## Beauty Is More Than Skin Deep!

If the sucker in your pump did not work, would you rub salve on the pump handle? A foolish question, but exactly what some people are doing to cure skin eruptions.

Your kidneys are the suckers that extract the impurities from the blood. When they fail in their duties, the skin comes to the rescue, and throws these impurities to the surface. This being true, why discourage the skin by clogging up its pores with salves and lotions.

Phone or write for literature explaining how Chiropractic puts the kidneys back on the job and clears up the complexion. Literature and consultation are free.

Did you know that Claude C. Pratt weighs between 200 and 250 pounds? He is one of the heaviest men in the world. He is also one of the heaviest depositors at the bank. He has just finished a barn for his family cow and claims that we will have a wonderful spring when the sun comes out and the grass starts growing. Sample for sale.

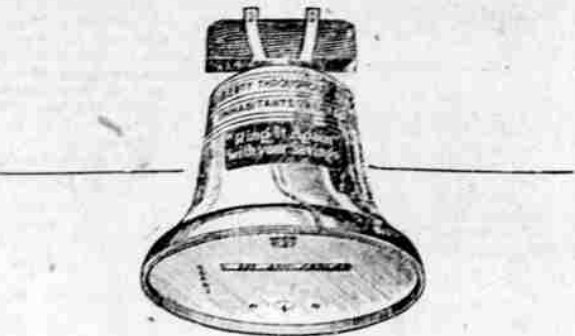

Last night N. T. Gray bought No. 2 cedar shingles at Claude Pratt's. Mr. Gray is sure going to build some large sheep sheds with the cold weather coming on. Mr. Gray will probably be gray before he gets them all on.
