

Why Is A Moccasin--

the lightest, most durable, most comfortable footwear known.

Because it is made in the Indian way with smooth upper leather extending in one piece completely under the foot. This construction does away with the need for the stiff sharp-sided innersole, the welt and bottom filler found in ordinary shoes.

The Genuine "Rused" Moccasin \$15 to \$22.50

Wheat, After Reaching Peak, Closes Irregular

CHICAGO, Apr. 14. (AP)—Notwithstanding that prices for all deliveries of wheat ascended today to a new high level the advance failed to hold well. Urgent demands from the east was lacking in the last part of the day, and attempts to realize on holdings disclosed that support for the market was absent. On the other hand, advice was current that the Canadian growers' pool had disposed of two million bushels for export.

Wheat closed irregular at 5c net decline to 5c advance.
