## GARAGE GOSSIP

### New Mechanics Hired—

The Perkins Motor company added an expert Lincoln mechanic to its force of employees this week. H. H. Blackburn arrived in La

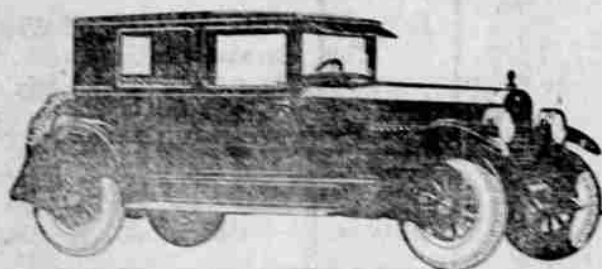

Grande Sunday morning. He has been employed at the Portland branch of the Ford Motor company for the past four years. His wife will join him here in the near future and they will make this city their home.

If the engine in your car heats up excessively, check the ignition system for a late spark or look for poor water circulation. If the spark

### Chevrolet Arrives—

The Blue Mountain Garage received a carload of Chevrolets the first of the week. The car included four enclosed models and

then is set late, the engine will heat and will lose power. You will also be unable to get a spark knock with the spark control advanced on a hard pull. Overheating may also be caused by an air leak or by too lean a carburetor mixture.

# HUDSON

In ten years of value leadership, Hudson Super-Six performance, quality and price advantage have never been so outstanding as today.

The Coach has long been acknowledged the "World's Greatest Buy", because of its utility, performance and value. Now among luxurious cars, the beautiful Brougham and the Sedan give Hudson the same unrivalled position among luxurious cars. They have all the distinction of finest custom built cars, with a price advantage based on the world's largest production of 6-cylinder cars.

Freight and Tax Extra

These cars may be purchased for a low first payment and convenient terms on balance.

## Ledbetter's Garage

## Built for Rough Roads Better BUICK Closed Cars

Extra sturdiness is an outstanding feature of Buick motor cars.

Buick closed cars demonstrate this most strikingly in cross-country travel. Town or country, good roads or bad, it's all the same to a Buick. You can go anywhere any car can go and do it much easier because of the famous 75 horsepower, Buick Valve-in-head engine.

You can travel long distances in more comfort because of the deep, wide,

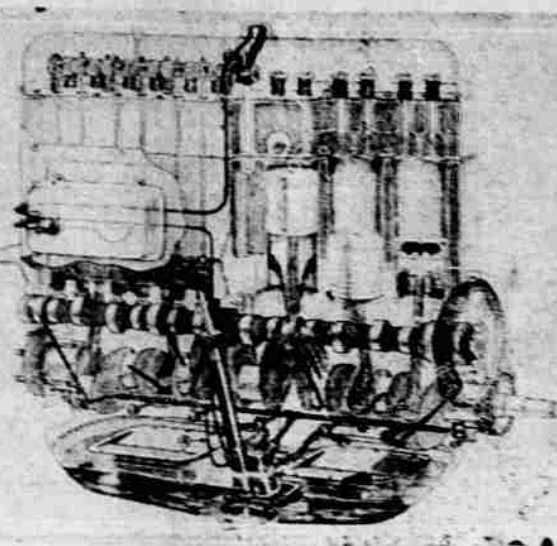

luxurious seats, the extra head and leg room, and full cantilever rear springs. And Buick's ball bearing, worm and nut steering mechanism removes all driving strain. This is the most efficient and most expensive steering gear so far perfected.

Better Buick closed models are now on display. Your attention is particularly directed to the 4-door and 2-door Fisher Body Sedans at "Coach" prices!

## It Keeps The Nash Going

This is the engine that throbs beneath the hood of the new Nash models, when they go zipping along the highways in the summer, and sturdily negotiating the snows and wintry obstacles in the winter. A. R. Tractel is distributor of Nash and Ajax cars here.

one chassis for light delivery.

### Boys New Sedan—

Archie Knobby is driving a new Chevrolet Landing sedan, which he recently purchased from the Blue Mountain garage.

### Fuel Shipments In—

The Perkins Motor company received a carload of seven Ford Thursday of this week. Five coupes were in the car, one sedan and one three sedan.

### Joint Sales Staff—

Frank Agbeler started work at the Perkins Motor company this week as salesman.

Only rigs or waste allowed to accumulate or be around in the vicinity of your garage are liable to bring from spontaneous combustion, causing a fire. Keep used material in a metal container away from the walls and burn the refuse when the container is emptied.

"The poor have groaning faith in Providence." Well, they need it. They're pedestrians.

### Load Limits Specified.

SALEM, Ore.—The state highway commission issued an order covering the limit on loads which trucks may carry over the McKenzie Highway and The Dalles-California highway.

The order fixes the load limit on these highways at a maximum, including load and vehicle, of 14,000 pounds, except that for trucks operating between the Jefferson county line and the city of Bend on the Dalles-California highway the load limit is reduced from 14,000 pounds to 11,000 pounds. The order also specifies the load limit permitted for smaller trucks, based on the width.

If it seems washing, it's his second car.

**Random Filing Contract Let.**  
MARSHFIELD, Ore.—The Inland Construction company of Portland received the contract for filing a large area in Bandon, where the property will be brought to the city grade. A large number of lots in the district reserved to the county for delinquent taxes and the contracting company obligates itself to dispose of these and close the area for development.

### Two Are Found Over.

MILLTON, Ore.—Ed Olson and Lester Knight, who live on a fruit ranch on east side, had a hearing in Justice Smith's court on a charge of contributing to the delinquency

of a minor. The girl concerned is about 16 years of age, while the men were said to be over 30. They were bound over to appear before the grand jury under oath.

### State Bonus Bonds Sold.

SALEM, Ore.—A \$2,000,000 issue of state bonus bonds offered by the World War veterans' state aid commission was bid in by Perkins & Co., of Portland, at a figure to yield 4.222 net. One-fourth of the issue was bid in at 4 per cent and three-fourths at 4 1/4 per cent. Sixteen firms entered bids for the issue, the largest number of bidders ever competing for an issue of state bonds.

**Changing the Rear Tire.**  
When changing a tire on the rear wheel be sure that some other wheel on the car is adequately blocked before releasing the emergency brake. If the car should roll off the jack it might cause considerable damage to the chassis or break the jack.

## At the Sign of Studebaker Service

You get *sure* service satisfaction

WE consider efficient motor car service as important as the sale. We regard your continued friendship as a valuable business asset. And we know that the best way to hold your good will is by rendering a service that will keep you satisfied with your fine One-Profits Studebaker.

We believe the steadily increasing sale of One-Profits Studebakers in this community is due in a large degree to the type of service Studebaker owners enjoy after the new car is delivered.

### More Miles Per Dollar

The One-Profits Studebaker, we believe, offers you more miles per dollar invested than any other car in the world at any price. Keeping your car in the best possible shape to give you these miles—many thousands of them—at the lowest possible cost, is our job and the job of every man engaged in Studebaker service.

So we insist, first, on well-trained mechanics—specialists on Stude-

baker cars. That is so that you can leave your car in our hands for necessary adjustments—and be certain that the work will be done accurately and efficiently the first time. Our service charges are figured on a flat rate basis—you know in advance what the work will be and what it will cost. There is no chance for misunderstanding or argument. And we insist upon promptness of delivery. Here promises are made to be kept—not broken.

No matter what make of car you are driving now—see us before you buy your next car. Find out about our special service privilege for every new buyer of a Studebaker car. Why not come in today?
