Thanksgiving

1925

We want to take this opportunity which is provided by Thanksgiving week to express our thanks to the people of La Grande and vicinity for the support and patronage they have given our several enterprises in this city.

Our entire interests are centered here and are in no way related with the interests of other communities. Our enterprises here are home enterprises. They are home-conceived and home-built. The growth and prosperity they have enjoyed are a direct benefit to the La Grande community; they play a direct part in the making of this town and this valley. Money spent with our enterprises stays at home and helps build La Grande.

We are thankful for the opportunity to serve you and for the business you give us. It is highly appreciated and we intend to continue to merit everybit of it—and more. Our policy of the best service and the utmost economy is always dependable.
