BRITISH OPEN PLAY STARTS

RUNNINGDALE, England, June 16 (AP)—The southern section of the qualifying play for the British open golf championship started today under excellent conditions. The day was dull but calm and the course was in excellent shape.

George Kirby, of Stoneham 70; Joseph Taylor of Richmond Park Surrey, 72; Ted Ray of Oxhey 83; George Von Elm, 74. Archie Compston, young British pro made a 59, the best score made up to the time his card was turned in the figure: Out—443 344 434-33 In—444 354 446-36—69

Nig Yeager Loses Go With Winnipeg Fighter

PORTLAND, Ore., June 16 (AP)—Harry Dillon, light heavyweight of Winnipeg, scored a technical knockout over Nig Yeager of Portland, in the seventh round of the scheduled ten-round main event here last night. Yeager dropped completely out just before the end of the seventh round but the bell saved him from being counted out. Frantic efforts by his handlers to revive him failed and he was still unconscious when the gong rang, eighth round.

Of the Americans entered, Joe Stein and Hill Mehlhorn were the first to complete the round. Stein took 77 and Mehlhorn 76. Joe Kirkwood had a fine 71.

Union Gasoline

Non-detonating

Union Gasoline provides, and always has provided to Western motorists, the non-detonating feature which supplies full power to the pistons throughout their entire stroke and eliminates all explosive "knocking" or "pinging" on the hills or in heavy pulling—a quality for which Eastern motorists are now buying "special gasolines" and paying 3 cents per gallon in excess of usual prices for them. Yet Union costs no more than other high grade fuels.

Always use Aristo Motor Oil with non-detonating Union Gasoline because this combination minimizes carbon to the extent that motors in good condition are run for several years without it.

BASEBALL'S LOSS

The Great Empire is no respector of persons.

Within a year, two of the greatest pitchers that ever took a sign from a catcher, have heard the final call of GUT, Christy Mathewson and Eddie Plank.

Major league baseball suffered a distinct loss in the passing of these two famous stars of other days.

Mathewson and Plank were among the first of the college ball players to make the big league grade. Matty hailed from Bucknell, Plank from Gettysburg.

These two great pitchers did much to make their alma maters known from coast to coast. It is fitting that they should be properly remembered by the colleges that graduated them into the big leagues.

FITTING MEMORIAL

Gettysburg is to dedicate a memorial gymnasium to help perpetuate the memory of Eddie Plank, southpaw extraordinary. Bucknell is to honor Mathewson in a similar manner.

The National League is lending its aid to the Mathewson movement, while the American League is helping to put over the Eddie Plank testimonial.

A great pitcher and a gentleman always, was Plank. Gettysburg college is asking the aid of the baseball fans of the country to assist in putting the project over.

A number of the American league clubs have designated an "Eddie Plank Day" on dates when the Philadelphia Athletics are the attraction.

On such days a collection will be taken up, thereby giving the fans many of them admirers of Plank when he was an outstanding star, a chance to contribute their mite. The fans are sure to do their part.

CONNIE MACK'S ANGLE

Connie Mack, the man who made Plank in speaking of the proposed memorial says:

"The erection of a memorial gymnasium to the memory of Eddie Plank is a splendid thought. It is a fitting tribute to a man who devoted 17 years of exceptional effort to raise the national pastime to the position of prom-

When tobaccos are good enough to speak for themselves

—let them say it!

THAT'S the one way to give men what they want in a cigarette—natural tobacco taste. Each type of tobacco should contribute — one its spicy tang, one its rich aroma, one its mellow "body," one its mild sweetness; and if the quality is right and the blend is right, that's all there is to it.

Sounds easy!

But to create a blend that combines fullness with mildness; that removes heaviness while retaining

"character"; that makes a cigarette that is smooth and mild yet "satisfying"—to do all this is not easy, far from it.

It is so difficult, in fact, that millions of smokers sincerely believe it has been achieved in only one blend in the world.

This blend—and they swear by it—belongs to Chesterfield. It embodies the finest of Turkish and American tobaccos — and it can't be copied.

FISH FEED AND CONTEST DATED BY CLUB MEMBERS

Officers and committeemen of the Wing, Fin and Foot club of La Grande have set July 12 as the date for the annual fish feed this year, with July 11 and 12 as fishing days. The women of the M. E. church will serve again this year, which guarantees satisfaction in this part of the event, club members declare.

The committee has drawn the rules to govern the competition and the awarding of prizes which are somewhat different than observed heretofore. Complete rules will be published at a later date.

Contestants for prizes must have entries in the hands of the committee at the Oregon Hardware company by six o'clock Monday evening, officers announce.

innence that it now holds with the American public.

"I am more than anxious to see the fulfillment of this project."

And Connie Mack, by the way, is doing more for the fund than merely offering his well wishes.

This summer a game will be played between the present Athletics and the members of the team on which Plank starred. The receipts will be turned over to the fund.

Such players as Eddie Collins, Chief Bender, Joe Bush, Wally Schang and other stars of former Mackian clubs will be rounded up for the affair.

COLLEGE STARS

It is pleasing to note the desire to honor Plank and Mathewson. It proves there is sentiment in baseball, all reports to the contrary.

Not only have Plank and Mathewson done much to elevate the standards of the game but they have been an inspiration to the ambitious college ball player. When they broke into the majors, the collegian had no standing, he was more or less the joke of the ball club.

It's different now. The college field delivers many stars to the majors. Plank and Mathewson helped pave the way.

More power to Gettysburg and Bucknell in their efforts to perpetuate the memory of Eddie Plank and Christy Mathewson!

BEAR MEETS TRAFFIC COP

REDDING, Cal. (AP)—When a huge black bear and Will H. Marsh, chief of the California motor vehicle department, met on the highway north of here, both quickened speed. The bear ran from Marsh's auto to a bank overlooking the car. As the car passed, the earth gave way, and the bear fell beside it. Traffic laws did not hinder Marsh in his getaway.
