A special meeting of the city council of the parent-teacher associations of the city was held Wednesday afternoon at the home of Mrs. C. B. Johnson, with Mrs. E. A. Curfew Law Discussed At P-T. Meeting

The Parent-Teacher association of Willow school had an interesting meeting yesterday afternoon when the regular meeting of the organization was held in the school building. Mrs. S. D. Birch, president, presided over the meeting, which was opened by singing "America," followed by the Lord's Prayer.

Mrs. Birch gave a short talk telling the members of the Parent-Teacher association. A playlet entitled "Cinderella" was given by the Third-B boys and girls, Miss Sarah Williamson's room.

W. C. Crews, city manager, gave a talk on the problems of enforcing the curfew laws. With regret the members of the parent-teacher association learned that some parents in La Grande are not cooperating satisfactorily with the city officials in trying to keep the children off the streets after curfew hours. Mr. Crews said the children caught after 9 o'clock were usually boys, although there are some girls. He stated that the parents were partly to blame and should pay a penalty.

Dr. J. L. Ingle gave an instructive talk on health, taking as his subject "Spinal Curvature and Flat Feet." He demonstrated with a small boy how parents could test the spine. He stated that if the arch of one foot is broken it will cause that limb to be shorter and in this way cause spinal curvature.

Olga Mae Hough played two piano numbers following Dr. Ingle's talk.

During the business session the question of furnishing milk for some of the grades was discussed, and a committee appointed.

The next meeting of the association will be an evening meeting on April 2. Mrs. Sarah Williamson's room won the plant yesterday for having the largest number of parents in attendance.

Rev. Nelson Kolgilt, Lumber-Jack Preacher, started the revival at the Church of God Chapel last night with a full house. He preached one of the most wonderful sermons. He made some people so mad at him, that it made them laugh until they began to love him. Ervey Barker of the Salvation Army has invited the Lumber-Jack Preacher to come down to the Army home tonight and bring the message. There is not doubt but you will have a come early to get a seat. We are trying to get 50 more chairs to seat the people down at the Church of God Chapel Sunday night. The revival will continue throughout next week. Let's go!

School News

(By Marjorie Maguire)

Total Success—The senior play which gave its performance Friday night was indeed a big success. The auditorium was filled to capacity and many expressed their appreciation for the presentation of "The Irresistible Marmaduke."

Report Cards—The grades for last six weeks will be given out Monday instead of Friday as had been formerly announced.

March Tests—The typewriting speed tests were given during the first part of this week and several good records were made, but as yet no word has been heard from the Underwood firm or the Remington, who sent out the tests.

Original Sonnets—Mrs. Thompson's English VIII classes have undertaken to write original sonnets as a part of their course after they had studied a number of sonnets written by Shakespeare, Milton, Heats and Shelly. Some of the poetry that has been turned in is quite good.

Track News—With the basketball season over the high school is turning its attention to track. Last year La Grande won the Eastern Oregon track meet and will stand a good chance of taking it again. Some work is now being done on the track that is situated just west of the school grounds.

Tiger Post—The basketball men and the girls' basketball team had their pictures taken Tuesday afternoon for the Mimir.

Tractor Demonstrated—The physics class, under the supervision of G. W. Campbell, went to the Perkins Motor company

Wednesday morning to see the Fordson tractor demonstrated by a representative of the Ford company who is traveling through the United States and Canada giving demonstrations. The mechanic arts classes under Mr. McEachran went also.

Snaps Wanted—The Mimir is making rapid strides toward an early edition. All the departments are functioning in a well regulated manner. The students are backing the Mimir staff by handing in contributions—but alas—the snap section is suffering from lack of pictures so states Raymond Griffin, snap editor.

French Club Meets—The French club, sponsored by Miss Bauman, language teacher, held its monthly business meeting Wednesday afternoon. As the president, Jack Coolidge, was absent, Edwardine Malone officiated. Esther Brown, chairman of the program committee, planned a delightful program. It consisted of the representation of the French dress, a history of the Gulas in France, which was given by Dorothy Brown. Edwardine Malone impersonated the noted French heroine, Joan of Arc. Miss Bauman read an interesting story in the French language, entitled: "The Way to School," and a solo, "Marsellaise," by Barbara Blatt which concluded the program.

Assembly—An assembly called Wednesday to check up on the senior play tickets. Several announcements were made including a warning to the students to make their attendance at school as regular as possible as this warm spring weather has a tendency to make one careless in his attendance.

While blowing a Danville, Ill. note, yogas started a \$50,000 fire, so they should be warned to be more careful.

Red Predominating Color at Wedding

LONDON, Mar. 6. (AP)—Red was the predominating color at the church wedding in London of Lady Ursula Blackwood to A. R. N. Horne. The bride, given away by her step-father, Lord Howe, wore her traveling costume of deep red

and hat to match, while Lady Doris Gunston, elder sister of the bride, wore red velvet and carried a bunch of snow-drops.

NEW YORK—Some British correspondents who have been writing about the Cathart case relate that there is a new slang phrase in London—a moral larp—meaning gay bird or something such.
