WHEAT RISES TO FIGURES ABOVE YESTERDAY'S TOP

CHICAGO, July 16 (AP)—Despite heavy profit taking sales, wheat today rose to a maximum of 4 1/2 cents a bushel above yesterday's high. Increasing crop damage reports from northwestern states together with high temperatures and absence of rain there led at times to something of a stampede by buy and December deliveries reached a new high price record for the season. Top quotations for the day, however, were not held; some experts contending that the outlook is still for a bumper crop in Canada.
Wheat closed unsettled 1 1/2 to 2 1/2c net higher; corn unchanged to 1/2c lower; oats 1/2 to 1/4c up and provisions unchanged to 1/2c decline.

Bull Movement Breaks Out Anew in Exchange

NEW YORK, July 16 (AP)—The "bull" movement in stock prices which has been held in check for several days by heavy profit taking and sporadic selling, broke out anew today under the leadership of General Motors common, which crossed 162 to a new record high level with large blocks of stock taken nearly five points above yesterday's closing level.
The closing was strong. Total sales approximated 1,500,000 shares.
