RIVERIA TEAM EVENS SERIES

Riveria downed Central 13 to 10 last night in the fastest scrap of the grade school series and tied the chances for the championship that will be decided by the fifth and last game of the tournament next Thursday night.

Only a fair crowd was out for the contest last night, but the boys console themselves that their friends are saving up for the big event tonight, when La Grande eighth graders meet Union. The youngsters will take the floor at 7 o'clock.

Central got off to a bad start last night, making only two points in the first half, while Riveria scored seven. The hilltop players fell short on their shooting. But in the third quarter they shone out like stellars. Evans and Daniels each threw two from the field. Others in the lineup were Stoddard, Struthers, Zundel and Daniels, with Roe substituting for Struthers later.

Faust and Pierce, on the winners' side, scored five points apiece—two field goals and a foul for each of them. Reese made the other three points. The Riveria boys played a consistently good game, and showed remarkable improvement over the brand of basketball they handled in the two games they lost to Central. Webb and McMurran completed the lineup.

Ray Lynch refereed the play.

Team Selected.

Reese will play center in tonight's match with Union; Rob Evans and Pierce will be forwards; Daniels and Struthers will guard. The reserves will include Stoddard, Perkins, Faust, McMurran and Hunt.

All grade school youngsters will be admitted to both games on 15-cent tickets, the authorities announce. After the game, the La Grande players will invite the Union squad to The Tiffin for a treat. A delegation from the Hi-Dads will go with them.

Billy Evans Says:

Is the power of psychology almost as great an asset for success in sport at natural ability?

The passing of Southpaw Dave Danforth from the St. Louis Browns to the minors brings up that question.

* * *

For years Dave Danforth has been the stormy petrel of the American league. Rival clubs insisted Dave doctored the ball, while Danforth said it was all imagination on their part.

Concentration in sport is most essential. The good batsman must have a keen eye, the ability to follow the ball. Incidentally he must have his mind on the making of base hits.

Whenever Dave Danforth was announced as the pitcher, the opposition instead of playing its usual role turned detective. Instead of trying to hit the ball that Danforth was pitching, they attempted to discover what Danforth was doing to the ball.

* * *

As a result when Danforth pitched the opposition lacked much of the poise that was usually a part of its baseball repertoire.

* * *

TRICK DELIVERIES.

"If a ball club thinks you are doctoring the ball, make them feel sure of it by resorting to unusual mannerisms that savor of trickery," was a remark Danforth once made to me.

"You can't make base hits arguing that the pitcher is cheating, the batter must swing at the ball. The belief on the part of the opposition that I doctor the ball means much.

"Instead of tending to their knitting, the hitting of the ball, the batters play right into my hands by fussing about my delivery."

There you have Danforth's side of the question. Players and umpires in rebuttal would probably offer a much different version.

* * *

Of one thing I am positive. Dave Danforth could get an even more deceptive break to his fast ball than Walter Johnson, even though some of Walters' terrific speed was lacking.

* * *

WHITE SOX SYSTEM.

While scores of solutions have been offered to explain how Danforth got the break on his fast one, none of them has as yet received the official O. K. of the pitcher himself.

It is a rather interesting fact that the Chicago White Sox took more liberties with Danforth last year than any other team in the American league. In this connection it is well to recall that Eddie Collins was a teammate at both Philadelphia and Chicago.

Danforth had his troubles beating Chicago, something invariably came up that called for his removal before the close of the game. Usually it was an abundance of base hits or a streak of wildness.

"Don't take any good ones, whale away at every ball that is close to the plate, keep him on the defensive." That's the way Eddie Collins explained the success of his club in fathoming Danforth's delivery.

"Forget about the trick stuff and don't bother the umpire was another rule of our club."

Looks as if Collins had the right system.

* * *

In addition to his trick deliveries, Danforth had a move to first that caused as many disputes as his pitching. It was always a balk, according to the opposition.

While Congress is investigating the aluminum trust maybe they will find out how to keep frying pan handles cool.

What Skinny Men Ought To Know

You probably know that Cod Liver Oil is the greatest flesh producer in the world.

Because it contains more Vitamines than any food you can get.

You'll be glad to know that Cod Liver Oil comes in sugar-coated tablets now, so if you really want to put 10 or 20 pounds of real healthy flesh on your bones and feel well and strong ask Red Cross Drug Store, Glass Drugs, or any druggist for a box of McCoy's Cod Liver Oil Compound Tablets.

Only 60 cents for 60 tablets and if you don't gain five pounds in 30 days your druggist is authorized to hand you back the money you paid for them.

It isn't anything unusual for a person to gain 10 pounds in 30 days.

"Get McCoy's the original and genuine Cod Liver Oil Tablet."—Adv.

From Campus

Carey Selph (at top) and Walter Jacoway of Ouachita College will be given a trial by the St. Louis Cardinals this spring. Selph is a shortstop, while Jacoway pitches. Each is a four-letter man, playing football and basketball among other sports. Jacoway has never been beaten by a college team in his four years of service. Travis Jackson of the Giants and Aaron Ward, Yankees, are other chaps Ouachita has sent to the majors.

Rádio

SATURDAY, FEBRUARY 20.

Mountain Time Stations.

Rupture Shield Expert Coming to
La Grande
On
Saturday and Sunday, Feb. 27 and 28
At
POLEY HOTEL
From 10 a. m. to 4 p. m.
Evenings by Appointment
Two Days Only
Returning Every Six Months
No Charge for Consultation

Mr. C. F. Redlich, the successful expert says:

The "Perfect Retension Shields" hold the rupture perfectly no matter what position the body assumes or how heavy a weight you lift. They give instant relief, contract the opening on the average case in ten days and strengthen the weak tissues (the real cause of rupture) so that they frequently recover their previous natural retaining power needing no further outside support.

While providing safety and comfort to all old and aggravated cases, the results are most favorable when the rupture is just discovered and still small; it will save you no end of trouble, pain and expense in the future if you now take advantage of this opportunity. No leg straps or elastic bandages are used. Can be worn while bathing.

Letters from satisfied clients available.

WARNING: Never wear old-fashioned trusses or elastic bandages with chafing, filthy leg straps, with worthless guarantees and medicines, sold by mail. They never hold the rupture at the right place, thereby making it worse and expose the wearer to often fatal strangulation, necessitating immediate operation. Let me explain this personally; it costs you nothing.

Ninety-five per cent of all children, according to statistics, get rid of their ruptures if fitted with the right kind of sanitary appliance.

No children below 18 months nor ladies accepted on this trip.

Business engagements prevent visiting any other city in this section. C. F. Redlich, Rupture Appliance Expert, Home Office, 535 Boston Block, Minneapolis, Minnesota.

STRAMAGLIA SIGNED HERE

Jim Gorman, who claims the championship of Western Canada, and Rocko Stramaglia, of Portland, who once messed Jack Dempsey a wee bit during sparring at the champ's training quarters, are slated to meet in La Grande at Eagles hall on the evening of March 4 under the auspices of the La Grande Athletic club.

Gorman, who has a long record in the fighting game, will weigh in at about 185 while the Portland leather pusher will be ten pounds lighter.

Rocko at one time was looked upon as a real heavyweight comer and hasn't lost a great deal of his prestige yet. Among his most famous fights was a kayo over Jimmy Darry, the man who fought Luis Firpo on even terms round after round.

The semi-final and preliminary matches will be arranged later.

Boy Scouts Defeat Island City Five 11-3

The boy scout troop No. 5 basketball team defeated Island City at Island City last night 11 to 3, in a well played game. The local team, although winner, was handicapped by the low ceiling which prevented several loop shots.

The scouts started their second team but replaced it late in the first quarter with the regulars—Lawrence Gray, Bob Daugherty, Bud Glaze, Sam Walker and Charlie Hanson.

Avoid Poorly-Balanced Breakfasts

Quaker Oats supplies excellent "food balance"

IF you feel tired, hungry, "fidgety," hours before lunch, don't jump to the conclusion of poor health. You may have unenergetic mornings because your breakfasts lack certain important food elements.

To feel right, you must have a well-balanced, complete breakfast ration. At most other meals—lunch and dinner—you get it. But breakfast is a hurried meal, often badly chosen.

Thus Quaker Oats, containing 16% protein, food's great tissue builder, 58% carbohydrate, its great energy element, plus all-important vitamines and the "bulk" that makes laxatives seldom needed, is the dietetic urge of the world today.

It is food that "stands by" you through the morning. Quick Quaker cooks in 3 to 5 minutes. That's faster than plain toast. Don't deny yourself the natural stimulation this rich food offers you.

Quaker Oats

Growing With The Town Helping The Town Grow 100%

"To the extent that business develops and keeps the full results of such progress at work in the community—to that extent does the community grow and prosper.

"To the extent that business sends the results of its progress out of the community—to that extent does the community suffer."

It was with the logic of this philosophy that The Hooverized several years ago adopted the policy—Keep The Full Result of Progress in the Home Community, First, Last And All The Time.

As a result of this policy, instead of transferring out of this community's progress for the establishment of stores in distant places, we have with the progress and assistance of La Grande capital aided and developed local industry entirely to better serve the convenience and needs of the people, and add to the community growth.

In the application of this constructive plan, we have endeavored in each instance, to accomplish one of 3 purposes: (1) To provide a community need that did not heretofore exist; (2) Adopt a new and improved plan that served better; (3) to develop and add to the community.

THE HOOVERIZED GROCERY, established during the war, was La Grande's first successful lower price food store (provided a community need that did not exist before).

THE BLACK CAT, Roesch Bldg, corner Fir and Adams—a completely departmentized bakery, confectionery, soda fountain, cooked food departments, specializing in cafeteria lunches (provided a community need that did not exist before)—now being enlarged to double capacity.

ECONOMY GROCERY, Fir street between Adams and Jefferson—La Grande's first modern self-serve grocery, now changed to operate as one-man service store (an improved plan that serves its community better).

LA GRANDE GROCETERIA, Roesch Bldg., on East Adams—La Grande's first one-man operated self serve grocery (an improved plan).

BASKET GROCERY & MARKET, West Adams—an original creation in food stores. Self serve or service, groceries, fresh meats, fresh fish; cooked food dept. to be added (an improved plan that serves better).

FIR STREET CONFECTIONERY, across the track—Fountain and lunch counter (serving a community need).

FIR STREET 2-STORY STONE STORE AND APT. BLDG, North Fir St. business district's most substantial property development. A few years ago this property was in a delapidated condition and unoccupied. In its present improved condition it has added to the business capacity of La Grande and is occupied by the following substantial firms: Valeteria Cleaning Works, Bergin's Wholesale Candy Manufacturers, Heacock's Exclusive Radio Shop, Cantrell's Barber Shop, Fir Street Confectionery, and Art Weagle's Plumbing Shop.

GRANDE RONDE CREAMERY—A modern plant that produces fresh each day the choicest butter from select quality cream supplied by Grande Ronde Valley farmers—a home concern that buys the raw supplies, manufactures and markets the entire output in this community through La Grande stores at lower cost to consumer.

We have reviewed this progress so that it can be understood what is meant by BUILDING UP THIS COMMUNITY. This organization takes equal satisfaction in adding to the community growth as we do our own progress.

We believe that a community is sound and progressive primarily to the extent it develops its own industry. All things being equal or nearly so, we believe Home Industry should be given preference—in the interest of community advancement.

This organization strives to progress on its merits. We give and stand for the utmost in Value, Service—and Community Growth.

Yours truly,
