### RUMORS SAY STRIKE END DRAWS NEAR

way improved. If the strike continues, the irresponsible sections of the public probably will become more troublesome as the days pass. There have been numerous disturbances already. The worst trouble has occurred at Glasgow, which has a notorious radical population, and especially in the adjoining shipbuilding and mining districts. There was fierce rioting in the east side of the city yesterday when the police broke many heads and themselves suffered a bombardment of stones and other missiles. The constabulary got the upper hand. Sixty-six persons were arrested. There was some looting. Edinburgh and some of the big English towns also witnessed lively scenes, while in southeast London tumult kept the police busy a long time. The rioting in no case was on such a large scale as to compel the police to call for the aid of troops. The strike leaders continue to depreciate violence and the disturbance apparently have been due to bad elements over which they have no control.

The government announced by radio today that all ranks of the armed forces of the crown will receive the government's full support in any action they may find it necessary to take in honest efforts to aid the civil powers in dealing with strike disorders.

**COPENHAGEN, Denmark, May 7 (AP).—**The executive committee of the Danish Trade Unions gave the Association of Employers preliminary notice today of a strike in support of the British strikers.

**LONDON, May 7 (AP).—**Troops wearing steel helmets and carrying full field equipment, were sent this afternoon into the dock districts of London where the rough crowds are becoming too unruly for the unarmed police.

### The Rev. W. S. Gilbert Officiates at Baptism

A fourth link in the chain of events that connects the life of the Rev. W. S. Gilbert, regent of the University of Oregon with that of the H. J. Ritter family was forged Thursday afternoon when the clergyman officiated at the baptism of little Shirley Ann Sherwood, granddaughter of Mr. and Mrs. Ritter.

Mr. Gilbert was chaplain in Mr. Ritter's company during the Spanish-American war, and solemnized the marriage rites when the latter took his bride on his return to the United States. The regent later was called upon to officiate when Flavia Ritter was baptized. Shirley Ann, whom he baptized yesterday, is Flavia Ritter Sherwood's little girl. The ceremony took place at the First Presbyterian church, the Rev. W. C. Ross, pastor, assisting. A number of guests were present.

### BOYS OPEN COLORFUL CONCLAVE

he said, but they must remember always that the order of DeMolay stands for the development of the qualities and character of true manhood.

Growth of the order during its three years of existence in Oregon to 26 chapters with a membership of more than 1600 was related to the convention. The national order, started in Kansas City, present grand council headquarters, in 1920, now comprises 1200 chapters with a membership of 150,000 young men between the ages of 16 and 21, he said. The organization was founded to cover the period that follows the Boy Scout age and precedes the age at which the members are eligible to Masonry, and to provide the opportunities and advantages of organization toward better manhood, the deputy explained. While the order is composed of boys, each chapter is sponsored by an advisory council of six Masons.

**Many Seek 1927 Conclave**  
 Next year's conclave, the coveted prize among the chapters, is being sought by Astoria, Eugene, Portland and Klamath Falls delegates, who are here in force with their gay-garbed teams to get them favorable attention. The conclave city furnishes the state officers for the year that precedes its entertainment of the annual assembly.

A barbecue at Riverside park will be the fun feature of this evening. Secret work of the order will be exemplified at Masonic hall beginning at 8 o'clock. Washington chapter, of Portland, will put on the initiatory degree. Baker chapter, of Baker, will confer the degree of DeMolay.

**Tomorrow's Program**  
 Saturday morning's session begins with general business, followed by addresses by August J. Stange, of the Mt. Emily Lumber company, who will talk on "Boys in Industry," Dr. Phy and Woodson L. Patterson, of Baker. A complimentary luncheon will be served at noon. The afternoon meeting will be occupied with business.

Plans for a big parade tomorrow were under way this morning.

**Dance Scheduled**  
 A dance, sponsored by the Union county chamber of commerce, will honor the visiting youths Saturday evening at the Elks' temple. It will follow a banquet at the Masonic hall.

All who care to stay will be taken to Wallowa Lake wonderland for an outing Sunday morning.

Sunrise chapter, of Portland, the largest unit in Oregon, came into town with both band and degree team. Other chapters whose representatives have arrived are: Washington, Oregon and Peninsula, of Portland; Grants Pass, Roseburg, Forest Grove, Ontario, Baker, Eugene, Coos Bay, Newberg, Corvallis, Klamath Falls, Bend, Astoria, Medford, The Dalles, Salem, Pendleton, and La Grande.

### Dog Ordinance Read And Laid on Table

The installation of a fire plug in that district, now unprotected, and City Manager W. C. Crews announced that this will be done as soon as the fire plug is obtainable.

Other minor matters, including routine matters, were attended to before adjournment.

### WOMEN PAY LA GRANDE COMPLIMENT

(Continued From Page 1.)

The new leaders had been presented courage bouquets as expressions of goodwill. Mrs. Ben Fisher, of Marshfield, led the convention in singing "Blest Be the Tie That Binds." Then followed a succession of complimentary songs in a rush of enthusiasm and relief that was almost hysterical. A climax was reached when Mrs. C. H. Scranton, president of the hostess club, presented Mrs. Dunbar with a fitted traveling case and a many-pieced glassware set as a farewell appreciation from the delegates. Mrs. Fisher received an ornamental piece of brass from the Neighborhood club, Mrs. G. L. Dutton, chairman of the music committee, making the presentation.

**Approves Normal School**  
 Approval of the movement toward the establishment of a normal school in Eastern Oregon and endorsement of the bill for the removal of the unjust discrimination that exists between dependent children in institutions and those in private homes constituted the final legislative action of the convention. The need for the normal school in this section of the state was presented in a concise speech by Dr. W. P. McAdory.

## CAR PLUNGES DOWN INCLINE

**SAN FRANCISCO, May 7. (AP).—**A crowded cable car, gaining momentum on the steep California street hill today, ran away out of control, to the bottom of the hill and telescoped another cable car there, severely injuring five persons and causing lesser injuries to a score of others.

The runaway car hit a big meat truck a block before it crashed into the other car. This stopped its plunge somewhat, but it gained momentum as it sped along, and when it struck the other car it was again going at breakneck speed.

When the car was found out of control, the conductor shouted for the whole crowd to lay down on the floor of the car and "sit tight." However, about 25 passengers leaped from the car most of them making the jump without injury. Most of the injured refused hospital treatment.

The meat truck was forced onto the side walk and through a plate glass window.

Slippery tracks and the failure of the grip to work properly were given as the causes of the runaway.

press for hospitality and co-operation during the convention were voted amid cheers at the closing session. Mrs. E. A. Jobes, of Portland, Mrs. Anna M. Biedno, of Myrtle Point, and Mrs. Root, the new corresponding secretary, composed the resolutions committee.

**Women Visiting Wonderland**  
 Although the convention was officially closed yesterday afternoon, 30 or more delegates remained to join the caravan that left for Wallowa lake at 8 o'clock this morning. They will be guests of Joseph at luncheon this noon, returning to this city late today to leave by train and automobile for their homes over the state.

"You may say for me that La Grande has given us one of the best conventions we have ever had in Oregon," said Mrs. C. H. Castner, of Portland, a past president, as she took her leave for Joseph this morning. "You have done everything that could be thought of to make our visit happy."

"Hospitality such as I never saw equaled in my life," was the way one visitor expressed her appreciation from the convention floor at the closing meeting Thursday afternoon.
