**Thanksgiving Day, Here, Deserves Consideration**  
(Continued from Page One.)  
Now, about the things you should do; they, of course, are just opposite to the things you shouldn't do.  
As you walk about or loaf around during the day, stop now and then as well as here and there, and think of something for which you are thankful.  
Right away you can be thankful it is Thanksgiving Day instead of Christmas. If it were Christmas, that would make two of them this year, and all the little for last year's Christmas not paid yet.  
Be thankful it isn't the Fourth of July. If it were, you might be going on a picnic.  
The things for which to be thankful might be placed in two groups, one for each class of people, men and women.  
**The Men's Group.**  
Men can be thankful they don't have to marry someone with whiskers, like women do. A man's wife's face may be dirty, awfully dirty, and still it won't scratch.  
Perhaps there are five good, firm, real, solid reasons why men should be thankful Thanksgiving day:  
1. He can walk along the street and if he hears somebody cursing about something, he can figure maybe something needs cursing about. He doesn't have to get insulted at what somebody else thinks about something else.  
2. He can have a shiny nose and yet be happy.  
3. He doesn't have to run to the front window to see if the man ringing the bell across the street is a bill collector on a sheriff. He knows from personal experience the chances are it is both.  
4. He can blame his wife because the darn kids kick up more racket than a tribe of Indians, and why doesn't she quit crying and do something about it?  
5. A man can sit down in a chair and prop his feet up on anything as high up as they will prop

**'White Cargo' Something New in Theater World**  
(Continued from Page One.)  
Theatregoers of today demand something new and the eternal cry of producing managers is to find that something. Leon Gordon, well known writer of "White Cargo" which ran for over 3 years in New York to capacity audiences at Daly's Theatre and duplicated its sensational success at the Cort Theatre, Chicago and the Playhouse, London has succeeded in hitting the public with a play which is entirely different and the mere fact of its continuous runs in these cities is proof of the merit of the attraction.  
"White Cargo" is laid on the West coast of Africa and depicts the efforts of the white man who tries to civilize a country that defies his heart breaking attempts to conquer the jungle with its shining sun that not only rots all vegetation and inanimate things but also rots their minds and moral fibre. It is a fight against lawlessness and Homocidism, with the ever constant fear of the "jungle" getting you. "White Cargo" contains a faithful reproduction of the customs and traits of African characters and deals with the inter-relationship of the white man with the native woman or as it is called in Africa "Mammy Palover."  
No expense has been spared to make "White Cargo" the outstanding hit that it is and theatregoers that demand the best in theatrical endeavor will find in this attraction an evening of unique and novel amusement.  
"White Cargo" is coming to the Arcade Saturday night.

and will soon know he is alive through orders from the kitchen.  
6. He can spend the insurance money and let his wife tell the collector to come back next week.  
7. He never has to decide if his hair should be bobbed or long.  
8. He can grow old, without considering it a very serious crime.  
9. He can smoke a pipe if it will tabacco nupicuu will stay lit.  
There are nine reasons why men should be thankful Thanksgiving.  
**For the Women.**

**LA GRANDERS CELEBRATING TURKEY DAY**  
(Continued from Page One.)  
The Salvation Army found ten families whose holiday prospects seemed pretty dreary and provided for each one a basket containing chicken, vegetables, canned and fresh fruit and jellies.  
A dinner for the officers of the organization and their families will entertain about 25 persons at the hall in the afternoon when the charitable works of the day have been performed. Mrs. J. E. Suter, and her two daughters from Union, will be among the guests.  
Then in the evening a special service will be held with P. L. John-

son, formerly a Methodist Episcopal elder, as speaker. His topic will be "The Sufferings of Jesus." Salvation Army singers will provide the music.  
Thanksgiving day will be much like any other day at the county home near Island City.  
Asked over the telephone yesterday if any preparations had been made for a special dinner there, a feminine voice responded in evident surprise, "Why no. This is the county poor farm."  
A basket of fruit and candles will be delivered there this afternoon by friends who believe the day should present a ray of cheer, even at the county poor farm.  
**Patients to Get Turkey.**  
"Turkey with all the trimmings" is ready to serve at the Grande Ronde hospital. If the patients happen to be on a diet, as most of them are, they must be content with the "trimmings," according to the superintendent.  
A last-minute hope of turkey dinner is held forth by the Wins, Fin and Pietafoot club, which announces a shoot at 9 o'clock in the shooting house at the Lone Tree grounds today. Both turkeys and geese are among the prizes.  
La Grande will be practically deserted this afternoon when boosters by hundreds will cheer the Tigers to what they hope will be an overwhelming victory on the Baker high school gridiron. A banquet and a dance will hold the greater part of the crowd at Baker for the evening.  
Another dancing party will attract devotees to the gymnasium at Union, where the Athletic club is playing host. For the lovers of old-time measures, there will be a dance at the Zuber hall. And several groups will dance at private parties.
