he has had leased for the past year.

George Carnes is moving to a farm down near Island City. He will finish moving in a few days.

PROHIBITS CHINESE CO-EDS TO MARRY WITHOUT PARENTAL OKAY

PEKING (AP)—Marriages between co-eds of the various government colleges and universities without the consent of parents has been prohibited.

Governor General Li Ching-lin of Chihli province asserted that the social custom of the west has penetrated China to such an extent that many young men and women contract marriage without parental approval. As the general viewed the ancient doctrine, all professors and students will be dismissed and punished without mercy if they persist in the practice.

Now listen here, Grandma. You know that coal costs an awful lot, but if you can get the Kemmerer No. 2, big lump coal at the same price as other coals and it burns one-third longer, you save one-third on your fuel expenses. But why does it burn longer? Simply because it is a strong coking coal. When it begins to coke it banks its own fire and you can bank the difference. It gives tremendous heat and can be regulated so wonderful that you hardly know it's winter. \$12.50 a ton delivered. Absolutely no credit.

"A Cold In The Head"

This is a misnomer. It should be called "heat in the head"—an inflammation of the mucous lining of the nose and throat. A person who is subject to "colds" should take warning of the fact that this is an expression of nature, that his body is not functioning normal. A well person does not "take" colds easily. The old proverb, "a stitch in time saves nine" should be applied.

It is natural to be healthy. If you are not there is a reason.
