German Cannon Taken To Wallowa by Legion

WALLOWA, Ore., May 18.—The German 77-millimeter gun which the war trophy department gave Kruse post of the American Legion here arrived the first of the week. It will be mounted on a base at the intersection of Wislady creek and the state highway. The gun is one of the three which was given to the state by the trophy department and is badly rusted as a result of exposure to salt water. It was shipped from the East by way of the Panama canal, and from Portland by rail, with total freight charges amounting to more than \$100.

Wallowa Farmers Will Build Irrigation Canal

WALLOWA, Ore., May 18.—Final steps were taken by the farmers of the Middle Valley section east of here in perfecting organization for running a new canal from the main Wallowa river, two miles east of Lostine, and emptying into South Fork river west of Lostine. Water for irrigation from the South Fork river has been scarce while there is always an abundance of water going to waste in the main stream. The new canal will be about two miles long, and will carry an extra supply for approximately 5000 acres. At a meeting held in Lostine Monday articles of incorporation were adopted and will be filed at Salem this week by County Water-master Stanley. Work on the new ditch project will be started within two weeks. More ditch work is contemplated in Middle Valley next year to put 1000 acres more under irrigation.

Farmers Object to Diversion of Water

WALLOWA, Ore., May 18.—Objection of farmers of the Diamond Prairie district to the proposed transfer of water from irrigation to municipal purposes by the city of Wallowa was voiced in a hearing held here Wednesday before Rhea Luper, state engineer. The city's water was purchased 132 acres of land on Bear creek for \$25,000 with water rights, with the idea of transferring the water rights thus acquired to municipal purposes. It is stated that 80 acres of the land has a water right dating from 1833 while the balance has a right dating from 1893. Farmers who made the objection contend that during the dry portion of the season there is not sufficient water in Bear creek for irrigation, except when it is used in rotation. They further contend that should water be converted from irrigation purposes by the city for municipal use, the point of diversion of water from the stream would be one and one-half miles above the point of diversion of the Chamberlain ditch which supplies water for irrigation, and would thereby decrease the flow, injuring the farmers' water rights. No settlement was reached. Pedestrians have the law of the land on their side, but the motorist has the laws of physics.

Coaches Crew

Under the direction of Coach "Pop" Leuder (above), Cornell University expects to make a noteworthy showing in rowing this season. Leuder has been putting his charges through daily practices on Lake Cayuga and latest reports state the Ithaca paddlers are coming along nicely. Leuder's main objective, of course, is to be annual Poughkeepsie regatta in June.

Smiles of Triumph

Although their team (California) lost they have good reason for joy. Bill (left) established a new pole vault record of 12 feet 11 1/2 inches, in the California-Stanford track meet while Elmer Gerkin (right) set a mark for the discus with a toss of 136 feet 9 inches. Their performances were two of the outstanding features of the clash.

The White House "Spokesman" other white house spokesman, if WASHINGTON—A little light comes from Pat Harrison about the mystery of a personage. Extracts from his speech in the senate follow: "The spokesman for the white house otherwise known as President Calvin Coolidge."

Huskies Romp Home to Wallop Oregon's Nine

EUGENE, Ore., May 18. (AP)—The University of Washington baseball team won an easy 8 to 2 victory over the University of Oregon nine here yesterday afternoon. It was the fifth straight victory for the Huskies, and the third victory of the season for that team over the Oregon men. The two teams will play here this afternoon.

Washington, left fielder for the visitors, batted out a home run in the first inning with two on, two out, and two strikes against him. The Huskies added another run in the second, two in the fourth and one each in the fifth and sixth. Oregon scored once in the second and once in the eighth.

Tearau hauled a good game for Washington while Ashby for Oregon was touched for some solid bingles by the Husky swatamith.

DUAL MEET SCHEDULED EUGENE, Ore., May 18. (AP)—The University of Oregon track team will meet the Multnomah athletic club stars of Portland in a dual event here Saturday afternoon.

Following the Multnomah meet, the Oregon men will vie with the Oregon Agricultural college athletes on May 25, in another dual event.

KANSAS CITY—Sinclair Lewis and the Rev. Earl Blackman are masquerading as book agents, interviewing country preachers on the way to Minneapolis.

Robin Reed Defeats Anderson, of Astoria

WALLA WALLA, Wash., May 18 (AP)—Robin Reed, Corvallis, Ore., was awarded a decision over Slim Anderson, Astoria, here last night when Anderson was not able to appear after the first fall, which Reed took with a Japanese scissor. Reed took the first fall in 25 minutes and 35 seconds. Anderson sustained torn ligaments in his left shoulder from the hold applied by Reed.

Joe Hatley, of Portland, won over Jack Edwards and Happy Hornick in a preliminary. He threw Edwards in 1 minute 20 seconds; Hornick in 4 minutes 20 seconds.

Walker Cup Stars Are Beaten by Englishmen

WOKING, England, May 18. (AP)—The American Walker Cup stars lost all five of the fouromes played here this morning against a team of ten British golfers known as "The Mole."

H. H. E. LEADS AID LONDON—The Prince of Wales is becoming a regular Harun Al Raschid. It develops that during the strike he drove a motor truck and helped distribute milk to the poor; also that he visited a police station in the most dangerous ten-dorion quarter one morning at 2 a. m.

JAY H. UPTON Republican Candidate for GOVERNOR

He was the first candidate to denounce the efforts to scuttle the direct primary. He is opposed by the bosses but supported by the rank and file. He has been active in the development of the state of Oregon and has served four sessions as a senator from five Central Oregon counties, and was President of the State Senate in 1923. He was President of the Oregon Irrigation Congress for two terms and is the only candidate who understands the irrigation problems of Eastern Oregon. He is a young, vigorous, capable man. In 1921 he was the floor leader of the "faithful fourteen" Senators who defeated the attempt to tax the farmers of Oregon for the purpose of holding a world's fair. He has always stood by the agricultural interests of the state. He voted against the Mills bill in 1925 and he saved the direct primary. If you believe in the direct primary law, vote for J. H. Upton. If you believe in the old convention system, then vote for his opponent. Upton-Far-Governor Club, Bend, Ore. Ralph S. Hamilton, Pres. Chas. W. Kravine, Secy. (Paid Adv.)

"Have a Camel

Open one up! The tobacco tells its own story

CAMELS are made of the choicest Turkish and Domestic tobaccos grown. To prove what we say about Camel's tobacco quality, make this test: Take a Camel and any other cigarette. Tear off the papers and place the tobaccos from the two cigarettes in separate piles. Now shake them up and examine the tobaccos. Your own eyes will quickly show you the difference, how the Camel tobacco is longer and of a riper color. Then gather up the two piles separately—and smell them. You will at once notice the rich, fragrant aroma of Camel tobaccos not found in the other. This marked difference is even more apparent when you "taste the smoke." It is solely because of the quality of the tobaccos and the skill of the blending that Camels never tire the taste, never leave a cigarette after-taste. Camels are so good that we know you will like them. Give them every test known and you will find Camels the highest quality cigarette made, regardless of price. Have a Camel!

R. J. Reynolds Tobacco Co., Winston-Salem, N. C.
