O. A. C. TO PLAY IDAHO TONIGHT

CORVALLIS, Ore. (Special)—The Oregon Aggie basketball team, which is tied with Oregon for first place in the northwest conference, will start its season on Saturday night at Corvallis, Ore. The Aggies have only one victory—Captain Louis "Lone Star" Tucker—from last year's first season. It was necessary for Coach Bob Hager to find a man for the center position to take the place of George Brown who was lost to the team by graduation. Hager discovered Jim Pinkerton who had no previous experience and Pinkerton is now filling the bill. The other positions were filled from the second string list and from last year's work squad. Idaho has four veterans on her squad and is going strong this year. The Aggies beat Idaho in their two games last season, so the Vandals are determined to pick up the two games lost when they meet the orange and black "phantom five."

Records Compared.—Following are the records for the Oregon and Vandals for this year:
Oregon Aggies: 31 Montana, 19 Aggies, 28 Wash., 21 Idaho, 19 Montana, 18 Idaho, 24 Oregon, 34.
The probable starting lineup for the Aggies on Saturday will be Baker and Dierks, forwards; Graap and Burr, guards; and Pinkerton, center.

OREGON QUINTET DEFEATS IDAHO VANDALS 37 to 17

EUGENE, Ore. (AP)—The University of Oregon basketball team increased its string of Pacific coast conference victories to seven by defeating the University of Idaho, 37 to 17, here Friday night.

Three Skating Records Broken—DIERHOFF, Mich. (AP)—Three world records were placed on the books of the international ice skating union in the opening day of the international championship meet on Lake St. Clair here Friday. Two of the marks are credited to Lella Brooks of Toronto and the other was made by Clas Sundberg of Finland, Olympic titleholder.

RUSSIAN DEFEATS DAVIS.—SALFEM, Ore. (AP)—Al Karasick, Russian wrestler, defeated Charley Davis of Marfa, Texas, here Thursday night, taking two falls in a light heavyweight wrestling match. Karasick downed Davis with a headlock leading into a body spin in an hour and two and a half minutes. The second fall was obtained in one minute and a half.

POPULARITY OF JESSIE—Popularity of Jessel in Japan is shown by the announcement that in the recent games between the University of Chicago and Japan university the gate receipts amounted to more than 70,000 yen. The total receipts of all the various university games were given as 70,768 yen. The University of Chicago, therefore, drew the best paying crowds of the season.

Wife from Mr. Pratt—A wife from Mr. Pratt reached "Will leave Portland on Friday night's train bound for La Grande." So you will no doubt see him soon. We can sell you hats and garage door track and hinges at an exceedingly low price. Let us show them to you. Sash, doors, paint, oil, roofing, lumber, stingles, and coal.

He Makes Friends With Birds

The winter chickadee, otherwise known as the Tom Tit, is said to be one of the shyest birds in America. But Prof. S. S. Diekey of Alliance College, Cambridge Springs, Pa., knows otherwise. He has this one tamed so that it will eat bread crumbs out of the bowl of his pipe.

Billy Evans Says:

Bill Melhorn, famous pro golfer, who recently came in for much criticism because he talked too loudly, while Bobby Crank-crank was trying to sink a short putt that would have tied Macdonald Smith for the Texas open, is in the limelight again.

Melhorn recently announced that he intended to disconnect himself from golf clubs as a professional.

Other famous golfers like Walter Hagen and Leo Diegel, have for a time tried the free lance game, but have always returned to the fold. Unless I am mistaken Diegel is once again a free agent in golf.

Melhorn, however, insists he is through. It is hardly believed the unpleasant circumstances in the Texas open had anything to do with the decision.

It is just possible that the action of Melhorn is a forerunner to the fact that in the near future, the high salaried golf professional will be a thing of the past.

Under present conditions the position of golf professional at one of the big clubs is a mighty lucrative one. All the golf concessions are his.

COSTLY LUXURY.—I know one crack golfer who seldom has taken part in any but the bigger tournaments, simply because he found there was more money staying at home attending to the wants of the club members.

The municipal golf links throughout the country are indirectly hurting the golf professional. These clubs charge a very moderate fee. Smaller golf clubs have felt the influence of the municipal owned courses more than those located in the larger cities.

Already a number of the smaller clubs have taken over the operation of the club house, getting the receipts from such operation as polishing and shining clubs as well as many other like jobs.

The profits of the concessions, according to many of the smaller clubs, have done much to lessen the annual extra assessment.

GOLF EXPENSE.—Golf clubs will always need instructors to tutor the members in their faults. This revenue will go to the pro but many of the other soft spots seem to be on the decline.

Of course, the leading clubs of the larger cities will always boast their golf professionals. The prestige of these star players undoubtedly add much to the reputation of the club. Expense means nothing. Many golfers like as much interest in the showing of the club's golf professional as the alumni of

GRIDIRON MENU LOOKS MEATY

NEW YORK (AP)—Inter-collegiate gridiron conflict, reflecting the widespread growth in this sport, will be held on a much greater scale than ever before in 1926.

Fifty-four contests, bringing together rivals of the North and South, East and West, already have been scheduled by representative institutions. This is as many as the entire 1925 campaign witnessed and the prospects are that the total will be substantially increased when schedules are completed.

Most of the inter-collegiate play of the last few seasons has been confined to the Eastern and Middle Western schools, but this year finds a wider range. For instance, the University of Missouri, which has held the Missouri Valley title for two successive years, has booked games with West Virginia, Tulane and Southern Methodist.

Notre Dame, a consistent traveler, has the East, South and Far West on its slate with games scheduled at Chicago, St. Louis, Los Angeles, San Francisco, and New York.

Golf, however, has been making such rapid strides that it is only natural to expect changes in the administration of the affairs of the sport.

Regardless of the changes, there is still a big field for the professional. Enthusiasts of the game are always willing to come across to see a duel between two stars.

SUZANNE WILL MEET HELEN

NICE, France (AP)—The announcement that Helen Wills and Suzanne Lengien both are certain entries in the women's singles in the Carlton tournament at Cannes, opening February 15, overshadowed all other tennis developments on the Riviera Friday. The announcement, received even by the French champion's impressive defeat of Mrs. R. E. Haylock of England without the loss of a game in the Nice tournament.

It is generally conceded that the American and French champions will meet in the Carlton finals, since they are seeded in different halves of the draw. The experts, therefore, have revised their interest in figuring the relative chances of Helen and Suzanne by comparison of their scores against the same opponents. Mrs. Haylock, miss Wills a stiff argument at Cannes but against Mademoiselle Lengien Friday she was able to bring only two games to deuce, while Suzanne won three games at love.

California preacher says in some ways apes are superior to man. They live. They don't play saxophone.

These experts have got to come down to earth or we never will get our air problems settled.

A BANK
Is one of the most important factors in the business life of the country.
UNITED STATES NATIONAL BANK

NATIONAL SPORTSMAN
is a 60-page monthly magazine crammed full of hunting, fishing, camping, and trapping stories and pictures, valuable information about game, birds, fishing tackle, game law changes, best places to get fish and game, etc. Biggest value ever offered in a sporting magazine.
And here's the Remington Sportsman's Knife shown in actual size, with steel handle and two long slender blades especially designed to meet the exacting and changing job game birds bring to the sportsman. The blades are made of superior quality steel with strong, durable, keen-cutting edges. The points are shaped just right for a good clean job of skinning and skinning.
We will send you this Remington Sportsman's Knife for a whole year, 12 for \$1.
Satisfaction Guaranteed or money refunded. Mail your order today.
