**Upper Classmen Come From Behind by Winning Relay—Sherwood Is High Point Man**

The seniors, after staging a brilliant fight to overtake the juniors, won the interclass track and field meet yesterday afternoon by a margin of two points, the relay telling the tale, the final score standing seniors 67, juniors 65.

The freshmen, who scored but one point Saturday, also came from behind and defeated the sophomores, scoring 9 1/2 points to the sophomores' 5 1/2.

With the exception of Sherwood's 112 feet 4 inch heave of the plater Saturday, no records were approached although some good marks were made in several events.

**Lyman Wins Jump**  
The high jump yesterday developed some keen competition with Lyman taking first. The bar was set at 5 feet 11 inches but because of sag in the cross pole, the winning jump was actually about three inches lower.

Zundel and Berry, second place one inch farther down the scale. Which would indicate that the Tigers will make a lot of points in the high jump in the Eastern Oregon meet.

Keown jumped 19 feet 4 inches to win the broad jump. Spotts, who failed to place, leaped 19 feet 5 inches but over-stepped the take-off by about two inches.

Sherwood won the 220-yard dash on a wet track in 23 2-5 seconds, considered as good time—in fact, only three-fifths of a second behind Taggart's mark, made at Union a couple of years ago.

**Sherwood High-Point Man**  
Sherwood, captain of the senior team, was high point man of the meet with 20 1/2 points. He took first in five events—the discus, 100- and 220-yard dashes, low hurdles, and shotput, and was a member of the winning relay team. Lyman was second with 16 and Keown a close third with 15 1/2 points.

**Billy Evans Says:**

An unsettled infield condition was troubling Wilbert Robinson when gave his Brooklyn club the once over.

He was hopeful that it would be straightened out before the opening of the season.

As a matter of fact, a conference with Jack Dunn was on the fire relative to the purchase of Shortstop Holey of the Baltimore Orioles.

Holey, according to the scouts, has been big league timber for six years but Dunn, realizing his value, always made the salary big enough to satisfy Holey and make him content with his minor league berth.

If able to land Holey, it is planned to use him at short, shifting Habbit Maranville to second. Maranville prefers second. That would make a good combination around the keystone sack.

Milton Stock, who was doing his annual holdout stuff, will, of course, be seen at third if salary matters are cleared up before the season opens.

**PITCHING IS O. K.**  
Manager Robinson believes an infield made up of Stock, Holey, Maranville and Fourniers would make his club a first division possibility.

My pitching is more than satisfactory," says Robble in discussing his club. "It compares favorably with any other staff in the National League."

Archie Andrews (left) wanted to sell his Chicago office building to Fred Bartlett (right) for \$25,000, but Bartlett thought it was worth only \$50,000. They agreed to play a game of golf in Pasadena for the \$25,000. Andrews won.

**AGGIE TEAM MAY ENTER SQUAD IN PENN RELAY RACE**

CORVALLIS, Ore., Apr. 6. (AP)—Entrance of an Oregon Agricultural college four-mile relay team in the Penn relays depends on the action of the board of control which meets today, said Coach M. H. "Bud" Butler this morning when shown an Associated Press dispatch from Philadelphia saying the Aggies had entered there. "We have entered a team in the Kansas, Drake, Penn, and Chicago relays," said Butler, "but whether we actually take part will depend on money available."

In try-outs last week eight of Butler's men finished a mile in 4:30 or better indicating a possibility of breaking the four-mile record by the Aggie team.

**REPORTERS WIN IN BEND CASE**

SALEM, Ore., Apr. 6. (AP)—Newspaper reporters have a right to examine the official records in custody of county clerks or other public officials for the purpose of preparing from them a matter for publication, according to a supreme court opinion today in the case of the Bend Publishing company against J. H. Hager, Deschutes county clerk. The case was an original proceeding in mandamus and the opinion written by Justice Brown.

The opinion simply cites the law. In brief it holds that while the official authority to make rules for the protection of the records in his custody, the records must be made available to any person wishing to examine them for a lawful purpose.

The Bend publishing company is publisher of the Central Oregon Press.

An oral opinion from Chief Justice McBride today dissolved a temporary injunction in the case of the Big Butte Horse and Cattle association and others against Alex Anderson and others. The temporary injunction, granted recently by chief justice McBride, barred the sheep of the latter from grazing on certain unfenced land in the Big Butte country pending an appeal.

**Motor Buses Pushing Out Street Car Lines**

SALEM, Ore., Apr. 6. (AP)—The doom of the street car in Salem was foreshadowed at the city council meeting last night when T. E. Billingsley, superintendent of the street railway lines, appealed to the city council for authority to substitute motor buses for street cars on the South Salem-Fairgrounds line. Buses already have been substituted on the 17th street and Yew Park lines and Billingsley said that later he would ask to make the change on the Cheneketa and State street lines, which will do away with the street cars entirely in Salem. Asked if the same changes are to be made at Eugene and West Linn, the other two Oregon cities where the Southern Pacific operates street cars, Billingsley replied, "Not right away." Billingsley's application last night was placed in the hands of a special committee.

**"Have a Camel"**  
No other cigarette like this was ever made

CAMELS brought the world an entirely new sense of smoking enjoyment. And the world gave Camels the largest patronage ever given a cigarette.

It was Camel quality that made Camel the largest selling cigarette on earth. That made it first and only choice with millions of experienced smokers. That caused Camel goodness to become a world triumph of cigarette contentment.

Into this one cigarette is concentrated the skill, the ability of the world's largest tobacco organization. Nothing is too good for Camels. No

expense, no care is spared to make it the utmost in cigarettes. Camels are the choicest Turkish and Domestic tobaccos grown, masterfully blended to bring you their full, mellow goodness.

We know that you will like Camels if you will try them. To be sure, compare them with any other cigarette made, regardless of price. Smoke all the Camels you want—they'll never tire the taste, never leave a cigarette after-taste.

No other cigarette can be like this one. No other can so wonderfully satisfy your taste. Have a Camel!
