

MASONS MEET DURING WEEK

Two Masonic meetings of importance will be held this week at the Masonic hall here. The first one will be this evening at eight o'clock when Robert D. Graham, of Denver, Colorado, Masonic lecturer will be in the city and will speak to master Masons. His subject will be "The Hidden Mysteries of Free Masonry," and in connection with his address he will show a number of stereopticon slides. Mr. Graham is a student in Masonry and has been a lecturer for the past twenty years. He gave twenty-eight lectures in Portland during the past two weeks. This is the first time that the La Grande lodge has been visited by a strictly Masonic lecturer and local Masons are expecting an interesting evening.

The second meeting will be tomorrow night when a degree team from the Pendleton Masonic lodge will visit La Grande and confer the Master Mason degree. The meeting will begin at 7:30 o'clock. The Pendleton degree team is composed of the youngest members of the lodge. They have been conferring the degree in various Umatilla county lodges and are said to be very proficient. There will probably be thirty members of the Pendleton lodge in attendance at the meeting. Refreshments will also be a feature of Friday night's meeting.

SOLEMN MASS IS CELEBRATED

(Continued from Page 1)

religious festival. Although the dominant notes of the day was religious, the great assemblage also brought a measure of carnival spirit to the customary quiet of St. Mary's. Beyond the location where the mass was celebrated hundreds of enterprising concessionaires handed out coffee, ice cream cones and hamburgers to the milling hungry crowd and along the seminary highways high voiced saloons offered their mementos-balloons and programs.

As the time for the beginning of mass drew nearer, police were brought into service to force back crowds packed around the sanctuary. Despite the tremendous crowd of 2,500 policemen apparently had no great difficulty in directing the traffic. Automobiles were not permitted within a mile of the seminary and the throngs moved freely in the vast grounds. Three miles of rope marked off the sanctuary and the clergy area.

A half hour before the mass, the crowd, comprising a semi-circle a half-mile deep, pressed toward the open air cathedral. The official announcer declared that between 700,000 and 800,000 persons were on the ground. Renewed rushes toward the scarlet canopied altar nullified police efforts to keep the clergy grounds clear and the attempt was given up.

Grain Market Shows A Lack of Interest

CHICAGO, June 24 (AP)—All grades ruled dull again on the board of trade closing figures being little changed from those of yesterday. The market lacked interest and it was difficult to make any noticeable progress.

News of the day was mixed, buyers placing their faith in the increased movement in the southwest and more favorable weather conditions in the northwest while the bulls maintained that the unsettled weather in the southwest and a forecast of more rain for Kansas will greatly curtail the movement of new crop wheat and retard harvesting there.

Wheat closed firm 1/4 @ 1/2 c higher; corn 1/2 c lower to 1/4 c up; oats 1/2 c lower to 1/4 c higher and provisions 10 @ 15c down.

Speculative Forces Clash in Wall Street

NEW YORK, June 24 (AP)—Opposing speculative forces contended for the control of today's stock market with the advantage resting largely on the side of those working for higher prices. Another run of profit-taking carried over from yesterday's incomplete operations unsettled trading for a time, but those sales were readily absorbed and the market again headed upward. Dealings fell off in volume, aggregating less than a million shares in the first three hours.

WARMTH AIDS MELON MARKET

PORTLAND, Ore., June 24 (AP)—Hot weather has stimulated the demand for watermelons and prices are firm but has failed to materially improve the cantaloupe market. Cantals are plentiful and poor quality and the movement is far from satisfactory even though produce houses have cut prices down to cost.

Cantaloupe prices range from \$2.50 to \$2.75 for best standard crates with off quality as low as \$1.75 and \$2. Watermelons clearing up well at 2 1/2 to 3 1/2 cents a pound.

Local dairy markets are generally steady and unchanged. On the dairy exchange butter and egg prices were posted at former levels while along the street arrivals of country dressed meats and poultry were about sufficient for the demand and ruling prices held steady.

GULBRANSEN
The Registering Piano

Because you cannot play have you allowed the greatest joy of music to elude you?
You are seated at your piano—playing. Your mood—something of your very self—has entered into the music—your music. Your touch, your expression, your personality give color to the melody. You are expressing yourself in the most wonderful of languages—the language of music.
Nothing can take the place of this—just listening cannot compare!
And now this deep enjoyment can so easily be yours. The Gulbransen Registering Piano has made it possible. Only the Gulbransen has the special patented construction—the Registering feature—which registers exactly your individual touch. Ordinary roll-played pianos, lacking this feature, sound mechanical. The Gulbransen, having it, is responsive, personal, human. It gives you all the enjoyment of hand playing. Its music cannot be told from hand playing. Be sure that the piano you select bears the name "Gulbransen." For only the Gulbransen can give you the musical enjoyment you have so often longed for.
A small cash payment will put the Gulbransen Registering Piano in your home. Subsequent payments to suit your convenience. Allowance will be made for your present piano or other musical instrument.
