Work of Movie Actor Makes Ditch Digging Appear Easy

HOLLYWOOD, Cal., (AP)—Ditch-digging, said Ernest Torrence, character actor of the films, is light relaxation when compared with the effort necessary to a successful portrayal of a part before the motion picture camera. He cited a lot of outrageous whickers a mole on his nose, sixty pieces of jewelry and a varied assortment of other odds and ends as proof.

The whickers braided down two sides and waving free amidship, Torrence declared, furnished one of the worst bugaboos in designing a makeup for a role he had just completed.

Sister Mary Says:

(By Sister Mary) Breakfast—Grapes, cereal, top milk, broiled bacon, creamed potatoes, hominy muffins, marmalade, milk, coffee.

Luncheon—Fish ramikins, Graham bread, hearts of lettuce, apple tapioca pudding, milk, tea. Dinner—Roast veal, mashed potatoes, creamed cauliflower, radishes, cherry puff pudding, whole wheat bread, milk, coffee.

"Tinted" muffins are delicious for breakfast on cold mornings and are not out of the question if the sponge is made up to rise overnight.

Hominy Muffins One and one-fourth cups warm cooked hominy, 1-3 cup softened butter, 1 cup milk, 2 tablespoons sugar, 1 teaspoon salt, 1/2 yeast in the life of a Christian" was discussed.

Scald milk and add butter, sugar, salt and hominy. Dissolve yeast in lukewarm water. When milk mixture is lukewarm add dissolved yeast cake and flour. Mix thoroughly and put into a large mixing bowl. Cover and let rise in a warm place overnight.

The first thing in the morning cut through the dough in several places with a sharp knife. Fill buttered muffin pans two-thirds full of dough. Cover and let rise in a warm place until pans are full. Bake 25 minutes in a hot oven. Care must be taken not to overheat the muffins during their last rising in the effort to "hurry things up."

Twin Czars Rule Over District of Columbia

(By Charles P. Stewart) WASHINGTON, (NEA Special)—The way the Washington citizenry is bedeviled by government is one sin and two shames.

The two district commissioners—the third or engineer commissioner concerns himself only with technical matters for which thank providence—rule like twin czars. Whatever they say "goes"—at least it does for awhile.

Later the courts often knock it out. The frequency with which this happens is significant of the regime's irresponsibility.

The commissioners slip on some new regulation and it's law until somebody employs counsel and spends a lot of money putting up a fight. Then, as likely as not, it transpires that the whole thing was illegal all along.

Those who suffer under it in the meantime simply are out of luck. The rule subjecting pedestrians to arrest for auto traffic code violations was a recent sample.
