TWO SLAIN IN RELIGIOUS ROW

MEXICO CITY, Apr. 23. (AP)—Dispatches from Zitacuaro say that Captain Benjamin Ruiz, of the Mexican army, and one civilian were killed and several civilians wounded during a clash between the people of the town and the military over the religious situation.

Crowds had gathered in the municipal building, where the authorities were considering a petition of the Catholic Young Men's association requesting an amendment of the law limiting religious freedom. Captain Ruiz ordered the crowd to disperse, whereupon the crowd attacked him. He was stabbed to death.

Military Commander Perez Pacheco then ordered the troops to fire in the air. The women in the crowd began taunting the troops, while men fired with revolvers upon the soldiers. A sharp combat, lasting several minutes, ensued before the soldiers dispersed the crowd.

Campaign for Higher Prices Is Continuing

NEW YORK, Apr. 23. (By the Associated Press)—Encouraged by the action of the directors of the United States Steel corporation in placing the common stock on a regular 7 per cent basis which was widely construed as evidence of continued prosperity, operators on the long side resumed their campaign for higher prices in today's market despite sporadic bear selling in various sections of the list. Buying orders were well distributed, but the steel, equipment, motors and foods gave the best demonstrations of group strength. The closing was strong. Total sales approximated 1,250,000 shares.

Produce Prices, Despite Weather, Remain Steady

PORTLAND, Ore., Apr. 23. (AP)—Hot weather has commenced to reflect in local egg receipts and local operators are taking a liberal shrinkage in preparing them for the coolers. Prices, however, remain steady and unchanged for the day. Receipts yesterday totaled 1346 cases with storage stocks up to 27,422 cases. No change is shown in the local butter market. Both receipts and the make are heavy, and stocks remaining in the cooler. There is a fair outlet to the south on high severe butter. Receipts yesterday amounted to 25,388 pounds with the local make at 22,999 pounds. Local storage stocks amount to 122,804 pounds.

Country dressed meats and poultry are generally steady and unchanged. Receipts are moderate but the demand is less keen.

FRISCO POULTRY
SAN FRANCISCO, Apr. 23. (AP)—U. S. Bureau Agricultural Economics)—There was a slightly weaker feeling on Leghorn hens today while young chickens were showing a steady to firm feeling. Live turkeys were offered at 34 1/2 to 35c per pound.

WEATHER DRY; WHEAT CLIMBS

CHICAGO, Apr. 23. (AP)—Increasingly serious reports of dry weather in the American and Canadian northwest contributed to an upward trend in the wheat market today, especially during the last part of board of trade sessions. Complaints of crop deterioration were also coming from Nebraska and parts of Kansas. On the other hand, no new export demand for North American wheat was in evidence, although free buying of future deliveries at Winnipeg was credited to exporters.

Wheat closed firm 1/4 to 3/8 c net higher; corn unchanged to 1/8 c up and oats at 3/8 @ 1/2 gain.

HEALTH is the Promise of Chiropractic. The modern, up-to-date Chiropractor is not only caring for you when you are sick. The Chiropractor's idea of disease is that it is CAUSED by pressure of a bone in the spine on a nerve carrying mental impulses from the brain to some part of the body. The Chiropractor detects where this pressure exists by using the amazingly accurate instrument known as the Neurocalometer. When he finds where the pressure exists he can, and does, adjust the vertebra (bone) in the spine back to its normal position. Nature restores the diseased part to health. That is why the Chiropractor says: HEALTH is the promise of Chiropractic. Visit this office and, without obligation, consult us about your case. Let us explain what Chiropractic can do for you. F. L.
