SEES CHEAPER CLOSED AUTOS

DETROIT, Mich. (By the Associated Press)—A reversion from the do luxe closed car to the do luxe open models is seen by automobile officials attending the silver anniversary automobile show now being held here.

In other years the closed car was the type picked by those with rich purses. Consequently these models were produced in less quantity than the open cars. With public preference now undergoing a change the open cars are assuming a place in the do luxe class, which closed cars once held. There is a sentiment among automobile men that the open models may soon cost more than closed cars as manufacturers extend themselves to reflect in the open cars the prevailing sport characteristics.

GARAGE GOSSIP

Auto Men Visit Lake—

C. E. Francis, of Portland, the largest Ford dealer in the state of Oregon, was a visitor at the Perkins Motor company here Thursday. Mr. Francis is distributor of Ruckstell axes and Hercules Ford bodies. He was accompanied by Roy Camp, who has charge of the Ruckstell department of the Perkins Motor company of Portland. Mr. Francis and Mr. Camp are visiting all of the Ford dealers in this section of the state. The two men are accompanied by John C. MacPherson and W. C. Perkins drove to Wallowa Lake yesterday afternoon. Mr. Perkins reports that there is very little snow at the lake.

Drives to Wallowa—

Mr. and Mrs. Harry Gilmore drove to Wallowa this morning.

Mr. Gilmore, who is Chevrolet salesman for the Blue Mountain garage, went to Wallowa county in that interest.

Nash Official Here—

Mr. Elery, wholesale representative for the Nash Motor Car company, of Portland, was a business visitor to La Grande last week, visiting at the local Nash agency. Mr. Elery also went to Baker on business while in this part of the state.

Chevrolets Arrive—

The Blue Mountain garage received a carload of Chevrolets this week. There were four cars in the load—one Londeau sedan, one coach, one truck and a sedan. Another carload is expected soon, the enclosed cars being most in demand.

Lays Linoleum—

New linoleum has been laid in the offices of the E. J. Ledbetter garage, distributor of Hudson and Essex cars.

New Paiges, Jewetts Coming—

Harris Kenech announces today that a carload of New-Day Jewetts

Use Distilled Water.

Use only distilled water in the battery, to avoid metallic impurities. Even spring water, which is considered to be very pure, contains enough mineral and metallic salts to ruin a battery.

Watch Your Oil These Winter Days

It's easy to neglect draining your crankcase in cold weather when you are constantly using the choker. Gas gets into your oil and your indicator gives a false record of lubrication.

Plenty of Texaco Oil—the golden oil—is especially necessary for winter driving. Don't take chances—drive down or phone us today.

Playle Oil Co.

Playle's Superior Service—As Near as Your Telephone.
Texaco Gas and Oils—Ajax and C. T. C. Protected Tires
Car Washing, Etc.

Why Studebaker Rates on Time Purchases are Lowest

Three years ago Studebaker utilized its vast resources to enable any Studebaker dealer to sell cars on fair and liberal rates to those who buy out of income.

And today no car in the world offers lower rates to the time purchaser than Studebaker

Financing rates which most competitive cars cannot approach are made possible by these 5 factors:

- 1—Stability of Studebaker with one hundred million dollars of net assets, no bonded debt and no bank loans—assurance that no Studebaker will ever become an orphan.
- 2—Depreciation cut to a minimum by Studebaker's "No-Yearly-Models" policy.
- 3—Intrinsic worth of the Unit-Built Studebakers which makes them stay sold.
- 4—One-Price prices which mean that the purchaser has an equity so substantial that he will not sacrifice it.
- 5—Re-sale value maintained by the popularity of Certified Studebakers sold under the famous Studebaker Dealers' pledge on Used Car Sales.

THESE five factors constitute the basis on which banks of the United States generally provide credit at lowest rates for the buyers of Studebaker cars.

This low-cost credit is placed at your disposal through the Industrial Acceptance Corporation, which is engaged exclusively in financing the sale of cars, new and used, through Studebaker dealers.

Before you buy any car out of income (whether it is in the field of the Standard Six Coach at \$1195 or the Big Six Sedan at \$2215), find out exactly how much of your total payment is for the car itself, and how much for interest, insurance, brokerage, etc.

Then get the corresponding Studebaker figures and ask yourself why you should pay out money for the sheer blue sky of excess financing rates.

M. J. GOSS

The Quality remains the same, only the Price is Lowered.

F. O. B. Detroit

These astonishing new figures represent more than a price reduction. They represent a price sensation!

At one stroke they eliminate the necessity for compromise in the purchase of a motor car.

They mean that henceforth *no one* need be forced by economy to invest in less than Dodge Brothers quality.

They mean that a car world-renowned for its long life and dependability is now well within reach of every income.

They are made possible by a \$10,000,000 expansion program, vastly increasing production, and introducing the latest and most advanced efficiency processes into motor car manufacture.

They apply to the finest line of motor cars Dodge Brothers have ever produced—

Graceful and stylish new body lines. Rich and attractive new colors.

Absolute smoothness of engine operation—with new snap, power and silence.

Perfect steel body construction, affording, among other things, complete vision from every angle, greater safety, greater beauty and longer car life.
