THE ALMIGHTY GOD—"And Moses stretched out his hand over the sea; and Jehovah caused the sea to go back by a strong east wind."

Love isn't stone blind if the stone is a diamond.
In Chicago a domestic science school is offering courses in carving to untrained husbands.

After all, we suppose we'll have to take the blame for this political turmoil in Union and Wallowa counties.

Portland is going to try that old one, "absence makes the heart grow fonder," on the public by the elimination of the Rose Festival this year.

MEASURING THE FUTURE
There are men who, in the face of all history, of the great changes wrought in man's condition, and of the new principles which are now acting on society, maintain that the future is to be a copy of the past.

Those who measure the future exclusively in the light of the past are obviously in every walk of life.

We are all more or less guilty because we lack the vision with which to foresee and foretell a changing world and a changing life.

USED CARS
Remember when you buy a used car that your best insurance on quality is to buy from a reliable dealer.

OFFICE CAT

"Did you say she danced like a zephyr?"
"Zephyr, heck—like a heifer."
"Oh, will you miss me," wailed the serenading lover.
"Not if I can help it," muttered dad as he took a windup with the water pitcher.
Don't think that it is any consolation to a man to know that it is only the female mosquito that bites.
Then evening found the sun setting.
And "though I did my best could not help from letting it set on an endless nest."
"Throw up your hands!"
"O-h!"
"Higher!"
"O-h! O-h!"
"Still higher!"
"O-h! O-h! O-h!"
"Now let's see what you've got."
"Well—I—er—"
"Sh—h—h—"
"But—I—ah—"
"Don't say a word."
"Er—ah—I—"
"I tell you be quiet! Now let me examine the back muscles. Ah! Just as I thought. Rheumatism. You can lower your arms now. That'll be twenty dollars, please."
A New Jersey man has left \$5,000,000 to be used in building a home for hunchbacks. We are not expecting any of the old maids to start a movement to erect a monument for him.
Lots of dull people wear smart clothes.

Exquisite Easter Millinery

JUST let madam or mademoiselle try one of our smart hats on, and see her reflection in the glass, then see if she wants to take it off. The chic curve of the brims; the smart height of the crowns; the brilliant spring colorings, and last but not least, the charming spring fabrics--straws, silks, satins and felts--are all excellent reasons for wanting a hat from "La Grande's Leading Store."
