UNION SPORTING CLUB CLEARING SITE FOR TRAPS

UNION, (Special)—The Union Sportsmen's club, consisting of about fifty members, held its first picnic at the state fish hatchery grounds Sunday morning. The men gathered early in order to clear a space for trap shooting. Many dead trees were felled, underbrush cleared away and burned. About noon there was a call for dinner at the house. Here the wives of the workers had arranged a table extending the length of Mrs. Bonney's dinner and front rooms. After eating the men resumed their work, which was nearly finished by five o'clock when the ladies served lunch again. About ninety people were present. The men are planning to build a log cabin, which when completed, will be similar to the one already at the hatchery. The new building will be a little larger.

At the Union hotel Thursday evening a dinner was given complimenting Adjutant General George A. White, commander in chief of the Oregon National Guard, of Salem. He came to Union for the mustering in of a new national guard company here. Several other army officers were also here.

Billy Evans Says:

Idaho has given the turf another champion in the person of Arthur Mortensen, leading jockey of 1925.

* * *

Mortensen's sensational performances of the past year entitle him to be ranked with the other great jockeys produced by Idaho, among them Earl Sande, Ivan Parke, the Fators, Laverne, Mark and Elmer, and Alfred Johnson.

It is most unusual that Idaho, without an organized racing association for the conduct of the sport, should each year produce some sensational jockey.

With the exception of four or five county fairs, which schedule about 16 days of racing, Idaho offers nothing to assist in the development of champion jockeys.

* * *

In one week in Ohio last year more races were run than is Idaho's portion for three years.

* * *

STARTED EARLY.

The answer is that Idaho is still a horse country. The thoroughbred hasn't been entirely supplanted by the automobile. Riding a horse is still the greatest thrill of every red-blooded youngster.

They still have real horses in the great open spaces and they are tough to ride. The youngster who learns to sit astride a horse in Idaho has a distinct advantage over his eastern brethren.

Mortensen began riding at Tia Juana, as did Ivan Parke. It is a strange coincidence that W. G. Jenkins discovered and developed both boys.

One year ago Mortensen was practically unknown, while today he is the turf's champion jockey. Many race bettors play Mortensen regardless of his mount.

Inside of two months after he had made his debut, Jenkins was besieged with offers for his services. He finally sold his contract to H. G. Shimp, Chicago millionaire, for a fancy figure.

* * *

UNIQUE RECORD.

Arthur Mortensen, champion jockey of 1925, rode 188 winners during the year. He started his brilliant career Feb. 11, 1925, capturing his first victory.

In addition to the 188 thoroughbreds he has piloted under the wire first, he has ridden 143 horses that ran second and 13 that finished third. He has been "in the money" 469 times.

Mortensen has made more than $50,000 in his first year of riding. He has set a million dollars as his goal and turf experts think he will reach it.

The champion jockey has never made a bet on a horse and says he never will.

* * *

"Just kept ridin' 'em," is Mortensen's brief manner of explaining how he won the championship. Unlike most jockeys, he likes to have a mount in every race.

Whitman to Begin Grid Practice Next Saturday

WALLA WALLA, Wash. Mar. 16. (AP)—Spring football practice will be started at Whitman College Saturday marking a departure in the athletic program here.

Owing to the limited enrollment of athletes and lack of assistant coaches, R. V. Borleske, head coach, will handle both baseball and football turnouts, giving three days a week to each. Every man who played on the 1925 football squad and a few from 1924 who were not in college last fall, will be available for the spring work.

Slot Machine Spurns Counterfeit Nickels

CHICAGO, Mar. 16. (AP)—Slot machines which can tell brass slugs from an honest nickel or a French franc from an American quarter are among the devices on display here at the exposition of the National Vending Machine association.

After years of effort to perfect machines which will refuse to dispense contents to operators who feed them counterfeit slugs, exhibitors say one has been devised which registers disdain at every dishonest coin. The machine gauges the coin, by size and weight.

GAS, LIQUOR DON'T MIX.

FORT COLLINS, Col., Mar. 16. (AP). — Badger Clark, cowboy poet, warned Colorado Agricultural college students that if America gives up prohibition it will have to give up the automobile also. "A drunk man can't twist the reins about the dashboard of an automobile and expect to get home as he did with old Dobbin," Clark said. Clark said prohibition would succeed as a matter of "serial evolution."

ESKIMO WOMAN LOST.

NOME, Mar. 16. (AP)—Tootuk, an Eskimo woman, who has associated with Arctic expeditions of Roald Amundsen and Vilhjalmur Stefansson, is missing. Other natives believe she was lost when the Bering ice went out. Several persons were rescued by the coast guard after the break-up.

Watch Your Breakfast

Energetic Mornings Depend on Breakfast —Start Always with Quaker Oats

HOW you feel all morning depends largely on what you eat for breakfast. Thousands have unenergetic forenoons because of wrong breakfast eating.

To feel right, you must have a well-balanced, complete breakfast ration. At most other meals—lunch and dinner—you get it. But breakfast is a hurried meal, often badly chosen.

Thus Quaker Oats, containing 16% protein, food's great tissue builder; 58% carbohydrate, its great energy element, plus all-important vitamines and the "bulk" that makes laxatives seldom needed, is the dietetic urge of the world today.

It is food that "stands by" you through the morning. Quick Quaker cooks in 3 to 5 minutes. That's faster than plain toast. Don't deny yourself the natural stimulation this rich food offers.
