

## 'KLAN' APPLIES ONLY TO K. K. K.

INDIANAPOLIS, Ind., Mar. 31.

(AP)—The Knights of the Ku Klux Klan organization of Atlanta, Ga., holds sole right to the use of the word "klan," Judge Thomas W. Stick decided in a suit in a United States district court here today in enjoining the Independent Klan of America from using that name. Judge Stick did not rule on the request for \$500,000 damages asked by the plaintiff. That point was considered waived, as the plaintiff did not present cause for damages in its arguments and briefs.

The permanent injunction prohibits the Independent Klan of America from using the name "soft seat."

"The Knights of the Ku Klux Klan," "the Invisible Empire, Knights of the Ku Klux Klan," "The Ku Klux Klan," or the "Klan." The Independent Klan which had its inception in Muncie, Ind., about a year ago was further enjoined permanently from operating in any manner under any of the names "or any similar or like name or names."

"Every one knows what organization is meant when he sees or hears the word 'klan' Judge Stick ruled. "It is a well established rule that courts will take judicial notice of what is common knowledge among mankind. The court in this case is bound to know that the word 'klan' has come to have a secondary meaning and designates the plaintiff, the Ku Klux Klan and the word 'klanman' is a name applied to the members of plaintiff organizations."

When driving over rough roads a soft top is just as important as a soft seat.

## U.S. Has 61 Peaks Of More Than 14,000 Feet

Forty-Seven of Total in Colorado, 13 in California, One in State of Washington

SAN FRANCISCO, Mar. 31.

(AP)—The recent renaming of numerous high peaks by the United States geographic board has disclosed that there are sixty-one peaks in this country more than 14,000 feet high. Of these, forty-seven are in Colorado, thirteen in California and one in Washington. The Sierra club, a nationally known organization, recommended some fifty names—corrections and additions—of high places in the country's mountains, and many of these have been accepted as official. The data compiled by the Sierra club has brought out some interesting facts.

California, which has the highest peak, Mt. Whitney, 14,501 feet, also has the lowest place, Death Valley, 280 feet below sea level. In California there are more than sixty named peaks rising above 12,000 feet, according to the United States geological survey. There are also fifty named peaks towering more than 12,000 feet.

The mountains of Colorado, forty-seven of whose peaks top the 14,000 foot height are more rounded in conformation and much easier to climb than those of California, which are spire-like and contain more perpetual small glaciers.

Mt. Ranier Beautiful—The state of Washington's one peak of extreme height—Mt. Ranier, 14,408 feet—is claimed by mountaineers to be the most dominating and beautiful of all.

The United States geological survey and the United States coast and geodetic survey give the ten highest summits of the United States, exclusive of Alaska, with their altitudes as follows: Mt. Whitney, California, 14,501; Mt. Elbert, Colorado, 14,429; Mt. Rainier, Washington, 14,408; Mt. Massiv, Colorado, 14,404; Mt. Harvard, Colorado, 14,399; Mt. Williamson, California, 14,384; Blanca Peak, Colorado, 14,363; Grays Peak, Colorado, 14,341; Torreya Peak, Colorado, 14,336, and La Plata Peak, Colorado, 14,332.

GRIZZLY KILLS MAN

PRINCE GEORGE, B. C.—Tom Mooney, a trapper, has been killed in a battle with a grizzly bear. His partner found the body with an axe grasped in one hand.

## Armed Bandits Escape After Robbing Hotel

BEVERLY HILLS, Cal., Mar. 31.

(AP)—Two bandits, each armed with a pair of pistols, strode into the Beverly Hills hotel here early today, forced an employee to open the safe and escaped with cash amounting to more than \$1,000 and several envelopes containing valuables left for safe keeping by guests.

When the night clerk was alone in complying with the commands of the pair, one of the bandits held him with a blow over the head, he told police.

## Summerville Rancher Repairs Burned Roof

SUMMERVILLE, Ore., Mar. 31.

(Special)—Clem Mc Kinnis, who ranches about three miles north of here, yesterday was busy repairing a hole eight feet in diameter which was burned in the roof of his home Sunday afternoon when the wind blew sparks from the chimney against the dry shingles. George Hardy, a neighbor, first saw the flames. The two men, by battling with water pails from attic and roof, succeeded in extinguishing the blaze before greater damage was done despite the gale that was blowing.

## HIT-AND-RUN DRIVER HITS

OAKLAND—A switch engine engine pursued a hit and run driver in his engine and after catching him received a punch on the nose for his trouble. Matt Allen, the engineer, saw John Ravus' auto strike another car and proceed without investigating. He caught him and after the fifth episode had him arrested on a battery charge.

## AIRMEN VISIT YUMA

YUMA, Ariz.—Forty army, navy and federal officers who had breakfast in San Diego were luncheon guests here. They came in 17 airplanes and were headed by Major General J. P. Pendleton, marine corps, retired.

## AUTO KILLS LAD

SAN FRANCISCO—Three boys on a home made coaster attempted to cross the path of a moving auto and one of them is dead, the other two seriously injured. Although witnesses said the accident was unavoidable the driver of the machine was arrested.

## S. P. MOVE TO BUY CHECKED

KLAMATH FALLS, Mar. 31.

(AP)—Sale of a portion of city park property here to the Southern Pacific railway is blocked, due to insistence of the Southern Pacific on certain sale conditions that in the opinion of the city council would effectually and permanently bar the northern lines from approach to the industrial section of this city.

The city park contains approximately 3.92 acres. The northern lines, when bids were opened, offered \$7500 an acre for 2.78 acres, presented a certified check to back their bid, and imposed no restrictions.

The Southern Pacific company

bid \$7500 an acre on 6.14 acres.

Its bid was unaccompanied by check. The bid provided that in consideration of the purchase, the city was to allow "approaches" to be built to the park property.

The council demurred, asking that the "approaches" be specifically designated.

The Southern Pacific then asked for a franchise on Klamath avenue.

Two diverging lines controlled by the Southern Pacific now run outside the industrial section of the city, forming an angle. Granting of the Klamath avenue request to the Southern Pacific would join the ends of the present lines and form a perfect triangle, with ingress and egress barred to any competing railroad.

This, in the opinion of the city council, would amount to the giving of a virtual monopoly to the Southern Pacific, a thing not desired.

The matter is still under consideration, with the Southern Pacific requested to moderate its demands.

GUARDSMEN INSPECTED

EUGENE, Ore., Mar. 31. (AP)—Eugene national guardsmen composed of the first battalion and C company, the rifle unit, were formally inspected here last evening by Colonel R. H. Van Dusen of the regular army.

Colonel Van Dusen appeared to be well pleased with the inspection, though no statement was made, since reports of the inspection will not be made known until after his formal report to corps.

## Why FRIGIDAIRE has won World Leadership in Electrical Refrigeration

- (1) Greatest engineering resources.
- (2) Largest production.
- (3) Most complete line.
- (4) Pioneer builders of cabinet models.
- (5) Built completely in Frigidaire Factories.
- (6) Sales and Service organization covers entire country.

# A Copper Washer for a Silver Dollar

Special Price and Unusually Low Terms For April

DURING APRIL HOUSEWIVES IN LA GRANDE WILL BE ABLE TO SECURE ONE OF THESE RELIABLE AUTOMATIC WASHERS WITH CORRUGATED COPPER TUB, ALUMINUM LID, ALL-METAL WRINGER AND DUCO FINISHED FOR

## ONLY \$1.00 DOWN

Women everywhere are delighted with the results accomplished by its modern and efficient HYDRO-DISC washing principle. Being scientifically designed, the Hydro-disc has SPEED with SAFETY. It creates a torrent of suds which positively cleanses everything quickly, thoroughly and gently—fine garments, too.

### You'll like the "Automatic" because--

Its heavy, corrugated copper tub drains itself. The matchless washing efficiency of its patented Hydro-disc delights women everywhere.

Provides an abundance of clean and sanitary clothes quickly. Is simple to operate, neat and compact, and so durably built it renders many years of dependable and economical service.

An \$8 Percolator FREE!

With every Automatic Washer sold during our special campaign. Complete with attachment cord and plug, ready to make many cups of delicious coffee.
