Accompanied by their coach the Union high school girls went to Enterprise Saturday and that evening they played the Enterprise high nine. Owing to having mostly a new team the local nine was badly defeated the score being 59 to 10. After the game the Enterprise students entertained the visiting players with a very nice lunch.

Reports Received

Much of the time of the meeting of the commercial club last Mon-

day evening was given up to hearing reports from various societies in which the club was either participating or deeply interested at least. Mr. Webb, manager of the Cozy, reported that the recent benefit program at the theater netted about sixty dollars of the \$100 the club had pledged to the Near East Work, and the balance was soon raised. Roy Conklin reported that the basketball tournament receipts were within a few cents of \$1400 and that a small balance was still in the treasury.

Reports from the Methodist conference to be held here later in the season were heard and approved by the members as were also the reports of the improvements made at the hatchery grounds by the Sportsmen's club.

A luncheon service was held by the Missionary Society at the Methodist church Sunday evening.

A. W. Middleton, who has been in the east for some time arrived in Union last week to look after business connected with the Central Railway of Oregon.

Orchardists. In this end of the valley are becoming more interested in the prune harvest and less in raising apples, judging from the fact that some of them are pulling out their apple trees and resetting the ground to prune trees.

Committees of Campfire girls are selling tickets for the O. A. C. concert next Tuesday evening at the school gym, and arrangements have been made for the entertainment of the young ladies while they are in Union.

"Bax" Hulten is here from Harney county for a combined business and pleasure trip, as is also his brother who runs a ranch in Idaho. They will both return to their ranches in a few days.

Owing to the fact that the Madrigal club from the O. A. C. will give a dance following their concert Tuesday evening the character ball which the Sportsmen's club had scheduled for the following night has been indefinitely postponed.

Here are the Answers to Your Questions on the American Rubber Supply and Automobile Tires

Q—Where does America get its rubber?

A—The only important source of rubber for all the world is the rubber plantations in the Far Eastern possessions of Great Britain and Holland.

Q—Is America represented among the Far Eastern rubber plantations?

A—Yes, the largest of all these Far Eastern plantations is owned and operated by the UNITED STATES RUBBER COMPANY.

Q—Do the United States Rubber Company Plantations produce any considerable quantity of rubber?

A—Yes, they produced 20,000,000 lbs. of rubber in 1925, and in the next few years the output will be increased about 75%.

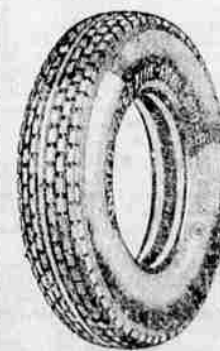

Q—Then the growing of rubber by Americans for Americans is not a new thing?

A—No. In 1909, this company acquired their vast tracts of ideal rubber growing land in Sumatra and Malaya.

Q—How large are the U. S. Rubber Plantations today?

A—The U. S. Rubber Company Plantations now comprise about 136,000 acres, with over 7,000,000 rubber trees, sixty miles of narrow-gauge railway, and 200 miles of motor roads. They give employment to 20,000 people.

Q—What does all this mean to me as a buyer and user of United States Tires?
