Holiday Shutdown Of Industry Nears

PORTLAND, (Special) — The annual holiday shutdown of logging and lumber manufacturing operations in the fir districts has started, according to the 4L employment letter issued here which reported closing of a number of camps and sawmills. Few operations now inactive will resume before the first of the year.

All cities and towns on the west coast and in the Inland Empire reported considerable numbers of unemployed men but no greater than is usual for this time of year, the 4L letter said.

Many shingle mills have been shut down [illegible] during the past week. General construction work has fallen to a low point, many hundreds of men having been released from that industry during December.

$5,000 LEFT TO LODGE.

ONTARIO, Ore. — Under the terms of a will prepared in 1923 by Harry W. Jones, formerly of this city, who died in Portland November 26, Acacia lodge of this city is to receive $5,000 to be used for the construction of a Masonic temple. Ontario's city cemetery is also named as a beneficiary to the extent of receiving the earnings from $1000 to be used in improvements, providing that once each year the Protestant churches of the city take a collection for a like purpose. The lodge is not to receive the $5000 until after the death of Mrs. Jones to whom the earnings of the estate are to be paid until her death. Numerous smaller bequests were made to relatives in Wales and in Iowa.

There are no storms or hurricanes on the Island of St. Helena. In the course of sixty years only two flashes of lightning were recorded. There are no motor cars, no lawyers there, and only five policemen.

Think--

For a moment, kind reader, can there by any sickness where there is no cause? Will a river dam up if there be no obstruction? And if there be an obstruction so that the river bed below be dry and vegetation withering, what would you do? Remove the obstruction, let the water have a chance to revive the withering vegetation and everything is well. Just so with the human body. Put a pressure on the nerves that ramify a certain part of the body and that part will be diseased. Remove the pressure and the disused part is restored to health. Let me explain anything that may not be clear to you. A call at my office will give you the desired information.

Imagine a telephone—

which would connect with only half the numbers in the book!

IT wouldn't be more annoying than a radio set that receives only half the stations.

The ordinary radio set receives wave-lengths only from 240 to 550 meters. There are now over a hundred stations broadcasting on less than 240 meters not reached by these receivers.

You don't need two sets to get all these stations, present and future. The new Grebe Synchrophase will tune them all because it receives from 550 down to 150 meters, thanks to an exclusive invention —*The Low-Wave Extension Circuits.*

The high-wave reception range of the Grebe dial (B)—from 550 down to 240 meters—equals the [illegible] tuning range of the usual receiver. The low-wave range of the Grebe dial (A) provides additional reception down to 150 meters.

Notice of Sheriff's Sale.

Notice is hereby given that by virtue of an execution issued out of and under the seal of the Circuit Court of the State of Oregon for Union County, dated November 23, 1925, to me directed and delivered, upon a judgment as recited therein, made on the 28th day of November, 1925, in favor of R. R. Waldo, plaintiff, and against Grande Ronde Fruit company, a corporation, defendant, wherein judgment was duly entered in favor of plaintiff and against said defendant for the sum of $[illegible] [illegible] attorney fees and $[illegible] costs and disbursements, with interest at the rate of 6% per annum from the 28th day of November, 1925, in which said execution I am commanded to make said sum out of the personal property of said defendant, or if sufficient cannot be found, then out of the real property belonging to said defendant in said county, I have levied upon the following described real property of the above named defendant (having been unable to find personal property of defendant in my county), to-wit:

Tract 1. The N½ of the SE¼ and the S½ of the NE¼ of Section 4, in Tp. 2 S. R. 38 East of the Willamette Meridian, in Union county, Oregon.

Tract 3. Lots 12 and 14 in Block 4 in the Town of Imbler in said Union county, Oregon.

Now therefore, by virtue and authority of said execution and in obedience to its commands, I will, on Monday, the 28th day of December, 1925, at the hour of two o'clock P. Dated this 24th day of November, 1925.
