Senator Curaway of Arkansas is "in bad" with his fellow members of Congress from the southern states.

"President Coolidge, as a president," he's quoted as saying, in a talk before the Missouri State Society here, "leaves little to be desired, but measured by southern standards, he falls considerably below par socially."

In the first place, the southern Democratic members of Congress consider that a Republican president, as a president leaves a lot to be desired. In the second place, they don't like the idea of being placed in the position of looking down on the president socially, whatever his politics.

\$25,000 FIRE IN EUGENE
EUGENE, Ore.—Fire caused \$25,000 damage to the stock and building of the Green Kilburn company, dealers in men's wear. The blaze was discovered at 2:30 o'clock but it was nearly 6 a. m. before the firemen succeeded in extinguishing it.

The firemen believe the blaze was caused by the light wind fanning sparks from a chimney which had lodged in a defective portion of the flue.

Weigh 5 Pounds More in Thirty Days

Ask Red Cross Drug Store, Glaze Drugs or any druggist for a box of McVay's Cod Liver Oil Compound Tablets. They cost but little, are sugar coated and as pleasant to take as candy.

Slender men and women take them to speedily put on plenty of good, healthy, solid flesh and for this purpose they are so extremely good that thin men and women often take up 2 pounds or more in 30 days. As a matter of fact, your druggist is authorized to return your money if you don't take on 5 pounds in 30 days.
