Russian Theatres Run At Loss Despite a Subsidy

LENNINGRAD, (AP)—Most theatres in Russia are run at a loss and are supported by the government. Under the nationalization scheme every provincial town has its own opera house and other theatres.

The only exception is a theatre here which is run by a group of industrial workers. They not only manage the theatre, but supply the talent. During the day they work at their factories. At night they perform at the theatre.

Most of the plays produced at this theatre are of a revolutionary nature written by the workers themselves. The plays usually are staged without scenery, special settings or costumes, which requires of the players added skill in acting and acute powers of elocution and declamation. This theatre is the only one in Leningrad or Moscow that yields a profit.

By means of an instrument called the "brass-brain," the movement of the tides can be forecast. There is only one instrument of this kind and it is owned by the United States.

To Ask Japanese Students To Study in United States

PHILADELPHIA, (AP)—Under plans launched by the American Friends Service Committee a selected group of Japanese students will be invited to come to the United States next autumn to study in colleges and universities as the guests of Americans.

The Friends Service Committee said that a nation-wide appeal would be made for cooperation in carrying out their plans. A number of colleges already have volunteered.

"This is the first concrete proposal," said a statement, "to give general expression to the widespread desire to improve our relations with the people of Japan."

"If the quota law were applied to Japanese as it is to Europeans the approximate number of Japanese immigrants admitted yearly would be only 150. We hope to be able to extend an invitation to at least 150 students."

"A Friends Service committee, composed of Japanese Quakers, has been formed in Tokyo. This committee will be charged with the selection of the students. The choice will be based entirely on individual fitness and aims and the students will not represent any official or other special interests."

"So their arrival in this country will be placed in volunteer colleges. This will insure the full benefit of the plan to Americans as well as to the Japanese."

University Owns Library

BERKELEY, Cal., (AP)—The library of the University of California contains 5,000 volumes, and the property of Emperor Maximilian, archduke of Austria, who ruled in Mexico City from 1864 to 1867.

Students are permitted to take these rare books out of the building and the general public has the privilege of reading them on the campus.

After Maximilian's death, the library reached the hands of Don Jose Maria Andrade, a famous collector.

At an auction in Leipzig, Germany, in 1869, Hubert Lowe Hancock, the historian, purchased them and in 1891 the entire Hancock library came into the possession of the University.

In parts of Chinese Turkestan women are so numerous, due to the emigration of the men, that the marriage ceremony by the mullah and the bill of divorcement are given at the same time.

"Spendid Road" Showing at Arcade Today

"The Splendid Road," latest of the Frank Lloyd-Breit National releases, which opens a run of three days at the Arcade tonight, has its hilarious moments and its moments of suspense and thrill—and also its moments of sorrow and despair.

With Anna Q. Nilsson, Lionel Barrymore and Robert Frazer featured in a romance of the California gold rush days of '49, the matter of entertainment is something to be taken for granted.

Miss Nilsson as Sandra, has probably never been seen in a sweeter, more dominant character role. Robert Frazer as Harry is a delight. Lionel Barrymore as Dan Chisholm gives a sterling performance in a part which might easily be unappreciated. All down the line in the supporting cast one can list excellent performances.

Edward Earle as Dr. Bidwell is superb as is Edwards Davis as the first banker. Pauline Garon plays a jealous dance hall girl with considerable fire and Gladys Brockwell puts her heart into the character of Sadan's Sister. Marceline Day contributes a splendid dramatic spark. A brilliant future seems destined for her.

DeWitt Jennings has excused himself from grilling detective roles long enough to give a military bearing to Captain Washford, the ship commander, and Russel Simpson as Capt. John Lightfoot, head of the squatters, leaves nothing to be desired. Stutz Edwards plays Hop Lee, a pioneer California land-drummer, Mary Jane Irving, Mickey Melhan and Baby Bobbie Jansen are the center of attraction when they are on the screen. Little Mary Jane gives one of the finest emotional performances it has been

our pleasure to witness and even in her childish way she registers every emotion with understanding and feeling.

A Pathé News and Pathé help round out a splendid evening's entertainment.

"Buffalo Bill" Picture Coming To the Star

"With Buffalo Bill On The U. P. Trail," a thrilling Epic of Frontier Days, produced by the Sunset Productions of Hollywood, and which comes to the Star theater, Friday and Saturday, is literally lifted from actual history.

It will be a mistake to miss "The Buffalo Bill" as a picture of the world's greatest showman.

Comedy showing "He Who got Tapped."

for picture-taking purposes to add fictional touches to complete the drama. But in the main, the building of the town of Home by Will Cody and his partner William Irons, was an actual fact. Together with the coming of the town locating agent and his threat to run the railroad away from the town, because they refused to declare him "in" as a partner in their enterprises. It reads better than fiction, and it can be truthfully said that "Truth was stranger than fiction" in this drama.

An all star cast of box-office favorites appear in this picture headed by Roy Stewart, Cullen Landis, Kathryn McGuire, Sheldon Lewis, Marie McCallie, Jay Morley, Eddie Harris, Fred De Silva and Hazel Howell. The picture was directed by Frank S. Mattison, a director who has made some of the biggest hits on the independent market during the past two years. A feature in this picture is one of the famous gang scenes, "Good as gold" will also be shown.

"The Mirage" Is New Triumph For Florence Vidor

Florence Vidor has scored again. Those who saw her in "Barbara Frietole" and marveled at the simplicity and beauty of her performance will be amazed at her versatility. For her role in "The Mirage," which is on view at the Sherry theater, is utterly different than that of her previous picture. In "The Mirage" she is a show girl, moving in an environment of gold diggers and non-of-the-world. Miss Vidor manages to interpret her part with remarkable realism without sacrificing any of her usual charm and appealing sweetness.

"The Mirage" is the screen version of Edgar Saltwin's famous play of the same name, one of the greatest productions ever shown on Broadway. It has been made into an interesting picture and a colorful one. All the opportunities which the screen affords for showing lavish surroundings have been utilized. The story itself is a gripping drama full of pathos and laughter, thrills and heart-drops.

Miss Vidor supporting cast is most capable. Clive Brook, noted English actor, has the leading male role. He gives an excellent performance of sophisticated Henry Galt who distrusts all women.

Free among them but falls in love in spite of himself. Alan Rickman, as the sweetheart from Back home, Vola Vale, as the typical circus girl and Myrtle Vane, as the mother, also do creditable work. Director George Archibald and C. Gardner Sullivan, who adapted the play for the screen, both deserve praise.

It will be a mistake to miss "The Mirage." It is an excellent entertainment.

High-Rising Chimney Sweeps Faced With Topper Shortage

NEW ORLEANS (AP)—Chimney sweeps of New Orleans are finding it so difficult to high-bid their rivals that an ancient profession is being placed in jeopardy. So few silk topplers are worn nowadays that negro chimney sweeps have no way to renew the badge of their profession.

One may see them, however, lining the roads of residential streets, coal black, skinny little negroes with the short jacket or the Elton school boy, the bundle of rods and brush brooms, and above all, their distinctive badge, cocked jauntily on their bullet heads—the battered silk hat.

Their musical cry, a long drawn out minor wail of "Chimney-sweep, sweep, sweep"—still sounds through the day. But, perhaps not for long. Many are down to their last silk hat.

New Orleans is a city of fireplaces. In thousands of houses, modern systems of heating have not been able to drive out the old-fashioned open fire. A ten room house in New Orleans usually has eight fireplaces and every fireplace has a chimney.

Most of the houses are the one and two-story type spread over an area inside the city limits surpassed only by the limits of Greater New York.

Always the negro chimney sweeps have depended on their "white folks" for discarded silk hats. But the white folks have quit wearing them. Through New
