## La Grande Couple Married

Coming as a complete surprise to their many friends was the announcement of the marriage of Miss Grace Margaret Chapman, daughter of Mr. and Mrs. George H. Chapman, of La Grande, to Herman James Kramer, son of Mr. and Mrs. Ben Kramer, which took place some months ago.

The news was told in Portland at an attractive luncheon for which Miss Celestine McCarty was hostess.

Both Mr. and Mrs. Kramer are former students of the University of Oregon. Mrs. Kramer is a graduate of the La Grande high school and has many friends here.

While in Portland she has been the inspiration for many interesting affairs.

## Sister Mary Says:

Breakfast—Chilled cantaloupe, cereal, thin cream, crisp rye toast, peanut butter, milk, coffee.  
Luncheon—French rice, raisin bread, baked custard, milk tea.  
Dinner—Filet of sole, tartar sauce, shoe string potatoes, new beets, cucumber salad, raspberry sherbet, vanilla wafers, graham bread, milk, coffee.

French rice is an unusual but satisfactory combination dish during the winter months when fresh peas are not at hand, dried peas can be substituted. One-half cup of dried peas are soaked overnight and then cooked until tender just like the fresh ones.

**French Rice**  
One cup fresh green peas, 1 small onion, 1/2 teaspoon salt, 2 cups boiled rice, 4 tablespoons butter, 1 cup peeled and sliced tomatoes, 1 hard cooked egg.  
Peel and mince onion. Add to peas and cook until tender in boiling water. Add salt ten minutes before removing from fire. Drain if necessary. Combine with rice, butter and tomatoes, mixing well with a fork. Turn into a well buttered baking dish and bake fifteen minutes in a hot oven. Garnish with egg cut in thin slices. Serve from the baking dish.

**CAL'S FISH EXCITES**  
NEW YORK — There's much ado about that fish caught by President Coolidge and presented to Al Smith, who is having it stuffed for the state museum. Charles M. Breder, an expert at the city aquarium, says the president should be catching a simple ordinary pike, not the well-eyed variety, as the governor described his gift.

**ROUGH ON CROOKS**  
ATLANTIC CITY, N. J.—A whole bunch of crooks can be overcome quickly with a little device that looks like a fountain pen. It is being shown at a detective's convention. One shot through a key hole and everybody in a room would be knocked out by gas for half an hour.

## Presbyterians Plan to Study Japanese Problem

EUGENE, Ore., July 20. (AP)—The Presbyterian church will conduct a separate and thorough investigation of the Japanese problem in the state of Oregon and its bearing on religious issues, according to a decision reached at the state Presbyterian Synod here yesterday.

The present Japanese case aired in the Portland court is included in the plan for the investigation. Full investigation of the Toledo case is contemplated by the church.

The Rev. P. E. Payne, of San Francisco, Pacific coast representative of the national missions board, has been delegated to conduct the investigation. He will also study religious conditions of the Japanese colony at Hood River.

The synod voted to return to Eugene again next year. Portland, Eugene, Salem, Igou, Pendleton and Medford were voted new churches by the synod, adopting the report of the building given by the Rev. D. A. Thompson, of Eugene.

## HODGIN CLAN WILL GATHER

Bound for Greensboro, North Carolina, where they will join descendants of the George Hodgins who came to America as a Quaker missionary in 1657, Mr. and Mrs. John S. Hodgins left La Grande last evening on a vacation that will absent them from home until Sept. 1.

They are first to Washington, D. C., from where they will take a south bound train for North Carolina. Hodgins from all parts of the United States are gathering at Greensboro for the first reunion since the time of William Penn. Their patriarch settled in Pennsylvania nearly three centuries ago. From there the family moved to North Carolina, where many of the descendants still reside. The father, grandfather and great grandfather of J. S. Hodgins are all buried in the vicinity of Greensboro.

One of the addresses at the reunion, July 21, will be delivered by the La Grande member of the clan. While in Greensboro, Mr. and Mrs. Hodgins will visit the Quaker college he attended—an institution founded by his grandfather. They will return by way of New York and Philadelphia.

## The Right Breakfast for Workers

Eat Food that Supplies "Balanced" Ration After Night's Fast

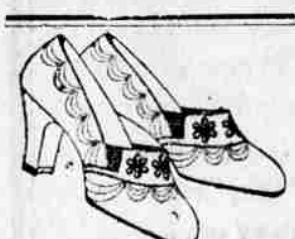

If you feel tired, hungry, "fidgety" hours before lunch, don't jump to the conclusion of poor health. Thousands have unenergetic mornings because they start days with breakfasts lacking in certain food elements.

To feel right, you must have a well-balanced, complete breakfast ration. At most other meals—lunch and dinner—you get it. But breakfast is a hurried meal, often badly chosen.

Thus Quaker Oats, containing 16% protein, food's great tissue builder, 58% carbohydrate, its great energy element, plus all-important vitamins and the "bulk" that makes laxatives seldom needed, is the dietetic urge of the world today.

It is food that "stands by" you through the morning. Get Quaker Oats today. Grocers have two kinds: Quick Quaker, which cooks in 3 to 5 minutes, and Quaker Oats.

Grandmother might have been shocked by such a suggestion, for she was "kitchen-minded" from necessity.

For some years, Swift & Company, however, has been working to relieve the modern housewife of continuous kitchen work. Now, in addition to the many less expensive cuts adaptable to steam pressure and fireless cooker preparation, the housewife has the service of cooked meats.

"Ready-to-serve" meats are now available everywhere, for Swift & Company's nationwide channels of distribution offer prompt and direct service to retailers.

These meats, in great variety and delightfully appetizing, have revolutionized the work of the housewife, especially during the hot summer months.
