RETAIL PRICE SLUMP NOTED

A general decrease in retail prices is noted in La Grande today.

Watermelons dropped from 6 to 5 cents a pound, green apples are down to 10 cents a pound, Walla Walla tomatoes fell from 15 to 10 cents a pound, green string beans are now 15 cents a pound or two for 25 cents, new potatoes are selling at five pounds for 25 cents, salmon is down from 58 to 25 cents a pound, and halibut is retailing at 22 instead of 28 cents.

Gooseberries and home grown asparagus are off the markets.

Little Interest Shown In Wheat Market Today

CHICAGO, June 22 (AP)—Interest was lacking in the wheat market today, traders apparently waiting some fresh incentive before acting. Most of the session the market averaged lower, largely because of more favorable weather over the domestic belt and increased movement of new crop wheat in the southwest and an easier Liverpool market. Trade as a whole was quiet, there being little pressure with July holding around \$1.27.

Wheat closed unsettled 3/4 lower to 3/8 higher; corn 1/4 to 3/8 higher; oats unchanged to 1/4 lower and provisions unchanged to 5c gain.

MAYOR KENDRICK REFUSED TO LET KLUXERS PARADE

PHILADELPHIA, June 22 (AP)—A Ku Klux Klan demonstration and parade, scheduled as a part of the sesqui-centennial international program, has been forbidden by Mayor Kendrick, president of the exposition association, September 9, 10 and 11, which had been allotted to the Klan on the official program of the sesqui, have been declared open dates and no official recognition will be given the Ku Klux Klan. The police are under orders to refuse permits for the parade.

"The organization known as the Ku Klux Klan," said an announcement from the mayor's office, "will not be permitted to parade and will not be permitted to assemble as a body within the sesqui-centennial grounds."

Until protests reached him recently, Mayor Kendrick said he was "unaware that the Klan convulsions and pageant were on the sesqui program."

Paul M. Winter, klugger in charge of the local Klan, said he was "amazed" at the mayor's action and that "they will pay in the long run."

A. J. Sutton, director of domestic participation and special events of the exposition, said the Klan was on the program and was "going to stay there."

Potatoes nominal \$1.50 per sack; new 2c per pound.

Onions nominal \$1.75 to \$2.

Canada May Produce a Billion Bushels Soon

OTTAWA, Ont., June 22 (AP)—For five years Canadian wheat crops have averaged more than two bushels an acre more than those of the United States, says a bulletin issued by the International Institute of Agriculture. The dominion's world record of production has averaged 15.5 bushels an acre since 1920, while that of the United States has been 13.3.

The five year average for the other principal wheat growing countries is: Argentina 13.3 bushels; British India 11.9; Australia 11.7.

The bulletin predicts that within ten years with the settlement of the dominion's vast western agricultural lands Canada's wheat production will reach a billion bushels annually.

CHICAGO LIVESTOCK
CHICAGO, June 22 (AP)—U. S. Department of Agriculture—Hogs 15,000; mostly steady to 10c lower; grades show full decline; slaughter pigs strong; big packers doing little; majority 240 to 225 lb. butchers \$14.10 to \$14.50; bulk good and choice 210 lbs. down \$14.60 to \$14.80; top \$14.90.

Cattle 11,000; fed steer trade very uneven; well finished heavies in liberal supply; trade mostly steady; best weight steers \$10.50; several loads \$10.25 to \$10.50; No. 2 yearlings \$10.25; she stock and bulls scarce; strong; vealers fully steady; mostly \$11 to \$11.75 to packers; outsiders upward to \$12 and better.

Sheep 9,000; fat lambs strong; no westerns sold; asking higher; early sales of natives mostly \$15.25; some \$15.50; ewes mostly \$10.50 to \$11.50; fat sheep steady; bulk fat ewes \$5 to \$6.50; few medium to good yearlings \$12.

NOTICE TO CONTRACTORS
Sealed bids will be received by the directors of school district No. 27 of Union county, for the construction of a school building, to be located on the present school site of the above school district.

All bids shall be accompanied by cash certified check or bidder's bond equal to 10 per cent of the amount of the bid, said cash, check or bidder's bond shall be made payable to the clerk of said district.

The successful contractor will be required to furnish the school board with a surety bond equal to the full amount of the contract price.

All bids shall be in the hands of the clerk or architect, not later than 12 o'clock (noon) Saturday the 25th day of June this 1926.

The school board reserves the right to accept or reject any or all bids submitted.

Plans and specifications are on file in the office of the architect, Charles B. Miller, Room 7, La Grande National Bank building, La Grande, Ore.

IRRIGATION ADVOCATED FOR VALLEY

(Continued from Page 1)

Dr. Elwood Mead and Secretary Hubert Work, declaring the two are endeavoring to prove reclamation in the west a failure when such is not the case.

President Carl Gray, of the Union Pacific system, the first speaker of the evening, praised the land settlement movement and also of this division of the O-W. R. R. & N.

"The railroad from here to Huntington can be compared with any I know of," he said. He also declared that the service offered by the Union Pacific is comparable with any.

Phy Assure Visitors
Dr. W. T. Phy, chairman of the evening, assured the visitors that several leaders in this locality have visioned the possibilities of reclamation and are endeavoring to secure irrigation. He promised that the fight would eventually end in victory.

A high tribute was paid to the Walla Walla country by E. E. Calvin, vice president of operations. He said that he had never seen a more scenic road than the highway from La Grande to Walla Walla Lake. Other officials who spoke were: H. M. Adams, vice president of traffic; and C. C. Gignoux, of Portland, who accompanied the land settlement committee.

Wonderful Possibilities
E. E. Kaville, of Portland, declared that there are wonderful agricultural possibilities in this county if worked out right. "But you must fight for what you get," he admonished.

W. G. Ide, secretary of the land settlement committee, told of the national interest now being expressed in Oregon and said that the time is right for the state to get busy. "If you're going to progress in agriculture you've got to make a change," he said. "Organization would be a great help and dairy cows and hogs present an opportunity. We can sum it all up in four words: organization, standardization, advertising and merchandising."

During Mr. Gignoux's talk he advocated more dairy cows, more cheese factories and more chickens. "There are plenty of markets for all of those," he said.

With Will Realists
Before the dinner meeting the land settlement committee met with the local real estate board and explained its settlement plan in detail. Mr. Boise and Mr. Ide both spoke.

The committee, accompanied by members of the local chamber of commerce, left La Grande yesterday morning shortly after 10 o'clock, stopping at Elgin, Walla Walla and at Enterprise. The Enterprise chamber of commerce served lunch before the party resumed its trip. Another lunch with the Joseph commercial club as host, was given at Walla Walla lodge, where the railroad officials joined the party. Elmer Stoddard presided and several addresses were made.

The return was routed over the Alder Slope territory to Interprie and thence to La Grande, where arrival was made about 5:20 o'clock. The land settlement

WHEAT HARVEST IS UNDER WAY IN SOME LOCALITIES

PORTLAND, Ore., June 22 (AP)—Harvest of winter grains is in progress in many localities and will be general this week, except in the cooler districts, says the weather bureau's weekly Oregon crop report. The yield is very uneven. Spring grain was generally benefited by the rains of the week, and such fields of winter grain as were not mature were also helped. Spring grain is recovering from frost damage in central and eastern counties, but some fields were too badly damaged to recover. Corn needs warmer weather. Strawberries are coming into market in some of the later districts. In the Willamette valley loganberry picking is active and some blackberries have been picked. Rain caused some cracking of cherries. Prunes, apples, pears and walnuts are doing well.

With storage holdings of butter in coast coolers more than double a year ago and production still heavy, values are softening and the trend is generally lower in most markets.

Cubes are off a half cent through the entire list on the local dairy exchange with extras posted at 23 cents, standards 27c; prime firsts 26 1/2c and firsts 25 1/2c. No change has been made in print prices as yet but continued declines in cubes will force local creameries to revise their print and butterfat prices.

Receipts of surplus butter from country creameries yesterday amounted to 21,940 pounds with the local make placed at 22,569 pounds. Approximately 7894 pounds went into the coolers, bringing the total figures up to 523,802 pounds in Portland storage.

Cost holdings of butter are close to six million pounds as compared to a little less than three million pounds a year ago at this time. This week's government report of storage stocks of butter and eggs at the principal coast centers is as follows: Total cooler holdings of eggs on the coast Monday were approximately 22,216 cases more than a year ago. Values, however, remain generally steady with no changes made on the Portland exchange.

DENTISTS PICK OFFICERS FOR A NEW YEAR TODAY

PORTLAND, Ore., June 22 (AP)—Prevention of decay of teeth was declared more important than repair in a resolution adopted today by the Pacific Coast Dental conference in session here. The conference adopted the Delaharry resolution, sponsored by the Massachusetts state dental association, advocating the care and treatment of teeth before they reach diseased condition.

Officers of the Oregon Dental Association elected today are: president, O. T. Wherry, Portland, re-elected; vice president, C. B. Willoughby Eugene; secretary, Dr. Hollister, Portland re-elected; treasurer, Dr. O. J. Ferris, Portland, re-elected; editor, Dr. Earl Abbott, Portland, re-elected. Three new members of the executive council were named: Dr. Carl Stanley, Portland; Dr. A. P. Watson, Portland; Dr. A. W. Chance, Portland. Holdover members of the council are Dr. Lyle A. Baldwin, Portland and Dr. T. W. Anderson, Portland.

Chiropractic Adds Years To Life and Life To Years

Dr. W. T. Phy, chairman of the evening, assured the visitors that several leaders in this locality have visioned the possibilities of reclamation and are endeavoring to secure irrigation. He promised that the fight would eventually end in victory.
