Lon Chaney in "The Unholy Three" At Sherrys

"The Unholy Three" is a film adaptation of C. A. Robinson's story of the same and its locale in New York City and vicinity.

The cast includes such famous players as Lon Chaney, Mae Busch, Matt Moore, Victor McLaglen, Hazel Kelly and Matthew Betz.

The story opens in a cheap museum where following a riot, three of the crooks on exhibition become the stars of the corporation, and he draws it every day of the year. He has been drawing it ever since 1914. He gets it for steady work at the studio.

Cruze is a veteran motion picture and stage actor. He was once a multiple idol on Broadway, and played leads in general of David Belasco's productions.

Then he began playing in motion pictures starting with the old Thanhouser company. He soon rose to be one of the biggest stars of filmdom in 1913 his name was almost a household word because he played the leading role in "The Million Dollar Mystery" with Pearl White.

Early in 1915 Cruze, who had taken almost every kind of a chance to give film fans a thrill, broke his angle by stepping into a roping hole while making a picture near San Jose, California.

The accident kept him off the stage and screen for more than a year. Motion pictures were booming. When he went back, he found himself forgotten!

He had been getting \$400 a week the biggest salary in filmdom.

and the regeneration of the master crook.

The film is filled with heart interest and a large amount of comedy.

"Pony Express" is James Cruze's Newest Western

James Cruze, who recently completed the filming of his new western epic for Paramount, "The Pony Express," draws a "steady salary"—Five dollars a day!

It is the same amount that he has drawn for the past five years—ever since he has been with the Famous Players-Lasky organization.

Universal has provided Huxley with a most capable supporting cast. In the leading feminine role is Lola Todd, who is doing her first big bit in pictures. Heretofore she has been seen only in smaller parts. Miss Todd, has taken advantage of the chance given her and to the stenographic shorthand role. Lore Austin, as "Bat" Jackson, is the remorseless villain. George Grandee takes a small part and gets much out of it. William Welsh and Al Jennings also do some good work.

"The Demon" was produced under the direction of Cliff Smith, who has brought into it many picturesque and beautiful scenes of the ranges and plains of the cattle country.

When he was hurt. When he came back he couldn't even get a job. And he was broke.

Finally he went to George. McLeod, an old friend and a director of the Famous Players-Lasky studio in New York City, and asked for a job—any kind of a job.

McLeod hired him for odds in his pictures, and put him on the permanent payroll of the company at \$5.00 a day. He's been with the company ever since, and has always continued to draw the \$5 a day.

It was not long after this that the company was seeking a director for Wallace Reid. Cruze asked for the job—and got it. The Wallace Reid pictures, which Cruze made, still stand out as classics in film history.

Then Cruze made "The Old Homestead," "One Glorious Day," "Hawthorne of the U. S. A." and finally one of the outstanding masterpieces of filmdom, "The Covered Wagon."

His total salary has never been officially given out by the Paramount organization. However, it is generally conceded that it is enough for a man to live on comfortably. And he can always be sure of saving \$5 a day toward his old age!

Featured in the principal roles of "The Pony Express" which heads the bill at the Arcade theatre, Thursday Friday and Saturday, are Betty Compton, Ricardo Cortez, Ernest Torrence and Wallace Reid.

If you thought "The Covered Wagon" was just about the last word in western pictures, wait till you see this one, says Paramount.

"The Demon" Showing at The Star

A rousing cattle country story with a great finish, such in brief is "The Demon," a Blue Streak Western with Jack Hoxie in the leading role, which is playing today and Thursday at the Star theatre.

Mystery, love and excitement pass in rapid succession across the screen, with Hoxie and the Universal Ranch Riders giving us some thrilling exhibitions of rough-riding. The story is an unusual one, too, in at least one respect, for we witness the case of a heroine who at no time is rescued from danger by the hero. In this it is a roller from the average romance that finds its way into a play.

Hoxie, the biggest riding man on the screen, gives a gripping interpretation of the role of Dane Gordon, the young rancher who sets out to round up a band of outlaws who have been terrorizing the ranchers in Sierrita Valley. He rides as he never did before, risks his life as a member of the band for the purpose of gathering evidence against them, yet rat for the champion of a pretty stenographer in the office of the man who is engineering the raids.
