Miss Stringham Married in Boise

Word was received here today that Miss Delta Stringham, daughter of Mr. and Mrs. L. Stringham of Imbler, and August A. Zaugg, who makes his home on a farm with his parents, Mr. and Mrs. Fred Zaugg, near here, were married at Boise, Idaho, yesterday.

The happy couple left Boise for Salt Lake City, Utah, where they will visit for some time before returning to La Grande to make their home.

Missionary Addresses Westminster Society

Miss Sunny Johnson, who is in La Grande with Dr. and Mrs. O. G. Taylor from the Philippine Islands, addressed the members of the Westminster society last evening when they met at the home of Mrs. Richard C. Thomas in regular session. Miss Johnson wore the native costume of the Philippines and gave a very interesting talk concerning their customs. She is a nurse in a missionary hospital there, told of many unusual experiences, also exhibited many articles of handwork made by the people of the islands.

Mrs. Lowell Williamson had charge of the devotional. About twenty members were present. Beautiful bouquets of yellow chrysanthemums were used to decorate the home. Before adjournment dainty refreshments were served.

Moving Sidewalks May Help Parisians Along Boulevards

PARIS (AP)—Moving sidewalks will be established on the fashionable Paris boulevards and a few other congested thoroughfares in an effort to meet the transportation problem. If experiments conducted by the Inventions Office show the expected result.

The principal point to solve is the gradual transition from normal walking pace to a speed of eight miles an hour, without subjecting the passenger to jolts or the danger of a fall.

Two systems now under trial partly accomplished this. The first, however, which consists of small fixed rollers turning on themselves, imparts a tickling sensation to the sole of the foot. The second, which is made of strips of leather heating, is free from this defect but the transition from one speed to another is more abrupt. Both systems are provided with moving handrails on either side.

May Turn Sawdust and Waste Into Non-Inflammable Board

TACOMA, Wash. (AP)—A synthetic board, non-inflammable and resistant heat and cold, may soon be manufactured from sawdust.

A group of lumber men here became interested in the possibilities of the product, after a demonstration proved that the synthetic board would withstand a flame that would eat through steel.

Sawdust and other mill waste are treated with chemicals and made into a pulp. The pulp then is pressed into boards of any size.

Lumber men behind the project

believe that it will make possible fireproof houses of wood. The cost of synthetic boards was estimated at \$15 per thousand square feet for boards one-quarter of an inch thick.

GLASGOW (AP)—British spirits for medicinal purposes entering the United States legally amounted to only 1,361 gallons between January and May. At this rate not more than 2,000 gallons will be sent from England for the entire year. Before prohibition was effective in the United States, Britain sent more than 1,250,000 gallons annually.

Breakfast—chilled apple sauce, cereal, thin cream, crisp broiled bacon, whole wheat toast, milk, coffee.

Dinner—Pot roast of beef, boiled potatoes, stuffed pepper salad, canned pears, one egg cake, Graham bread, milk, coffee.

These menus are planned to make an small hole in the budget—keeping allowance as possible and at the same time furnish wholesome interesting dishes. With the exception of the dinner salad and the cake, which is highly spiced, children five years of age may be served the meals as suggested.

Stuffed Pepper Salad

One-half cup finely chopped peanuts, 1 cup chopped celery, 2 small green peppers, French dressing.

It will take about 2 cups of peanuts in the shell to make 1/2 cup chopped nuts. The celery should be washed, scraped and cut in tiny pieces or chopped. Let stand in ice water for two hours. Drain and dry between towels. Combine nuts and celery, cover with French dressing and let stand in a cold place for 1 hour. Wash peppers, cut in halves lengthwise and re-
