Nineteen members of the class—the Gleaners of the First Presbyterian Sunday school—left La Grande about 2 o'clock by auto for Cove, where they spent an hour enjoying the water of the Cove swimming pool.

Before returning to La Grande about 6 o'clock last evening a picnic lunch was served.

Sister Mary Says:

(By Sister Mary) Breakfast—Stewed prunes, cereal, thin cream, bread crumb pancakes, syrup, crisp bran bread toast, milk, coffee.

Luncheon—Rice and nut loaf, creamed carrots, brown bread, strawberries, vanilla cakes, milk, tea.

Dinner—Roast beef, potatoes cooked with meal, creamed string beans, new cabbage salad, rhubarb potatoine with whipped cream, coconut macaroons, whole wheat bread, milk, coffee.

Since we do have cold, rainy summer mornings when we need a consoling breakfast the pancakes are suggested. This particular variety of "flap-jack" uses up stale bread to advantage, which is quite a consideration during the season in which bread spoils so quickly.

Rice and Nut Loaf
One cup boiled rice, 1 cup broken nut meats, 1 cup cracker crumbs, 1 cup milk, 2 eggs, 1 teaspoon pepper, 1 teaspoon melted butter, 1 teaspoon minced parsley, few drops onion juice.

English walnuts, pecans or hickory nuts make the best loaf.

Combine rice, nuts and cracker crumbs. Add one of two drops onion juice, parsley, salt and pepper with milk and eggs slightly beaten. Mix well and turn into a well buttered brick-shaped pan. Spread evenly and smooth over the top. Pour over the melted butter and bake one hour in a moderate oven.

Turn out on a hot platter and pour around creamed carrots to serve.

WALLOWA PERSONALS

WALLOWA, Ore. (Special)—There will be a meeting of the Wallowa grange Tuesday evening here. A feed will be prepared by the women of the grange. A considerable number of grangers from Alder Slope grange expect to be present at this meeting.

Gardens in this section have made a slow growth during the past few weeks, some of the truck which was up at the time of the freezes was given a considerable setback. Potato crops are reported to be looking well at this time.

Practically all plowing of summer fallow has been finished at this time, a few farmers who have been busy plowing during the past week and state that the ground is very dry, and that the fields are difficult to work up.

H. C. Dunlap arrived here the middle of the week from Wallburg, Wash., for a visit with his daughter Mrs. C. P. Harmon and

family of Leap.

Present indications are that a number of orchards in this section will produce a fair crop of the hardy varieties of fruit despite the freezes.

Ground squirrels are still busy working in grain fields in parts of the county and require considerable poisoning.

F. A. Downing of Leap, was busy the first of the week repairing the farmers' telephone line in that section.

James Weaver and wife, of Enterprise, have been visiting Mrs. Weaver's parents, Mr. and Mrs. F. A. Downing, of Leap, the past few days.

George Cousins, Dee and Irvin Gastin, Sam Meek and H. C. Hearing were busy the last of the week re-shingling the school house in district 40. They expect to build a porch at the school house and clean the interior of the building the coming week.

Sun Meek was busy the first of the week hauling lumber from here to the school house in district 40 for use in building a porch.

Mrs. T. M. Gastin and daughters, Mrs. Gladys Hale and Mrs. Mina Litchfield, were visiting with Mrs. J. H. Gastin Wednesday.

Dee Gastin was considerably bruised recently while helping H. C. Deaga of Lower Valley hay, when he was pulled off the wagon by the team in crossing an irrigating ditch and one wheel of the wagon ran across his back.

Ray Gastin left the latter part of the week for a few days visit with friends in the Bartlett section. He expects to return home the first of the week.

Ira Fisher, of Hurricane creek, was a business visitor here the first of the week.

Eugene Hayes returned to his home here the last of the week after having worked for the past three months for Osborne and English in the Leap section.

A shade of difference in flavor

—that has taken the country by storm

"Good to the last drop"

The lure of something finer! A quality of extra richness that has brought this blend such fame as no other coffee has ever won before. Years ago its special flavor was known only to a few discriminating families and famous hotels. Today that unexpected difference in Maxwell House has swiftly made it by far the largest selling coffee in the entire United States. Its full-bodied mellowness comes as a delightful surprise—the same rare goodness that first won it the praise of connoisseurs long ago.

It has pleased more people than any other coffee ever offered for sale

afternoon.

Mrs. Eva Parker, of La Grande, Mrs. Lillie Hill, of Island City, and Guy Parker and Miss Ellen Birchfield, of La Grande, were Sunday visitors with Mrs. Meek, of Leap. Mr. Parker states that crops in parts of Union county have been considerably damaged from freezes and dry weather.

J. H. Haun, of Evans, was in the Leap section during the past week looking after his stock. He also moved part of his stock to pasture on Paraspis creek.

Stock water is quite scarce at a number of places in the hill sections. Wells and springs which in former years have held up well through much of the dry season have been showing signs of failing recently.

Eugene Gastin has been busy the past week plowing for Osborne and English.
