

The Song of The Shirt

With fingers weary and worn,
With eyelids heavy and red,
A woman sat, in unwomanly rags,
Plying her needle and thread.

Stitch—stitch—stitch!
In poverty, hunger, and dirt,
And still with a voice of dolorous pitch
She sang the Song of the Shirt.

"Oh men, with sisters dear!
Oh men with mothers and wives!
It is not linen you're wearing out,
But human creatures' lives.

"Stitch—stitch—stitch!
In poverty, hunger, and dirt—
Sewing at once, with a double thread
A shroud as well as a shirt."
—THOMAS HOOD

More Time for Better Things

There's no computing the benefits that come through utilizing up-to-date methods of cooking and baking. This is a strenuous life. More and more, women must prepare themselves for added responsibilities, new opportunities, greater happiness. You must have more time for the better things. Why be a slave to your kitchen when a Westinghouse Automatic Electric Range will cook and bake for you whether you're at home, on the links, or at bridge?

A WESTINGHOUSE AUTOMATIC ELECTRIC RANGE WILL BE USED EXCLUSIVELY AT THE OBSERVER HOME-MAKERS' INSTITUTE.

ELECTRICITY

The Great Emancipator

TOM HOOD'S poem swept over the world. It was one of the first influences that made lawmakers and humanitarians and scientists see that women's lives are too precious to be wasted in the daily toil of routine tasks.

Wise laws already have limited women's working hours. But another kind of force has also been at work. THE GREAT EMANCIPATOR IS ELECTRICITY.

No wise factory manager now asks any woman to do by hand the task that an electric motor can do.

No wise husband allows his wife to do by hand, the old heavy tasks of washing and sewing and pumping and sweeping.

With cheap electricity in Eastern Oregon, as in nearly all parts of America, we are learning that it is bad sense and poor economy for ANY woman to do ANY work which electricity can do for a few cents an hour.

Study your home making problem, this institute week, and definitely determine for yourself that ELECTRICITY is your most efficient and economical servant.
