**HERE IS HOW YOU DO IT!**

When you cut out the coupon from the lower right-hand corner of this page and write your own name and address at the top where it says: “Name and address of person taking these orders.” That shows you mean business. If your family already receives the paper, then surely your aunt or uncle or your neighbor will be glad to be number one to subscribe. Get their check for \$5 for a year's subscription if they live outside of La Grande (or \$9 for a carrier subscription if inside the city) and the next one will be easy. Your neighbors will gladly help you. Just try and see. When you have secured two new subscribers for a year, mail or bring the coupon with the subscribers' checks or money to The Observer office. A “Flossie Flirt” doll will be delivered to you as soon as the orders are verified.

(Cut out this blank and have your friends who agree to help you sign their names and addresses on it).
