How Long?

Many times the Chiropractor is asked the question, "how long will it take me to get well?" This depends on how much vitality remains in your body and how far the destruction of tissue has gone.

SUGAR PRICES UP THURSDAY

PORTLAND, Ore., July 7. (AP)—Effective Thursday morning local jobbers will advance the wholesale price of sugar 10 cents a sack, making the best cane \$6.25 and beet \$6.15.

Consumers are still able to buy sugar cheaper than the wholesale list at cash and chain stores with most of the grocers offering ten pound lots at 65 cents.

Butter and egg prices are unchanged on the local dairy exchange, with traders content to let the market ride.

The apricot season is at its peak and prices at the lowest level.

The season is from three weeks to a month earlier than usual.

Portland producer houses are receiving heavy shipments of the famous Lewis, Tilton and Royal apricots.

Today the best apricots are selling around \$4 to \$1.25 a big box in the wholesale market while the retail growers are asking \$1.35 to \$1.50 a box or approximately 5 1/2 to 6 cents a pound.

The good work that a good motor oil does goes on where you cannot see it—it must be "taken on faith." That faith must be in the refiner more than in the oil, because most oils look alike when you buy them. In "Union Oil of California" you can have faith because it has a forty-three-year old reputation to protect in the products it sells, one of which is

Aristo Motor Oil Non-Carbonizing Western

Aristo Motor Oil is all lubrication, containing neither paraffin nor asphalt. The hard, flinty abrasive "carbon" that many motorists find on valves, cylinder heads and spark plugs after a few thousand miles of use never comes from this fine Western oil. The small amount of residue that Aristo leaves is a fine, soft, fluffy substance, most of which blows out with the exhaust. Motors in good condition which are lubricated with Aristo, therefore, run several years without the troubles, lay-ups and expense so often due to "carbon." A further preventative of "carbon" is the use of non-detonating Union Gasoline with Aristo Motor Oil. This combination is probably the most effective that is known.
