**SKINNY MEN GLAD**

Doctors and good pharmacists know that Cod Liver Oil is full of vitamins that make flesh, create appetite, build up the power to resist disease and put good, solid flesh on skinny men and women. But its horrible tasting stuff and every day fever people are taking it. For doctors are prescribing and people are fast learning that they can get better results with McCoy's Cod Liver Oil Compound Tablets, which Red Cross Drug Store, Glass Drugs, and druggists all over the country are having a tremendous demand for.

One woman gained 10 pounds in 22 days and if any skinny man or woman can't put on 5 pounds in 20 days, your druggist is authorized to refund the purchase price. Be sure and get McCoy's, the original and genuine Cod Liver Oil Compound Tablets—60 tablets—60 cents.—Adv.

**You Can't Put Quality In A Coal**

A coal has to come by its quality naturally. Nature was generous when it came to the quality of ABERDEEN Coal! There are few coals in the west that fared as well

ABERDEEN QUALITY is the quality that makes hot, clean heater fires. A trial ton will prove to you beyond any doubt that it is one of the best coals in use.

**To Educate Chinese Using A Thousand Letter Alphabet**  
PACTINGPEU, Chihli, (AP)—Public spirited Chinese with sufficient learning to qualify as teachers have undertaken a movement for the education of the masses of China.

"Humble" Yen, product of Yale and Princeton, leads the undertaking. He and his associates have settled from the formidable name of Chinese character, a thousand common ones with which they assert books and papers on almost any subject can be written.

A million of the "thousand character" text-books have been put in circulation each costing the equivalent of a dime. Vacant temples or residences have been borrowed for school rooms and the practice of writing in the air with the finger is resorted to where blackboards or slates are not available.
