### CASUALTIES AT NATIONAL GUARD CAMP NUMEROUS

**Trackage Agreement Holding Up Railroad**

PORTLAND, Ore., July 20. (AP)—Howard Elliott, chairman of the board of directors of the Northern Pacific railway who arrived here Sunday with a party of friends on a vacation trip said that the extension of the Oregon Trunk from Bend to Klamath Falls awaits only an agreement for the use of the trackage entering Klamath Falls between the Northern Pacific and the Great Northern on the one side and the Southern Pacific on the other, in line with suggestions made recently by the I. C. C.

**EUGENE SELLS BONDS**

EUGENE, Ore., July 20. (AP)—Taliph Schneelock company, of Portland, was the successful bidder for \$200,000 in Eugene school building bonds. The bids were opened at a meeting of the board of education last evening.

The Schneelock company bid was for 4 1/2 percent interest bearing coupons and a premium of \$294.20 and accrued interest to date of delivery.

**188 CANDIDATES**

SEATTLE—Line forms to the right 188 candidates announced themselves for county and state offices 48 hours after the lists were declared open.

**DONALD MEYER PASSES**

PORTLAND, Ore., July 20. (AP)—Donald Meyer, 48, for many years treasurer of the Oregon-Washington Railway and Navigation company, died at his home here last night. He had been in the service of the company 23 years.

Everything's impossible until someone does it.

## PHILLIES WIN IN ST. LOUIS

Brooklyn	46	43	.522
New York	44	43	.506
Philadelphia	33	52	.388
Boston	32	55	.368

**AMERICAN LEAGUE**

Clubs	W.	L.	Pct.
New York	56	32	.636
Philadelphia	49	38	.563
Cleveland	49	43	.533
Chicago	47	52	.478
Washington	44	40	.524
Detroit	45	44	.506
St. Louis	35	51	.414
Boston	27	60	.310

### Nothing to It

This golfer thinks nothing of making a hole-in-one. He's made four in the last 12 months. "Three in less than six months," "Shot for the count and combined two singles and a sacrifice to bring in the winning run in the final frame," "Bottomey hit a home run in the third, his fourteenth this season."

### YESTERDAY'S GAMES

**NATIONAL LEAGUE**

ST. LOUIS (AP) — The Cardinals' ambition for a higher place in the National league was waylaid by the Phillies, who defeated Hornsby's men Monday, 4 to 3, in a ten-inning game. The visitors rallied in the ninth for one run to the count and combined two singles and a sacrifice to bring in the winning run in the final frame. Bottomey hit a home run in the third, his fourteenth this season.

**AMERICAN LEAGUE**

PHILADELPHIA (AP) — The Phillies dropped their second straight game to Detroit Monday by a score of 3 to 2, and lost more ground in the pennant race. Quinn was effective until the eighth, when four hits and an error by Dekes gave the Tigers four runs. Pitcher Clyde Manion was forced from the game when a foul tip hit his finger in the seventh. He over prior to the fight pronounced "sick the third Detroit catcher on him in the "proverbial pink." He was injured last. Hayworth, who looked the part, but was only a rookie from Toronto, took Manion's place.

### O-W. NINE WINS FROM CIRCUS IN BATTING RALLY

ROSEBURG, Ore., July 20. (AP) — One of the forest patrol planes piloted by Lieut. Cunningham was wrecked here last night when it struck an oil truck while taking off from the local aviation field. The plane was used yesterday by the forest service in a flight over the Umpqua national forest. The lower right hand wing was badly damaged but the rest of the ship was not wrecked. The pilot escaped injury. It will require a week or more, it is stated, to obtain repair parts and during that time the plane will be out of operation.

### PIONEERS TO GATHER

EUGENE, Ore., July 20. (AP) — More than 400 descendants of Pumper, Andrew and John Richard pioneers and frontiersmen of Oregon will hold a reunion at the trail to trail celebration here August 19-20, according to word received from Bird Richard, president of the group.

There are 406 descendants of the three brothers, and arrangements have been made to gather the entire group together for the celebration.

### UNITED STATES TIRES ARE GOOD TIRES

**Latex-treated Web Cord**

Invention of the United States Rubber Company technicians. The cords are laid parallel without twisting, and soaked in virgin rubber latex, which forms an elastic web through and through and between the cords. Important because it gives the cord structure maximum strength and maximum flexibility.

### Answering Some Further Questions about Latex-treated Web Cord

**Q—Is treating cords with Latex entirely new in tire building?**  
A—Yes. Until this process was developed by the United States Rubber Company, the use of Latex before it had been coagulated into crude rubber had never been used in tire building.

**Q—Is the process patented?**  
A—Yes. The process is patented and owned by this Company.

**Q—What are its advantages?**  
A—The tire engineer's ideal is a tire thin and flexible as a soap bubble and strong as steel. The more you add to a tire's strength without increasing its weight the better.

Latex-treated Web Cord provides the strength and flexibility without adding unnecessary weight.

**Q—Is it possible to make the cord structure of a tire too heavy?**  
A—Yes. Just as a cable made of many strands of fine and highly tempered wire can be stronger than a heavier iron bar, so the cord structure of a tire can be made strong, yet light and flexible, through this process.

**Q—How does treating cords in Latex give additional strength?**  
A—Latex is virgin rubber just as it comes from the tree. There are no chemicals in Latex to destroy the natural oils in the cotton or to weaken the cord fibre.

Each cord in a United States Tire is run through a tank of Latex by means of the machine shown in the illustration above. The cords are then laid side by side and drawn up over heated rollers which evaporate the water in the Latex, producing a rubberized fabric of cotton cords and pure rubber.

Each cord is impregnated and surrounded by rubber, and attached to its neighboring cord with an elastic rubber web.

**Q—Are there any other advantages?**  
A—Yes. In the old cord fabric, the main strands in the cord structure were tied to each other with fine threads. Latex-treated Web Cord has none of these cross-tie threads and this source of internal friction is therefore eliminated.

By looking inside of a Royal Cord Tire and comparing it with tires made of the old cord fabric you will see that the Royal Cord has a much smoother and even appearance.

### Billy Evans Says:

**END OF CAREER**

There is an end to the career of every star. Yet there is no harder lesson to learn in the sport world. A ring champion is always the last person to realize he is through. When he finally loses the title, he always cherishes the thought that he can come back. Few do.

Mickey Walker, after losing the welter championship to Pete Latzo and taking a trimming from Joe Dundee, seems to have realized that condition rather than prestige is the foundation for ring success.

Walker says he intends to tie himself to a Maine lumber camp, forget the ring game and the fact that he was a champion and then essay a real comeback.

Walker, a great little fighter when right, may succeed. If so, he will be the exception.

**CASE OF JEFFRIES**

Condition isn't always on the surface.

When Jim Jeffries heeded popular demand and met Jack Johnson, he seemed to have worked himself back into great shape.

Expert trainers, who looked him over prior to the fight pronounced "sick the third Detroit catcher on him in the "proverbial pink." He was injured last. Hayworth, who looked the part, but was only a rookie from Toronto, took Manion's place.

Recently in talking with Jeffries, who is now touring the country in a vaudeville act with Tom Sharkey, I discussed Jack Dempsey's case.

Jeffries is fearful that Dempsey may go through the same experience that he did preparing for Jack Johnson.

"Feeling that you are as good as over and actually being in that condition are two different things," said Jeffries.

"It takes a real fight to determine condition. Then the know-

### He Ties Major Record

Jacques Fournier, veteran first baseman of the Brooklyn team, landed into baseball's spotlight of fame when he batted out three home runs in a game against St. Louis the other day. His efforts tied the modern major league record, and were responsible for five of his club's 10 runs.

### LOOK OUT MATES!

LONDON — Something big is going to happen today, take it from the Rev. Walter Winn. Anyhow, if not today, it will be on or about July 29. Something in the great pyramid of Gizeh has told him so; that the next big war will be 1928-1930, with millennium following.

More recently, Joe Bush, famous big league pitcher for a dozen years, was given his unconditional release by Washington.

I still think Bush capable of winning in the majors, despite the fact that some of the speed that won for him the title of "Bullet" is missing.

It was a peculiar coincidence that Bush was turned loose after the St. Louis Browns had beaten him 7-7.

Always poised for the Browns when working for Philadelphia and New York, he was grounded

You can pay more—but there is no better

REGARDLESS of how much you pay, no other cigarette is so satisfying as a lighted Camel. No other is so good, so full of quality through and through.

No other cigarette ever made such a hit with the world as Camel. Millions cheered the arrival of this famous cigarette—because of its ever-dependable quality. Camel is overwhelmingly the world's favorite smoke.

Camel championship lasts through the years, because for satisfying pleasure, for downright enjoyment no other cigarette is within a mile of Camel. It's simply impossible to smoke enough Camels to tire the taste. They never leave a cigarette after-taste.

And mere money has no voice in Camel preference. Millions who could easily afford to pay the highest price, buy and smoke only Camels. In all walks of life, "Have a Camel" is recognized as quality password to the utmost in cigarettes.

We invite you to try Camels. Into this one brand the world's largest tobacco organization puts the utmost that money can buy. If you want the tastiest smoke that ever came from a cigarette—
