Fire Greater Enemy of North Woods Animals

ST. PAUL, July 30, (AP)—Touched by the mourning of countless mother birds and the misery of the entire forest family following man-caused forest fires, Ranger C. S. Lind, of the Minnesota forest service, urges suspension of fishing privileges which takes "respectable killers from the city and self-styled sports" into the woods during the dangerous spring fire season.

He estimated that 1926 spring conflagrations, eighty per cent of which were started by fishermen, "destroyed more game in two days than all the game poachers have killed in the same territory since game protection became a law."

Lind, in a report to his chief, told of the misfortune overtaking innumerable fawn, calf, moose and the smaller species. Scores of burned and maimed young deer and moose were found after the fire. Most of them had to be destroyed for lack of facilities to care for them in the isolated woods.

Taxi Drivers Strike In Portland Today

PORTLAND, Ore., July 30, (AP)—Taxicab companies were today making efforts to replace drivers who went on a hastily organized strike late yesterday. Ed Tonkin, manager of the Red Top, Brown and White, and Checkerboard taxis said that fewer than 50 men were out this morning and that all places will be filled within 24 hours. The drivers demanded a \$75 a month minimum wage with 10 per cent of the daily receipts added, and one day off a week. The wage has been 70 per cent of the daily receipts a minimum of \$75 a month being promised in case fares do not return that amount to the drivers.

Avoid Poorly Balanced Breakfasts

Start the day with Quaker Oats—food that "stands by you."

If you feel tired, hungry, "fidgety," hours before lunch, don't jump to the conclusion of poor health. Thousands have unenergetic mornings because they start the day with wrong breakfasts.

To feel right, you must have a well-balanced, complete breakfast ration. At most other meals—lunch and dinner—you get it. But breakfast is a hurried meal, often badly chosen.

Thus Quaker Oats, containing 16% protein, food's great tissue builder, 58% carbohydrate, its great energy element, plus all-important vitamins and the "bulk" that makes laxatives seldom needed, is the dietetic urge of the world today.

Don't deny yourself the natural stimulation this rich food offers you. Get Quaker Oats today. Grocers have two kinds: Quick Quaker, which cooks in 3 to 5 minutes, and Quaker Oats.

THIS MUST HUSTLE

For the second time in his major league career, Tris Speaker faces the prospect of falling below the 300 mark.

Despite a bad start this spring, which eventually led to Speaker taking himself out of the lineup in an effort to break the slump, he has worked under a serious handicap.

Of late he has been hitting the ball in old-time style and has gradually fattened his mark until he is now flirting with the charmed 300. Tris says he will be there by the middle of August.

In 1919, his fourth season with Cleveland, he was just three hits shy of the 300 mark, his average being .296. That is the only season he has been out of the select circle, his average for 19 years.

REDS FIND PUNCH

For several years the pitching staff of the Cincinnati Reds has been pointed out as the best in the majors, the big reason for the club being troublesome.

Now, good pitchers are not supposed to cut any figure at the bat but the National League averages reveal the fact that the members of the Cincinnati staff can help their pitching with a base hit punch.

Four of the Reds' pitching staff, Lonchus, Laque, Hisey and Lucas, beat better than .300 batting averages.

Until this year the Cincinnati team has been regarded by the experts as a pretty good defensive club, plus great pitching but lacking a batting punch.

Yet, during the greater part of the present season the Reds have topped the National League in batting. Without a doubt the fact that four of the pitchers have hit better than .300 has had much to do with it.

Incidentally, pitcher Lucas has starred in the role of pinch batter since performing capably on the rubber.

PORTLAND WINS FIGHT FOR FAIR RATE ON GRAIN

WASHINGTON, July 30, (AP)—The interstate commerce commission today ordered the Northern Pacific and other northwestern railroads to accord to Portland, Ore., millers the North Pacific terminal rates on grain moving via Portland to Puget Sound markets.

It was held that the present arrangement, whereby Tacoma, Seattle and Everett buy grain and grain products from similar sources as Portland, transit Tacoma and reforward the traffic to Portland on joint rate bases, was prejudicial to Portland competition. The defendants rails were ordered to remove the prejudice by October 1.

"MYSTERY" CLEARED

LOS ANGELES — The latest murder mystery has taken that A. look.

seek of human bones which has occupied the attention of detectives since 1920, two-fifths of those seeing room of an osteopath called being children under fifteen.

Billy Evans Says:

A REAL JINX
 Victory No. 12 has surely been a jinx for Pitcher Herb Pennock of the New York Yankees and Ted Lyons of the Chicago White Sox.

Lyons has found it even more difficult to reach and then pass than Pennock.

Winning 12 games was a comparatively easy job for the two stars, then trouble started.

Pennock, whose fine pitching has kept the Yankees in the race, after stumbling a couple of times, managed to put over his thirteenth victory.

It was far more difficult for him to add another victory and leave the supposedly unlucky 13 behind. It required five starts before he was able to turn the trick. In the meantime he suffered three defeats and had two other pitchers receive credit for games which he really deserved to win.

Lyons had plenty of woe adding victory No. 13 to his list and in bumping into even more trouble trying to leave the hoodoo figures behind.

PROMISING MIDDLEWEIGHT

ANENT TY COBB
 In this connection Ty Cobb's present mark of around .320 is considerably below his life-time average of .349 over a period of 21 years.

Cobb's batting eye is as good as it ever was, but his underpinning no longer has the speed of other days. Beating out bunts for base hits is no longer a part of Ty's program, also he is thrown out on many a ball to the infield that he would have easily beaten 10 years back.

I doubt if Cobb plays much more baseball this year. He realizes his legs have slowed up and that his work, he effected in the outfield as well as at the plate. He has a mark of better than .300 and should be content to hold it.

To hit better than .300 this year would enable Cobb to break one of the few batting records that are not held by him alone. He and Adrian Anson are tied at 29 years in which each batted .300 or better.

Why pay a small fortune for pipe tobacco?

THERE'S NO NEED to slap a mortgage on the old homestead every time you buy pipe tobacco. No sir! Not now, when Granger Rough Cut adorns the shelves of tobacco-shops everywhere.

A few years back, good tobacco *did* cost a fortune. In those days Granger, too, would have been expensive. But today, thanks to large-scale buying, new machinery and more economical packing, it's possible to sell this extraordinary tobacco most reasonably.

All ripe old Burley... the choicest pipe tobacco known to man. Mellowed by the same recipe that made Jim Wellman famous back about 1870. It's cut especially for pipes, too... in large flakes that burn slowly, and so (underline this) it *smokes cooler*... by several degrees!

Cool... spicy... mild... and mellow! No man ever smoked any better pipe tobacco. Not on this planet, anyhow!

Ladies and Gentlemen: Re-sent and read this little rhyme. It was composed by Alice S. Miller without any advice on our side.

Claud Pratt is very, very fat. But so is Santa Claus. He's filled with mirth Toward men (and women, too) of earth. He wants to be their friend, For he cuts prices until they bend.

He wants to see you all own a home. So call him at once by phone. His advice it is free; His laugh it would shake a tree, But his judgment is sound And he'll not cheat you a pound.

He sells lumber, paper and paint. Now please don't faint. Tho' his prices are low His movements not slow, He reaps ten per cent And he's the "poor man's friend," well meant.
