REPORT FLOOD HITS CAPITAL
(By Charles P. Stewart)
WASHINGTON, Dec. 12 (Special)—A violent episode of unusual reports has been going in Washington for the last week or two.
There always is such an outbreak just before and after the December adjournment of Congress but this year it has been rather worse than usual, probably because there's more government.
Besides the president (who calls his reports a message) and all the cabinet members, subordinate officials are being summoned to mention (as well as to guarantee for any good use) have started to tell concerning their various department activities.
You can prove anything by these reports—absolutely anything.
You can prove that, per quantity and quality, nothing ever equaled the prosperity that this country formerly is enjoying in it. Or you can prove that the business prosperity, which covers the country only sparsely, at that.
You can prove that Secretary Jardine's report that the farm acreage

Stockholders Annual Meeting.
Notice is hereby given that the Annual Meeting of the Stockholders of La Grande National bank will be held at their banking home in La Grande, Oregon, on Tuesday, January 13th, 1926, at 10 o'clock A. M. At this meeting a Board of Directors will be elected to serve for the year 1926 and such other business will be transacted as may properly offer.
H. E. Cooldidge, 12-12-11
We notice some very pretty holiday gift articles being placed on sale at Silverthorn-Wright's family drug store. Their new line of Gunther's Candy so popular and largely sold in Chicago now and

for past forty years. And their prices are much lower than high grade candies are generally sold—better drop in and have them show you. 12-5-11
Notice of School Election to Increase Tax More Than Six Per Cent Over That of the Previous Year.
Notice is hereby given to the legal voters of School District No. 1 of Union County, State of Oregon, that an election will be held in said District at Central School Building on the 24th day of December, 1925, from 2 to 7 o'clock in the afternoon, to vote on the question of increasing the amount of the tax levy in said District for the year 1926, by more than six per cent over the amount of such levy for the year immediately preceding.
It is necessary to raise this additional amount by special levy for the following reasons:
Installment payments to the city of La Grande on special assessments against school property, and fire insurance premiums on school buildings and property, constitute expenditures not arising in the previous year, and the increased assessment by county officials of taxable property within the district has not been proportionately as large as the increased expenditures.
Dated this 23rd day of November, 1925.
Attest:
H. E. WILLIAMS, District Clerk.
COLON E. EBERHARD, Chairman Board of Director.
Nov. 20, Dec. 12, 26.
In Wisconsin a hunter who crawled through a fence with a shotgun cocked had to crawl two miles for help.

You, George, you can spell it other way, but you'll find the reckless driver is seldom the wreckless driver.
Anything can happen in these modern days, observes Walter.

Is The General Public Familiar With Chiropractic?
At a conservative estimate there are forty-five million people in the United States who believe in drugless healing. They are to be found in every community and their numbers are constantly increasing. Approximately one hundred thousand people receive adjustments every day in the year. As a result of this condition and also because of all systems of drugless healing, CHIROPRACTIC is now acknowledged to be the MOST ADVANCED, THE MOST SCIENTIFIC, and THE MOST SUCCESSFUL—it has MET WITH THE GREATEST ENTHUSIASM in every locality where it has been introduced. Laymen, as well as doctors, have been learning the fallacy of the drugging idea and the soundness of natural methods of healing, and while ten years ago Chiropractic was very little known, today it would be next to impossible to find a person who has not heard of it. In general, therefore, it may be said that the laity is familiar with Chiropractic, for the publicity given it has exceeded that of any similar movement in the history of the country.

letter off than they've been since 1920. You can establish conclusively, by census statistics, that the number of American farms is dwindling rapidly, due mainly to hard luck with the soil, drought, and unsatisfactory economic conditions.
You can prove that taxes are and are not being reduced.
You can prove that lightening the tax load on the rich benefits the poor and you can prove that it just makes the poor's load that much heavier.
You can prove that Americans are making more money than they ever made before and you can prove that what they make won't buy as much as their former and smaller incomes.
You can make out a case for and against the tariff.
It's demonstrable that President Coolidge steadily is cutting down the governmental personnel; also that there are more names on the government payroll now than when he started.
