have discarded old hygienic methods for this new way—true protection—discards like tissue

WHEN the world started expecting more of women, the old-time "sanitary pad" had to go. Doctors urge a new way. Millions employ it. You wear sheerest frocks without a second thought, any time, anywhere. You meet every day unhandicapped.

It is called "KOTEX" . . . five times as absorbent as the ordinary cotton pad! Thoroughly deodorizes . . . thus ending ALL fear of offending. Discards as easily as a piece of tissue. No laundry. No embarrassment. You ask for it without hesitancy simply by saying "KOTEX," at any drug or department store. Costs only a few cents. Proves old ways an unnecessary risk.

## SORROW

Raymond Farrell was blind. So his brother, Norman "Reds" Farrell, 23, shot him as he lay asleep in their home at Allentown, Pa. "I have done nothing wrong," Norman told officers who arrested him. "Why should I support a blind man as well as my mother and father?" He seemed unworried. But sorrow gripped the heart of his mother, pictured above.

Cook tapioca in water with salt until clear. Pour boiling water to more than cover the rhubarb, add

soda and let boil up once. Drain and press through cold water. Add to boiling tapioca with sugar and cook five or ten minutes. Turn into a mold and let stand several hours to chill and become firm. Serve with sweetened whipped cream or sugar and cream.

The apple rings are sprinkled with sugar and cinnamon before frying and the fruit is not pared.

Electric fans are installed in almost every office in Greek towns such as Athens, Piraeus, Salonica, Patras and Delos.

Being a bootlegger is dangerous. You are liable to shoot somebody and then you might get arrested.
