

# New Millinery

THE large Hat shares honors with the small one in the new Hat mode, and both insist that the crown be quite high. Simplicity marks the trimming, and felt and grosgrain dominate as fabrics.

You will enjoy a visit to our new Millinery Department—everything new.

## The Radio Corner

### Novel U. S. Farm Radio Service Will Blanket Nation, Pickard Avers

New radio service of the United States department of agriculture, organized by Sam Pickard, chief of radio, includes three novel farm features, all departures from customary methods of presenting information by radio.

The "Farm News Digest" started February 1, and available bi-weekly to all radio broadcasting stations requesting it, consists of short items of agricultural news selected from several hundred current publications, most of which are not accessible to the average farm reader.

"Fifty Farm Flashes," a daily service consisting of fifty timely, practical questions put by farmers and tersely answered by agricultural authorities, was put into the air by approximately twenty broadcasting stations starting yesterday.

For the women of the household a "Housekeeper's Half Hour" will be on the air from a large group of stations after February 15.

### Stations on Pacific Coast Unite by Wire

LOS ANGELES.—KFI, Los Angeles, and KFO, San Francisco, are now linked by telephone wires, the program being broadcast simultaneously by the two stations each Monday night between the hours of 9 and 10 o'clock Pacific time.

Although there is little reason to believe it will come true, the lines may be extended to other Pacific coast and inland cities, expanding into a western network. The great distances separating western cities and conflicting policies of stations will materially interfere with the consummation of such a chain.

### Comic Opera on Air

"Givette," a comic opera, specially revised for radio by Charles Caldwell Dickey, is on the KFO program, Saturday night, February 20. The work will be presented by the Players Guild of San Francisco, under the direction of Reginald Travers and Harry Brown Wood.

Although the shingle probably will never be as popular as the bob, it is extending even to the elderly women.

### Clara Johansen was calling upon Mrs. Ed Peil one day last week.

The Perry schools gave a Lincoln's birthday program Friday afternoon, which was followed by the opening of their valentine boxes, which had previously been filled with many valentines. The parents and children of preschool age were invited. About 25 visitors were present.

### Clara Johansen was calling upon Mrs. Ed Peil one day last week.

The Perry schools gave a Lincoln's birthday program Friday afternoon, which was followed by the opening of their valentine boxes, which had previously been filled with many valentines. The parents and children of preschool age were invited. About 25 visitors were present.

## When it's your birthday—and celebrating friends flock in for the glad event—when happy thoughts and laughter fill all the house—have a Camel!

WHEN your own birthday again has come. And well-wishing friends troop in with gay congratulation. When your festive halls resound with laughter and happy praise—then how fitting are those words, "Have a Camel!"

For no man has ever lived long enough to find a better, more friendly cigarette than Camel. Camel goodness grows more mellow, more joyous with every passing year. There's not a tired taste, not a cigarette after-taste in a whole lifetime of Camels. Camels are rolled from the choicest tobaccos grown in all the world. Millions of experienced smokers have found in Camels such lasting contentment as they never hoped to find in a cigarette.

So this night as at your birthday festivities you revel in the sheerest joy this old world affords—taste then the fragrance, the goodness of the primest cigarette ever made. On this day of days you and your friends deserve the best.

Camels contain the very choicest tobaccos grown in all the world. Camels are blended by the world's most expert blenders. Nothing is too good for Camels. In the making of this one brand we concentrate the tobacco knowledge and skill of the largest organization of tobacco experts in the world. No other cigarette made is like Camels. They are the overwhelming choice of experienced smokers.

Our highest wish, if you do not yet know Camel quality, is that you try them. We invite you to compare Camels with any cigarette made at any price.  
R. J. Reynolds Tobacco Co.
