A. G. S. Tea Compliments Dr. Kate W. Jameson

Complimenting Dr. Kate W. Jameson, dean of women of the Oregon Agricultural college, the junior and senior girls of the Associated Girl Students of the high school, with the officers and committee chairmen of the society, entertained their mothers at a tea yesterday afternoon in the high school auditorium. The stage was prettily decorated honoring St. Patrick's day, as was the tea table, located in one corner of the room.

Miss Eleanor Cleaver, president of the A. G. S., presided over the program and called upon reports from the various committees of the organization. The committee chairmen responded with a brief description of the work of their committee. Margaret Baker represented the big sister committee; Muri Gore, service committee; Clea McKennon, scholarship committee; Wilma Gaskill, social committee; Daisy Robbs, entertainment committee; Marjorie Maguire, creed committee; Ann Stange, standard and etiquette committee; Sylvia Malone, art committee; Lois Nelson, health committee; Tessie Miller, hiking committee; Marian Miller, refreshment committee; Tessie Burns, financial committee; Edith Bell and Trillian Ashby, rest room committee; Cornelia Hansen, first aid committee; Lola McWilliams, publicity committee; Jean Williams, memory book committee; Gertrude Seranton, talent committee; Dorothy Ann Warnick, friendship committee; Corinne Hanson, minute girls; Peggy Hess, noon luncheon committee; Althea Synhorst, citizenship committee; Marjorie Condit, trail seekers committee; and Ellen Self, lost and found committee. Dorothy Funk, vice president, was general chairman of the program.

Miss Adelaide Ruth Clark sang "Two Roses" by Gilderite and "Rain" by Curran, accompanied by Mrs. E. L. Holmes at the piano. After which Miss Mabel Bennett, dean of girls, gave a short talk explaining the A. G. S. Miss Bennett said there were about 24 committees in the organization, with from eight to 15 girls on a committee, one committee having as many as one hundred girls. In this way practically every girl in the organization is a member of one committee. Mrs. Jameson gave an excellent talk, addressing the mothers in particular, telling the value of an organization like the A. G. S. She complimented the mothers and the girls on their interest in the organization and Miss Bennett and the other teachers on their cooperation with the students in making it a success.

Miss Florence Thompson and Miss Eleanor Vernon, assistant deans, presided at the tea table. Tuesday evening Dr. Jameson was the honor guest at a dinner given by Miss Bennett at the home of Mrs. George McVoy. Covers were laid for Dr. Jameson, Miss Bennett, Miss Vernon and Miss Thompson.

Minerva Says--- If you expect to have two or three pairs of new shoes in a year, do not buy them at THE BOOTERY. I got a pair there six months ago and have worn them so long that I am tired looking at them. I want a new pair now, but my husband says, "What's the matter with the ones you have—they are perfectly good and will last a long time yet." "Just think, John, I only gave \$4.95 for these—they were on sale." These are about the only complaint we have on our shoes, they wear too long. We still have a few of these left. More new shoes next week.

THE BOOTERY No Sunday Business.

Third Birthday Anniversary Honored

Honoring the third birthday anniversary of her little son, Clifford, Mrs. Alvan Crowley entertained a number of children and their mothers at a delightful party yesterday afternoon at her home on Oak street. A peanut hunt was a feature of the afternoon with Juanita Clark winning the prize among the girls and Lawrence Howell the boys' prize. A shamrock hunt was also enjoyed by the children with Nancy Millering and Lawrence Howell receiving the prizes.

After the games the children were seated around a prettily decorated dinner table where refreshments were served. The centerpiece was a birthday cake with lighted candles. The honor guest served the cake. Appropriate favors were found with each place card.

Covers were laid for Jack Ferguson, Jack and Robert Koye, Lawrence Howell, Master Oliver, Glennis and Juanita Clark, Nancy Millering, Mildred Goss and the honor guest.

Mrs. Eakin Hostess At O. E. S. Meeting

Mrs. Robert Eakin was hostess to the Past Matrons club of the Order of the Eastern Star last evening at her home on Walnut street when it met in regular monthly business and social session. Fifteen past matrons of the Eastern Star were present. Following the business hour an enjoyable time was spent visiting.

St. Patrick's crown was cleverly used in the decorations of the home and the daily refreshments served at an appropriate hour.

Commended for Her Coolness

Miss Agnes Wright, a Kenosha, Wis., physician's assistant, was twice on railway cars that figured in accidents, and each time she administered first aid with a promptness and coolness that won her a citation from the railroad president. On one occasion she saved a man from bleeding to death.

Don't be afraid to start sowing now with the snow on the ground. Grass seed, annual lawns, poppies will take care of themselves now. Snapdragon likewise can be sprinkled on the snow for the early seed bed.

Look over the sash and have it tight when you want it to cover the cold frames and hotbeds. See that you have in fasteners or putty to make the panes fast.

That curly stuff in the barrel in front of the grocer's is kale, fine winter greens. You could be picking it in your garden if you had planted it last year. Don't forget it this year. It can follow early crops.

Send in your seed order this week. Business is rushing.

Order lime for the cabbage patch, gypsum for the frieze, sheep manure and cow manure, commercially prepared for the annual beds, and bone meal for almost everything. This is a long lasting fertilizer that can always be given with advantage even in dry sandy soils where it is inert.

If the ground has isn't temperamental it will be an early spring in most parts of the country. Have the round seeded peas ready to get the jump on the season. When you burn the brush from the spring pruning, spread the ashes on the garden, potash fertilizer and it also adds lime. There are many new wrinkles in fertilizers being put into commerce as a result of experiment station work. Urea is reported as the greatest nitrogen carrying fertilizer yet developed. It will be offered this spring. It is worth experimenting to see if it lives up to scientific predictions.

WOMEN PRIVILEGED. PHILADELPHIA—Women must keep their hats on at the trial of David L. Marshall, chiropractor, for murdering Ann May Deltreich. When one spectator uncovered to relieve a headache she was informed: "This isn't a movie; it's a murder trial."

Local Girl Will Take Part in Two Concerts

UNIVERSITY OF OREGON, Eugene, Ore., Mar. 18. (Special)—Helen Andrews, of La Grande, who is a member of the women's glee club, will appear in two concerts spring vacation when the club tours with the men's glee club. The glee clubs with the University orchestra will appear in Salem March 23, and in Portland the next night. After the Portland concert, the women's club will disband while the men and the orchestra continue their trip to other points in the state. Miss Andrews is a sophomore in the school of education.

HEALTH

SPRING CLEAN-UP (By Dr. Frederick Stricker) With Spring comes house cleaning. "Clean-Up" campaigns are now in order. It is an excellent plan to have the streets, alleys and yards cleaned especially in the spring, but the benefit of the clean-up will depend entirely upon the efforts of individuals to keep up the work during the entire year. To maintain healthy, sanitary conditions either for the individual or the community does not require a great effort, but it does require a more or less continuous effort.

Cleanliness of person and premises is to a certain extent a protection against disease. A clean, healthy environment has a wholesome effect, while a dirty, unsanitary environment is degenerative in its effect—physically, mentally and morally—producing poor citizens. Anything which raises the standards of clean and healthy living will pay financially. There is nothing more expensive to the community than filth and disease.

A favorable sentiment toward better living and health has grown in this state until now there is almost every community a clean-up spirit. An annual clean-up does not suffice any more for a clean city than a yearly bath would for a clean individual. Regular inspection of the milk and meat supplies, restaurants and soda fountains is necessary to insure safe and clean foods. The streets, alley and backyards should be kept clean by continuing your community. Desirable citizens are attracted to live where the conditions are favorable to health and contentment.

All manure piles whether around houses, barns, hog pens or chicken yards should be removed at least twice a week, as they are the principle breeding places of the fly. Lime is one of the cheapest disinfectants for general use, and should be liberally used in the disinfection of manure grounds, garbage cans and the like. Precautions taken against flies now will save

unless work and worry later on. Take pride in the general appearance of your community, and keep your own place continually cleaned up. Remember general cleanliness is the best and cheapest advertisement your community can have.

TO the man and woman who relish a really delicious salad oil we earnestly make this suggestion—compare Mazola with any imported olive oil that may cost you twice as much as Mazola—Then settle in your own mind and to the entire satisfaction of your palate that the world offers no finer oil—no more wholesome oil, regardless of price, than Mazola. Please follow this simple recipe for French Dressing and convince yourself:

8 tablespoons Mazola 3/4 teaspoon Salt
5 tablespoons Lemon Juice 1 teaspoon Sugar
or Vinegar 3/4 teaspoon Paprika

MIX dry ingredients. Add Mazola and lemon juice or vinegar and beat until creamy. This dressing may be made in larger quantities and kept in a bottle and shaken as used.

This is the regulation recipe for French Dressing, but the proportions of oil and acid may be reversed to make it a little tart for those desiring a sharper dressing. A little Chili Sauce or Catsup also gives added piquancy.

WHY shouldn't Mazola be America's most popular salad oil? It is a pure vegetable oil—pressed from the hearts of full ripened corn kernels—as good and delicious to eat as the corn from which it comes. The quality of Mazola appeals to your palate—whereas its economy appeals to your common sense.
