91 Couples Attend Oregon Dance

Ninety-one couples danced at the University of Oregon party given at the Elks' hall, Tuesday evening.

Although an invitation was extended to the older crowd, the attendance was drawn largely from the college circles. Oregon students and alumni from Baker, Union, Pendleton, Enterprise, Walla Walla and Joseph were among the out-of-town members. Several houseguests, including Miss Margaret Perkins of Baker, Miss Edith Shell and Miss Marie Murphy, of Walla Walla, who were in La Grande last night as guests of the Misses Thelma and Rita Belle Kitchen, were entertained.

Miss La Nina Gashell, of Inhaber, featured the Star Novelty orchestra's vibrant program with two soprano numbers, "As I Sit and Dream at Evening," an Oregon university song, and "Valencia." Patrons and patronesses for the party were Mr. and Mrs. Clyde Seltz and Mr. and Mrs. Charles Graham.

Between numbers the dancers were served emerald punch at a table provided over by Miss Barbara Hatt and Miss Jane Mae Harvey.

When the receipts were counted a clearance of about \$25 was found for a La Grande donation to the building fund of the university's fine arts hall. Miss Edith or Glass was chairman of the committee arranging the affair.

The dance will probably be the last college affair here until the students return for vacation at Christmas time.

Party Compliments Houseguest

Complimentary to their houseguest, Miss Lucile Gorenthamer, of Portland, Mrs. S. B. Morrison and her daughter, Miss Edith Gorenthamer, entertained at four tables of bridge at their home last evening.

Armfuls of goldfinches, arranged in baskets and vases, furnished a gay setting for the play. Besides the prize bestowed on the honoree, there were first and second honors, merited by Miss De-

Baked Vegetable Medley
Eight small onions, 2 cups green beans, 4 medium-sized tomatoes, 2 tablespoons butter, 1 tablespoon flour, 1 tablespoon salt, 1/4 teaspoon pepper, 1 tablespoon butter.

Cook onions and beans separately in boiling water to cover until tender. Scald and peel tomatoes and cook 15 minutes. Rub through a ped cooked meat can be added to tomato puree. Cook, stirring constantly until thick and smooth. Season with salt and pepper. Arrange onions in a well buttered baking dish. Add beans, filling spaces between the onions. Pour over tomato sauce and cover with buttered crumbs. Bake 20 to 30 minutes in a hot oven.

This is an excellent way to use up left-overs, but the combination is so good that it's worth keeping in mind for fresh vegetables. One to one and one-half cups of chop-popular western star have a decided sauce if wanted.

Questioned

guilt sections will be established if Congress follows the recommendations of the naval court of inquiry into the disastrous explosion June 10 at the Lake Denmark, N. J., depot.

The findings, which also recommended the repairing of Lake Denmark to accommodate such small explosives as may be stored there safely, have been approved by acting Secretary Robinson, who announced that immediate steps would be taken to carry out the recommendations. The court found that lightning alone was responsible for the explosion, which caused 23 known deaths and injury to 52 other persons, with two marine corps privates still listed as missing. The findings added that every known precaution had been taken at the station, particularly against lightning and that the conduct of officers and men of the navy and marine corps during and after the explosion had written another chapter of heroism in the annals of the navy. Decorations were recommended for a number of the personnel.

Damage \$17,000,000

The damage was placed at \$17,000,000 and the value of salvageable munitions at \$10,000,000. The court expressed the opinion that "in light of present knowledge the area of the Lake Denmark depot is too small and its situation too near inhabited land for the safe storage of more than small amounts of high explosives."

The board expressed the view that one of the two proposed new depots should be within 100 miles of the Pacific coast, with convenient railroad facilities to the Los Angeles-San Diego area, the San Francisco bay area, said to the Columbia river-Puget Sound region.

Recommend Safety Zone
The eastern depot would be accessible to the Atlantic and Gulf coasts and eastern naval magazines. Unoccupied safety zones of two miles about each were recommended.

The Best Of Everything

"It's perfectly beautiful!" exclaimed the visitor, looking raptly out to sea. "But, oh, my dear, what do you do for provisions, stores, shopping? You are miles away!"

"We have the best of everything!" said her hostess with positiveness. "During the summer a great many yachts, and ships of the Atlantic fleet, find anchorage near the fishing village over there. So the little general store keeps a complete stock of all the best brands—absolutely everything!"

The Best Brands! It was not necessary to specify products. Any woman of intelligence and good taste who reads the advertisements knows that there is a best brand for every commodity used in the household. And that brand is sufficient guarantee of excellence.
