**Indians Take Domestic Science**  
ALBUQUERQUE, N. M., (AP)—  
Indian maidens, having adopted  
cooking and bobbed hair, now have  
taken up domestic science.  
A department of culinary instru-  
ction has been established in the  
government Indian school here,  
with seven classes. The Indian  
flippers are keenly interested.

**The Easier Way**  
There are thousands of combinations concocted  
in the name of food. You stomach sufferers know  
how difficult it is to select a combination that will  
agree with your sick stomach.  
Troublesome indigestion can be more easily re-  
lieved by making the stomach agree with the food  
than by experimenting with these thousands of con-  
coctions to find which few of them will agree with  
the stomach.  
Chiropractic selects the easier way. Call today  
and find out what this new health science may have  
in store for you.

**ATTEMPT TO ROB BALKED**  
KLAMATH FALLS, Ore.—A  
highwayman made an unsuccess-  
ful attempt to hold up David H.  
Vandenburg, local attorney, as he  
was driving over the Green Springs  
highway from Portland, where he  
had been visiting his parents.  
The highwayman stepped out  
into the middle of the road and  
commanded Vandenburg to halt  
just as he had ascended the sec-  
on-mile hill, but instead of com-  
plying with the request, Vanden-  
burg stepped on the throttle and  
was soon out of shooting range.  
This is the third or fourth time  
that an attempted hold-up has  
been reported from this same vic-  
inity on the highway between  
here and Ashland. 12-5-11
