ports of the most outstanding club work in the state are included in the book. Each report is accompanied by a picture of the club worker.

The first report is that of Lester Blockland of Island City, who has made an excellent record during his seven years of growing pigs under the club instructions. Last year completed his club work because he is no longer eligible. He won several first prizes with his pigs at the Pacific International Livestock show at Portland last fall.

The other two articles were about Bobby Duncan, nine years old, and Gertrude Fay Bell, ten years old, both of Cove. Bobby is a member of the club and has an excellent record. Little Miss Bell is also a member of the club with her registered Jersey heifer. She won the championship in the Jersey classes at the Pacific International Livestock show in 1925.

RUS LINE SUCCESSFUL
EUGENE, Ore.—The Southern Pacific company will in the near future abandon its street-car line between Eugene and Springfield. It was stated in a letter received by Herbert J. Cox, president of the Springfield chamber of commerce, from E. L. King, superintendent of the Portland division of the company.

Mr. King, in his letter, stated that the experiment of the company in Salem in substituting motor-buses on a number of streets in place of street cars has proved successful and it is inferred that not only the Eugene-Springfield line but some of the street-car lines in Eugene will be abandoned, and buses operated in place of street cars.
